INDEPENDENT AUDITOR'S REPORT

To the Administrator of Perma-Seal Basement Systems, Inc Employee Retirement Plan

We were engaged to audit the financial statements of Perma-Seal Basement Systems, Inc Employee Retirement Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedules as of and for the year ended December 31, 2011 as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Trust Company of Illinois, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee of the plan is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PERMA-SEAL BASEMENT SYSTEMS, INC
EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the Perma-Seal Basement Systems, Inc ("Company") Employee Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have two months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute pretax annual compensation up to the maximum allowable under the Internal Revenue Code, as defined in the Plan. Eligibility to make elective deferrals of annual compensation requires two months of service with at least 160 hours of service in each month and attainment of age twenty-one. Participants may also make after-tax contributions to the plan effective July 1, 2011. The Company may make discretionary match contributions each year. Eligibility to share in discretionary match contributions require one year of service, attainment of age twenty-one, 1,000 hours of service annually and be employed by Perma-Seal Basement Systems, Inc at the plan year end. The Company may make discretionary profit sharing contributions to the plan in an amount the Company in its sole discretion may determine. Eligibility to share in discretionary profit sharing contributions require one year of service, attainment of age twenty-one, 1,000 hours of service annually, and be employed by Perma-Seal Basement Systems, Inc at the plan year end. Participants may also contribute amounts representing distributions for other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocation of company contribution(s), and allocation of Plan earnings, and reduced by an allocation of administrative expenses. Company discretionary nonelective contributions are allocated to each participant in the same ratio as his compensation bears to the total compensation of all participants. Company discretionary match contributions are allocated to each participant proportionate to the elective contributions made on behalf of each participant. Plan earnings are allocated based on the investment options chosen by each employee and their proportionate share of that investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their pre-tax and after-tax contributions plus actual earnings thereon. Company discretionary nonelective and company discretionary match contributions, if any, plus actual earnings thereon, vest at 20% per year after two years of service. Service is defined as 1,000 hours during the plan year.

NOTE A – DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid on the basis of level amortization and are paid ratably through payroll deductions.

Payment of Benefits: On termination of service due to death, disability or retirement, or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions are permitted from all accounts upon the participant's attainment of age 59 ½ and from elective deferrals upon hardship. In-service distribution amounts are limited to the participant's vested amount in the distributing account.

Forfeited Accounts: At December 31, 2011 and 2010, forfeited non-vested accounts totaled $989 and $0, respectively. Forfeited nonvested accounts are used first to reduce discretionary match contributions, then to reduce plan expenses.

Plan Amendments: Effective July 1, 2011, the Plan was amended. The amendment added a provision that allows employees to make after-tax contributions in addition to the pre-tax deferrals to the plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of any fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of American requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefit: Benefits are recorded when paid.

Expenses of the Plan: Expenses paid by the Plan during the years ended December 31, 2011 and 2010 were $17,742 and $15,894, respectively. The balance of plan expenses was paid by the employer.

Date of Management's Review: Subsequent events were evaluated through October 5, 2012, which is the date the financial statements were available to be issued.

NOTE C – INVESTMENTS

All assets of the Plan at December 31, 2011 and 2010 are held and administered by Trust Company of Illinois (see Note E). The following table presents investments at December 31, 2011 and 2010. Investments at fair value as reported by Trust Company of Illinois:

NOTE C – INVESTMENTS (continued)

During 2011, the plan's investments appreciated in value by $ (43,060).

NOTE D – FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilites in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a descripton of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Level 1 Fair Value Measurements: Mutual funds are valued at the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in all of their accounts.

NOTE G – DOL LIMITED SCOPE AUDIT

Trust Company of Illinois has certified to the accuracy of investment assets, transactions and income for the purpose of a DOL Limited Scope audit.

NOTE H – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2011 to Form 5500:

Net Assets available for benefits per financial statements	$1,581,419
Net Assets available for benefits per Form 5500	$1,581,419

The following is a reconciliation of benefits paid to participants per financial statements at December 31, 2011 to Form 5500:

Benefits paid to participants per financial statements	$ 123,480
Corrective distributions	$ (9,497)
Benefits paid to participants per Form 5500	$ 113,983

NOTE I – TAX STATUS

At December 31, 2011, the Plan is a Trust Company of Illinois Volume Submitter Defined Contribution Prototype Plan. The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with the Internal Revenue Code (IRC). The plan has been amended according to all rules and regulations. However, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K – UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE L – SUBSEQUENT EVENTS

No events have occurred subsequent to December 31, 2011, that are required to be disclosed in these financial statements. This evaluation was made as of October 5, 2012, the date these financial statements were available to be issued.
