NOTE 1: DESCRIPTION OF THE PLAN

General

The ICON RETIREMENT PLAN (the "Plan") was established January 1, 2005 as a defined contribution plan covering all of the eligible employees of Icon Information Consultants, LP (the “Company, or Plan Sponsor”) and related employers. Plan contributions commenced January 19, 2005. The Plan is a qualified plan as defined by Section 401(a) of the Internal Revenue Code and contains a provision for salary reduction contributions under Section 401(k) of the Internal Revenue Code. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

Employees of the Company are eligible to participate in the Plan following the completion of one month of service with the Company, provided the employee has attained age 18. Upon eligibility, employees are allowed to enter the Plan on January 15, April 15, July 15, or October 15.

Contributions

Employees may elect to contribute up to 80% of their annual compensation to the Plan, subject to Internal Revenue Service limitations, and may direct their contributions to various investment alternatives. The contribution limit applies to any calendar year and is adjusted annually by the Internal Revenue Service. For 2011 and 2010, the maximum contribution allowed for any employee was $16,500. Additionally, participants who attain age 50 during the plan year may make “catch up” contributions of up to $5,500 for 2011 and 2010.

Participants may also contribute amounts representing distributions transferred from other qualified plans.

Employees of the Company are eligible to receive discretionary employer contributions following the completion of one month of service for the discretionary matching and complete one year of service and be employed on the last day of the plan year with the Company in order to be eligible for the discretionary profit sharing contribution, provided the employee has attained age 18. Following eligibility, employees are allowed to receive employer contributions based on entry dates of January 1 and July 1. No discretionary employer contributions or profit sharing contributions were made during 2011 or 2010.

NOTE 1: DESCRIPTION OF THE PLAN *(Continued)*

Participant Loans

In accordance with the plan document, participants may borrow up to 50% of the vested balance of their account, subject to a maximum of $50,000. Notes receivable bear interest at reasonable interest rates and are secured by the participant's vested account balance. Participant loans are valued at amortized cost, which approximates fair value. Principal and interest is paid ratably through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's contribution and (b) investment income (less expenses). Income for each of the investment choices is allocated to the participants' accounts on a daily basis and is based on the relative units of participation. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Vesting and Payment of Benefits

All participant contributions vest immediately. Company matching and profit sharing contributions vest according to the following schedules:

Matching

Years of Service	Percentage Vested
0 - 1	0%
2	50%
3	100%

Profit Sharing

Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

If death or permanent disability occurs during employment, an employee's entire account becomes fully vested.

The normal retirement age under the Plan is 65, however, participants who have attained the age of 59 ½ may receive distributions during employment.

NOTE 1: DESCRIPTION OF THE PLAN *(Continued)*

Hardship distributions are also available to employees in limited circumstances. Distributions are required for employees over 70 ½ to meet the minimum distribution requirements of Internal Revenue Code regulations. Except for minimum distribution requirements, payments to retirees, employees or separated employees are generally paid in a lump sum. Separating participants may elect to rollover their account into another plan, as permitted by Internal Revenue Service regulations.

Forfeitures

Forfeitures of unvested balances are used to reduce Company contributions (if any) to the Plan, or to pay Plan expenses.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

Investments

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis.

Benefits

Distributions to participants are recorded when paid.

NOTE 3: FEDERAL INCOME TAXES

Under IRS Announcement 2001-77, if a volume submitter receives a favorable determination letter, an adopting Plan is no longer required to request its own determination letter regarding the tax-exempt qualification of the Plan. The Plan, as allowed by IRS regulations, intends to rely on its advisor rather than submit its own determination letters. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4: RELATED PARTY TRANSACTIONS

The Plan invests in pooled accounts that are managed by John Hancock, who is also the custodian for the Plan. During the years ended December 31, 2011 and 2010, the Plan paid John Hancock $30,226 and $35,896, respectively, in administration fees that are included in administrative expenses. The Plan believes the fees charged by John Hancock's pooled accounts and its administrative fees are not significantly different than those that would be charged by other companies engaged in managing pension assets.

NOTE 5: ADMINISTRATION AND INVESTMENTS

Administration

The Plan's investments are administered by John Hancock Life Insurance Company ("John Hancock"). Among other duties, John Hancock receives contributions, invests and reinvests the Plan's assets, collects income and makes distributions from the Plan's assets as directed by the Board of Directors of the Plan Sponsor.

The Plan pays for John Hancock's administration costs and the fees of other outside advisors. The Plan does not compensate the Plan Sponsor for its internal costs related to the administration of the Plan.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, John Hancock certified that the accompanying investment balance and income information for the years ended December 31, 2011 and 2010 was complete and accurate. Accordingly, the Plan's independent auditors did not perform any procedures with respect to this information, except comparing and reconciling such information to the financial statements.

NOTE 5: ADMINISTRATION AND INVESTMENTS *(Continued)*

Investments

The Plan's investment options, including those representing 5% or more of the Plan's invested assets as of December 31, 2011 and 2010, are summarized as follows:

Total Return Fund	4,514	18,940
Others	(24,261)	236,213
Total	$ (75,656)	$ 680,193

NOTE 6: RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investments securities, and are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that reductions in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements:

	2011	2010
Net assets, Form 5500	$ 8,915,099	$ 6,898,967
Contributions receivable	23,862	43,984
Refund of excess contribution payable	(46,036)	(3,394)
Other	(55)	(55)
Net assets, per statement of net assets available for benefits	$ 8,892,870	$ 6,939,502

NOTE 9: FAIR VALUE MEASUREMENTS

FASB ASC 820-10 provides standards and disclosures for assets and liabilities that are measured and reported at fair value. As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). FASB ASC 820-10 requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements. The statement requires fair value measurements be classified and disclosed in one of the following categories:

NOTE 9: FAIR VALUE MEASUREMENTS *(Continued)*

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Measured based upon inputs that are observable, either directly or indirectly, for the asset or liability other than quoted market prices included in Level 1 These inputs include: a) quoted prices for similar asset or liabilities in active markets b) quoted prices for identical or similar assets or liabilities in markets that are not active c) inputs other than quoted market prices that are observable and d) inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

Level 3: Measured based on unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. This input includes management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include management's own data.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Pooled separate accounts are stated at fair value as determined by observable Level 1 quoted pricing inputs or by quoted prices for similar assets in active or non-active markets. While some pooled separate accounts may have publicly quoted inputs (Level 1), the account values of separate accounts are not publicly quoted and are therefore classified as Level 2 investments.

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

NOTE 9: FAIR VALUE MEASUREMENTS *(Continued)*

The following table summarizes the valuation of the Plan's financial instruments by FASB ASC 820-10 pricing levels as of December 31, 2011 and 2010:

NOTE 10: UNCERTAIN TAX POSITIONS

The Plan did not have unrecognized tax benefits as of December 31, 2011 and does not expect this to change significantly over the next twelve months. In connection with the adoption of FASB ASC 740-10-25, the Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2011, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan remains subject to income tax examination for tax years 2008 and beyond.

NOTE 11: SUBSEQUENT EVENTS

Management evaluated the period from January 1, 2012 through September 20, 2012 which was the date the financial statements were available to be issued. The Plan noted no significant subsequent events.
