DAVIDSON GROUP, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations

The Plan is a defined contribution profit-sharing plan covering eligible employees of Davidson Group, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting

The financial statements are reported using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan's common/collective trust fund's underlying assets include benefit-responsive investment contracts. The Statements of Net Assets Available for Benefits presents the adjustment of the fair value of the investment contracts held in the common/collective trust fund, from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are held by Hand Benefits & Trust Company and are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the statements of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Employer and employee contributions receivable at December 31, 2011 and 2010 are valued at cost, and represent contributions for the Plan years ended December 31, 2011 and 2010, which were received subsequent to year end.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are recorded at unpaid principal balance at year end plus any unpaid accrued interest. The Plan considers the notes receivable from participants fully collectible at year end; accordingly, no allowance for doubtful accounts is required. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE 2 DESCRIPTION OF PLAN

The following brief description of Davidson Group, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Financing of the Plan comes from employer and participant contributions and investment income. Rollover contributions by participants are permitted. Employer contributions are allocated using a nonintegrated (prorata) allocation formula. In no event will the employer plus employee elective deferral contributions exceed the maximum amount permitted by law. The Board of Directors of Davidson Chevrolet, Inc. determines annually, at its discretion, the total amount of employer contributions to be made to the Plan.

NOTE 2 DESCRIPTION OF PLAN (Continued)

Participants may contribute up to 50% of eligible pre-tax compensation as defined in the Plan, subject to maximum annual additions allowed by law. Participant's contributions of up to 2% of eligible pre-tax compensation qualify for an employer discretionary matching contribution, determined annually by the Board of Directors. For 2011 and 2010, the employer matched 100% of up to 2% of the eligible pre-tax compensation. Participants become 100% vested in employer contributions in their fifth year of service. Participants are always fully vested in their contributions to the Plan. There was no profit-sharing contribution for 2011 and 2010.

Forfeitures of matching contributions are reallocated as a discretionary matching contribution. Forfeitures of profit-sharing contributions are reallocated as an additional profit-sharing contribution. The total forfeitures for 2011 and 2010 were $6,175 and $2,741, respectively, which were all from matching contributions.

Benefit payments are made upon normal retirement, death, disability or termination of service. The benefits are paid in a lump-sum payment or distributed in installments in accordance with the Plan document. The Plan also allows hardship withdrawals. The Plan has a mandatory cash out provision if the participant terminates employment and his vested account balance does not exceed $5,000.

All investments are directed by the Plan participants. Participants may choose among sixteen mutual funds and one common/collective trust fund. The mutual funds are Fundamental Investors, Growth Fund of America, New Perspective Fund, SMALLCAP World Fund, Nuveen MC Growth Fund, PIMCO Total Return Fund, Cohen & Steers Real Estate, American Funds Money Market, Europacific Growth Fund, T. Rowe Price Retirement (2010, 2020, 2030, 2040), T. Rowe Price Retirement Income, Keeley Small Cap Value Fund and Columbia Mid Cap Value Fund. The common/collective trust fund is SEI Stable Asset Fund.

The Plan allows for participant loans. Participants may borrow from their accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans shall be for a fixed term of not more than five years, except a loan which shall be used to acquire any dwelling. If within a reasonable time the dwelling is to be used as the principal residence of the borrower, a longer repayment term may be allowed. The loans are collateralized by no more than 50% of the vested balance in the participant's account and bear interest at a rate determined reasonable based on interest rates charged for similar types of loans by other lendors. Only one loan is permitted at a time.

NOTE 2 DESCRIPTION OF PLAN (Continued)

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

NOTE 3 FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board authoritative guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010:

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

Common/Collective Trust Funds: Valued at net asset value of shares held by the Plan at year end as determined by its sponsor.

All assets have been valued using a market approach.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2011 and 2010:

		2011 Fair Value Measurements at Reporting Date Using the Above Criteria

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share or its equivalent at December 31, 2011 and 2010:

	Fair Value		Unfunded	Redemption
	2011	2010	Commitments	Restrictions
Common/Collective Trust	$ 87,707	$ 513,230	$ 0	None

The following provides a general description of the investment strategies for the above-noted investment:

Common/Collective Trust: The common/collective trust consists of SEI Stable Asset Fund (the Fund). The objective of the Fund is to provide high current income with the preservation of capital. To achieve this objective, the Fund diversifies its investments among guaranteed investment contracts (GICs) issued by major life insurance companies and money center banks and synthetic GICs. The synthetic GICs assist to improve the credit quality of the GIC portfolio and reduce the insurance company exposure.

NOTE 5 TAX STATUS

The Plan is an adoption of a prototype plan of its plan administrator, Benefit Plans Administrators. The Internal Revenue Service has determined and informed the trustee that the Plan is qualified, and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code.

The prototype plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements. The Plan's Federal informational returns for the years prior to 2008 are no longer subject to examination by the respective taxing authorities.

NOTE 6 SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

NOTE 6 SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE (Continued)

The Trustee, Hand Benefits & Trust Company, has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investment and notes receivable from participant assets, transactions, and income presented in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010 and the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010, and the supplemental schedule of assets held for investment as of December 31, 2011.

NOTE 7 CONCENTRATIONS OF CREDIT RISK

The Plan may invest in various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8 SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 8, 2012, the date on which the financial statements were available to be issued.
