1. Description of Plan

The following description of the Armor Correctional Health Services, Inc. 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution 401(k) plan covering certain employees of Armor Correctional Health Services, Inc. 401(k) Plan (the "Company") and became effective January 1, 2005. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Termination:

Although it has expressed no intention to do so, the Company retains the right to terminate the Plan. In the event of Plan termination, all amounts credited to participants' accounts become fully vested subject to the requirements of ERISA. The Company also retains the right to amend the Plan.

Eligibility:

Employees of the Company who have attained the age of 21 and are not per diem employees may participate in the Plan with 90 days of service required. Effective July 1, 2009 all employees, except those already participating in the Plan, are subject to automatic deferral provisions, whereby the Company automatically defers 1% of the participant's compensation.

Contributions and allocations:

Participants may contribute a portion of their salary or wages through payroll deduction contributions. Each participant is permitted to defer up to the maximum amount allowed by the Internal Revenue Code ("IRC") limited to $16,500 during 2011. Participants' contributions to the Plan are invested as directed by the participants. Brokerage fees incurred pursuant to participant-directed investments are paid solely with the funds from the individual account of the participant.

Each year, the Company may, at its discretion, contribute on behalf of each participant a matching contribution equal to a discretionary percentage of a participant's compensation contributed as an elective deferral contribution with respect to each plan year. In addition, the Company may, at its discretion, make a profit sharing contributions with respect to each plan year.

At the consent of the Company, the Plan allows employees to rollover amounts into the Plan from other qualified plans. The rollover contribution is permitted provided the trust from which the funds are to be transferred permits the transfer to be made and, in the opinion of the Company's legal counsel, such transfer will not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Company.

(continued)

1. Description of Plan (continued)

Benefits and vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in the Company's matching contributions plus actual earnings thereon, ratably based upon years of service. A participant is 100% vested after five years of service. However, in the event of termination of a participant's employment for death, for total or permanent disability, or upon attainment of the normal retirement age of 65 years, such participant's Company matching contributions shall immediately vest 100%.

Participants or their beneficiaries are eligible to receive distributions of their vested account balances upon retirement or other termination of employment. Distributions of benefits while the participant is still employed are permitted for rollovers of the account balances, after-tax distributions, financial hardship, as defined, or upon the attainment of age 59½. Participants or their beneficiaries will receive a lump sum payment.

Notes receivable from participants:

A participant may borrow a minimum of $500 not to exceed 50% of his or her vested account balance, subject to certain limitations. Notes are repayable through payroll deductions over periods ranging up to five years. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the loan. The range of interest rates on outstanding notes was 3.25% to 6.5% as of December 31, 2011.

2. Summary of Accounting Policies

The following are significant accounting policies followed by the Plan:

Basis of accounting:

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Accounting Policies (continued)

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based on the terms of the plan document.

Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

New Accounting Standards:

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS," which is intended to improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and International Financial Reporting Standards ("IFRS"). The amendments include two types: (i) those that clarify the Board's intent about the application of existing fair value measurement and disclosure requirements and (ii) those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The ASU is effective for annual periods beginning after December 15, 2011. The Plan is in the process of evaluating the impact of the adoption of this ASU on the Plan's financial statements.

Subsequent Events

The Plan's management evaluated subsequent events through October 4, 2012 which is the date that the financial statements were available to be issued.

3. Investments

The Company has entered into an agreement whereby Hartford Life Insurance Company (the "Trustee") has been appointed the Trustee of the Plan's assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan subject to the direction of a designated investment committee. The Company is the Plan's administrator and fiduciary. All investments are carried at fair value.

3. Investments (continued)

The following presents investments that represent five percent or more of the Plan's investments at December 31, 2011 and 2010:

	2011	2010
Franklin Templeton Moderate Target Fund	$ 1,483,310	$ 869,921
American Funds Growth Fund	225,917	196,662
Others (less than five percent)	1,787,972	1,276,786
	$ 3,497,199	$ 2,343,369

During 2011, the Plan's investments (including gains and losses on investments sold, as well as held during the year) depreciated in value by a net amount of $52,683.

4. Fair Value Measurements

In accordance with Accounting Standards Codification ASC 820, "Fair Value Measurements," ("ASC 820") for financial assets and liabilities, fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of inputs used to measure fair value are as follows:

Level 1	Quoted prices in active markets for identical assets or liabilities.
Level 2	Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
Level 3	Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

4. Fair Value Measurements (continued)

The following table summarizes financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2011 and 2010, segregated among the appropriate levels within the fair value hierarchy:

Description	Fair Value	Fair Value Measurements at December 31, 2011		
		Level 1	Level 2	Level 3
Assets:				
Money Market Funds	$ 118,623	$ 118,623	$	$ -

Specialty Funds	135,252	135,252	-	-
Total Investments, at fair value	$ 3,497,199	$ 3,497,199	$	$ -

Description	Fair Value	Fair Value Measurements at December 31, 2010		
		Level 1	Level 2	Level 3
Assets:				
Money Market Funds	$ 89,121	$ 89,121	$	$ -
Bond Funds	148,503	148,503	-	-
Balance Funds	982,759	982,759		
Target Date Funds	306,776	306,776	-	-
Large Cap Funds	425,854	425,854

International Fund	128,196	128,196	-	-
Specialty Funds	102,572	102,572	-	-
Total Investments, at fair value	$ 2,343,369	$ 2,343,369	$	$ -

The investments are mutual funds. Fair values for these investments are based on quoted prices in active markets and are therefore classified within Level 1 of the fair value hierarchy.

5. Information Certified by Custodian

All financial information contained in the Statements of Net Assets Available for Benefits as of December 31, 2011 and 2010, the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011, and the Schedule of Assets Held for Investment Purposes at End of Year has been certified as accurate and complete by the Trustee of the Plan.

6. Tax Status

The prototype plan received a favorable determination letter dated March 31, 2008. Although the Plan itself has not received a determination letter, the Company believes that the Plan was designed and operates in compliance with the applicable requirements of the IRC. Therefore, it believes that the Plan was qualified and the related trust was tax-exempt through the period from January 1, 2006 (inception) to December 31, 2011.

7. Administrative Expenses

The Company performs certain services for the Plan for which no fee is charged. Additionally, the Company paid approximately $6,100 of other expenses related to the administration of the Plan for 2011.

8. Forfeitures

Non-vested contributions which have been forfeited by employees due to termination of employment prior to achieving vested status on employer contributions are used to reduced future contributions by the Company. Forfeitures used to reduce employer contributions for the year ended December 31, 2011 approximated $3,900.

9. Related Party Transactions

Certain plan investments are shares of mutual funds managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services are included in administrative expenses on the statement of changes in net assets available for benefits.

10. Non – Exempt Prohibited Transactions

During 2010 and 2011 the Plan had incurred various operational errors relating to participant loans, including failure to transmit loan repayments to the Plan within the time period described in 29 CFR 2510.3-102. In addition, certain 2011 contributions were not submitted timely to the Plan. The Company corrected these errors by March 2011.
