To the Plan Administrator and Participants
Thos. S. Byrne, Ltd. 401(k) Savings and Investment Plan

We were engaged to audit the financial statements and supplemental schedule of the Thos. S. Byrne, Ltd. 401(k) Savings and Investment Plan as of December 31, 2011 and 2010 and for the years then ended, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the financial information certified by State Street Bank and Trust Company and JPMorgan Chase Bank, N.A., the Trustees of the Plan, except for comparing that information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that State Street Bank and Trust held the Plan's investment assets and executed investment transactions from June 26, 2010 to December 31, 2011, and that JPMorgan Chase Bank, N.A. held the Plan's investment assets and executed investment transactions for the period January 1, 2010 to June 25, 2010. The Plan Administrator has obtained certifications from the trustees, and their agents, as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but required by the United States Department of Labor's Rules and Regulations for reporting under ERISA. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for reporting under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Thos. S. Byrne, Ltd. 401(k) Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Thos. S. Byrne, Ltd. and related employers (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan was adopted to enable eligible employees to defer compensation and share in employer contributions and to save and invest funds for retirement.

All employees of the Company who are at least 21 years of age are eligible to participate except union employees, non-resident aliens, and leased employees. For purposes of receiving allocations of employer contributions (matching and discretionary) under the Plan, employees are eligible to participate on the first day of the month subsequent to the month of hire, as defined, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by a committee appointed by the Board of Directors of the Company. The duties of the committee are to oversee the operations of the Plan and to provide for prudent investment of Plan assets. Accordingly, the committee has been granted discretionary authority concerning investment and management activities.

Effective June 25, 2010, the Plan changed the trustee of the Plan from JPMorgan Chase, N.A. to State Street Bank and Trust.

Contributions

Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan, subject to the maximum contribution allowed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary profit sharing contributions to the Plan each year to be determined annually at the discretion of the Board of Directors. For the years ended December 31, 2011 and 2010, the employer contribution was $-0-.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and discretionary contributions, as well as the participant's share of the Plan's investment income, appreciation (depreciation), and any related administrative expenses. The benefit to which a participant is entitled is limited to the amount of the participant's vested account balance.

Vesting

Participants are vested immediately in their elective contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service. A participant is 100% vested after six years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest, which approximates fair value. Delinquent participant receivables are classified as distributions based upon the terms of the Plan document.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, may elect to receive a single lump-sum payment in cash or may elect to receive installments. However, a participant with an account balance of $5,000 or less may only receive a single lump-sum payment in cash. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of the hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeited nonvested accounts totaled $32,912 and $22,722 at December 31, 2011 and 2010, respectively. These accounts will be used to reduce future employer contributions or reallocated to participants in the same manner as employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid by the Company.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the Statements of Changes in Net Assets Available for Benefits.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. In addition, any material difference between the fair value of these investments and their contract value is to be presented as a separate adjustment line in the statement of net assets available for benefits, because contract value remains the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Invesco Stable Asset Trust (the "ISAT") is a collective trust established and maintained by Invesco National Trust Company, which invests the majority of its assets in synthetic guaranteed investment contracts ("SICs"). The primary investment objectives of the ISAT are to seek preservation of principal and provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The ISAT attempts to maintain a stable unit value of $1.00, however, there is no assurance that the value of the units in the ISAT will not fluctuate. The ISAT is considered to be fully benefit-responsive, and the investment contracts in the ISAT assure that payments will be made for participant directed withdrawals at contract value. In determining the net assets available for benefits, the ISAT is included in the accompanying financial statement at contract value, which represents contributions made under the contract plus earnings, less withdrawals and administrative expenses. For the year ended December 31, 2011, the average yield was 1.29%, and the average yield credited to participants in the ISAT was 1.72%. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The estimated fair value of the Plan's investments in the ISAT as of December 31, 2011 approximates contract value, and any difference between fair value and contract value is immaterial. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

The ISAT has purchased wrapper contracts from the insurance companies. The wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income investments; typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the fund for underlying investments). The issuers of the wrapper contracts provide assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero.

Certain events limit the ability of the ISAT to transact at contract value with the issuer. These events include termination of the Plan, a material adverse change to the provisions of the Plan, if the Plan elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. The events, described above that could result in the payment of benefits at market value rather than contract value, are not probable of occurring in the foreseeable future.

The wrapper contracts do not permit the issuers to terminate the contracts unless the Plan loses its qualified status, has incurred material breaches of responsibilities, or material and adverse changes occur to the provisions of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments Valuation and Income Recognition (continued)

The SSGA Stable Value Fund (the "Fund") is a diverse portfolio of bank, insurance company or synthetic investment contracts, short term investments or other collective investment fund. In determining the net assets available for benefits, the Fund is included in the accompanying financial statement at contract value, which represents contributions made under the contract plus earnings, less withdrawals and administrative expenses. As provided in current authoritative guidance, an investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive. The estimated fair value of the Plan's investments in the Fund as of December 31, 2010 approximates contract value, and any difference between fair value and contract value is immaterial. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31,:

(a) - Party-in-interest

During 2011 and 2010, the Plan's investments (including gains and losses on investments bought and sold during the year) appreciated (depreciated) in value by $(374,977) and $668,037, respectively, and is attributable to the investments in common/collective trusts and mutual funds.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures* (formerly FASB Statement No. 157), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Common/collective trusts: Valued based on information using the audited financial statements of the collective trust at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VAUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2011:

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31,

	2011	2010
Investments, at fair value:		
Mutual funds	$ 4,474,686	$ 5,345,413
Common/collective trusts	854,207	1,049,612
	5,328,893	6,395,025
Receivables:		
Notes receivable from participants	165,357	131,471
	$ 5,494,250	$ 6,526,496
Investment income		
Interest and dividends	$ 138,567	$ 70,785
Net appreciation in fair value	(374,977)	668,037
Total investment income	$ (236,410)	$ 738,832

6. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are due at various dates through November 2039. Payments include interest at a reasonable and fair rate based on the prevailing rates charges by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan. Notes receivable from participants are held at amortized cost which approximates fair value.

Participant notes earned interest of $7,221 and $7,381 for the years ending December 31, 2011 and 2010, respectively. Interest earned is allocated to participants on a pro-rata basis.

7. REPORTABLE TRANSACTIONS

During the years ended December 31, 2011 and 2010, there were no reportable transactions, investments acquired and disposed of during the Plan year, leases in default or classified as uncollectible, or non-exempt transactions with parties-in-interest that would require disclosure under DOL Rules and Regulations.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of common/collective trust funds managed by State Street Bank and Trust Company through their ADP Program. Therefore, these transactions qualify as party-in-interest transactions.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. TAX STATUS

The Company has adopted the Automatic Data Processing Prototype Non-Standardized 401(k) Plan. The Internal Revenue Service has issued an opinion letter dated March 31, 2008 stating that the plan is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500:

	2011	2010
Net assets available for benefits per the financial statements	$ 5,485,498	$ 6,514,330
Add: excess contributions payable	8,752	12,166
Net assets available for benefits per Form 5500	$ 5,494,250	$ 6,526,496
Net increase (decrease) in net assets available for benefits per the financial statements	$ (1,028,832)	$ 959,893
Less: excess contributions payable at end of prior year	(12,166)	(21,637)
Add: excess contributions payable at end of year	8,752	12,166
Net increase in net assets available for benefits per Form 5500	$ (1,032,246)	$ 950,422

12. NEW ACCOUNTING PRONOUNCEMENTS

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan's management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through August 31, 2012, the date the financial statements were available to be issued.
