Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
Johnson Controls, Inc. Pension Plans:

We were engaged to audit the accompanying statements of net assets available for benefits of the Johnson Controls, Inc. Pension Plans (the "Plans") as defined in Note 1, as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the year ended December 31, 2011 and the supplemental schedules as listed in the table of contents. These financial statements and supplemental schedules are the responsibility of the Plans' management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, the Plans' administrator instructed us not to perform, and we did not perform any auditing procedures with respect to the information summarized in Note 11 as of and for the years ended December 31, 2011 and 2010, which was certified by U.S. Bank, N.A., (the "Trustee" of the Plans), except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plans' administrator that the Trustee holds the Plans' investment assets and executes investment transactions. The Plans' administrator obtained certifications from the Trustee as of and for the years ended December 31, 2011 and 2010 that the information provided to the Plans' administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to and do not express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended.

JOHNSON CONTROLS, INC. PENSION PLANS
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2011 AND 2010

NOTE 1 – DESCRIPTION OF PLANS

The following description of Johnson Controls, Inc. Pension Plans (the "Plans") provides only general information. Participants should refer to the Summary Plan Description provided to all participants for a more complete description of the Plans' provisions.

GENERAL

The Plans are defined benefit pension plans that cover eligible employees of Johnson Controls, Inc. and designated affiliates (the "Company"). The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plans are administered by the Employee Benefit Policy Committee appointed by the Company. The Company has contracted with Aon Hewitt for plan administration.

Plans included in the financial statements are as follows (Plan numbers indicate Johnson Controls, Inc. Master Pension Trust ("Master Trust") account numbers, not Plan numbers filed with the Internal Revenue Service ("IRS")).

Name of Plan	Eligible Employees (Subject to Other Plan Requirements)

VESTING

Vesting is measured either by the hours of service or by elapsed time. The method used depends on the specific provision in each pension plan. Generally, after 5 years of vesting service, under either method, the employee's pension is 100% vested.

FUNDING POLICY

The Company's funding policy is to make contributions to the Plans in amounts that meet or exceed the minimum amounts required by ERISA. The Company's contributions for the years ended December 31, 2011 and 2010 met or exceeded the ERISA required minimum amounts.

Although it has not expressed any intention to do so, the Company has the right under the Plans to discontinue its contributions at any time and to terminate the Plans subject to the provisions set forth in ERISA.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plans, as allowed by the Plans' provisions, with all remaining expenses paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The accompanying financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

JOHNSON CONTROLS, INC. MASTER PENSION TRUST

The Company has entered into a master trust agreement with U.S. Bank, N.A. (the "Trustee"). Under the agreement, the Plans participate under a master trust arrangement whereby all the assets of the Plans are pooled and invested in one or more investment accounts.

The Master Trust holds investments in short-term securities, U.S. government securities, bonds, mutual and pooled equity funds, and common stocks as of December 31, 2011 and 2010.

The Company requires collateral at a minimum of 102% of the value of any securities lending transactions.

Each plan's interest in the investments of the Master Trust is evidenced by units of participation, as no plan has a right, title or ownership of any of the specific assets in the Master Trust. In accordance with the master trust agreement, net investment income or loss of the Master Trust is prorated to each participating plan in proportion to the number of units held by each plan. Plan participation in the Master Trust is adjusted as required to reflect benefit payments to the Plans' participants and for Company contributions.

The following represents the percentage interest in the Master Trust by plan:

	December 31,	
	2011	2010
Johnson Controls Pension (001)	72.1%	71.1%
Battery Division Hourly (016)	13.1%	13.2%
Johnson Controls Production (017)	5.5%	6.0%
TechnoTrim (046)	0.1%	0.2%
ASG Production (006)	0.3%	0.2%
JCIM US, LLC (035)*	0.3%	0.3%
York Plan 4 (018)	3.7%	4.0%
York Plan 6 (019)	0.1%	0.1%
York Plan 7 (020)	1.0%	1.0%
York Plan 12 (023)	0.4%	0.4%
York Plan 13 (024)	0.7%	0.8%
York Plan 14 (025)	0.2%	0.2%
York Plan 15 (026)	0.7%	0.7%
York Plan 18 (028)	0.6%	0.6%
York Plan 19 (029)	0.8%	0.8%
York Plan 23 (031)	0.4%	0.4%
Total	100.0%	100.0%

*The JCIM US, LLC plan, which is included in the Master Trust, has a June 30 year end. As such, a separate report is prepared for each plan year.

The statements of financial position as of December 31, 2011 and 2010 and the statement of operations and changes in participating Plans' equity of the Master Trust for the year ended December 31, 2011 are presented in Note 9.

RECLASSIFICATION

Certain reclassifications have been made to the prior year financial statements to conform with the current year presentation.

DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through September 7, 2012, the date which the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

Assets of the Plans, with the exception of the pension overpayment receivable and accrued administrative expenses as shown in the statements of net assets available for benefits, investment income as shown in the statements of changes in net assets available for benefits, and the Master Trust financial information

appearing in Note 9, have been derived from information prepared and certified as complete and accurate by the Trustee, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributable under the Plans' benefit provisions based on employees' years of service. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. The actuarial assumptions used for the January 1, 2011 and 2010 valuations are based on the Standard Unit Credit Cost Method for all Plans. The current actuarial assumptions are based on the presumption that the Plans will continue. If the Plans were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an actuary from Aon Hewitt.

The significant actuarial assumptions used in the valuations at January 1, 2011 and 2010 were:

Description	Assumption	
Retirement Age	Varies based on the probability of retirement at social security retirement age of 65 to 67, with 100% at age 70.	
Mortality Rates	2011: 2011 Static Mortality Table for annuitants and non-annuitants. 2010: 2010 Static Mortality Table for annuitants and non-annuitants.	
Withdrawal Rates	A graduated scale from higher to lower as years of service increase.	
Disability Rates	A graduated scale from lower to higher as age advances.	
Interest Rates	2011: Based on segment rates with a four month lookback (as of September 2010), as follows: 1st Segment Rate – 3.78% 2nd Segment Rate – 6.31% 3rd Segment Rate – 6.57%	2010: Based on segment rates with a four month lookback, as follows: 1st Segment Rate – 5.03% 2nd Segment Rate – 6.73% 3rd Segment Rate – 6.82%

NOTE 5 – TAX STATUS

The Company has received favorable determination letters from the IRS as to the qualified status of the Plans under the Internal Revenue Code ("IRC") and these plans are, therefore, exempt from federal income taxes. Some of the Plans have been amended since receiving the determination letters. However, the Plan

administrator believes that all the Plans are currently designed and being operated in compliance with applicable requirements of the IRC.

U.S. GAAP requires the Plans' management to evaluate tax positions taken by the Plans and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The plan administrator has analyzed the tax positions taken by the Plans, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress

NOTE 6 – PLAN TERMINATION

The Company anticipates and believes the Plans will continue without interruption but reserves the right to discontinue any plan at any time in accordance with the respective plan provisions and provisions set forth in ERISA. In the event of a plan termination or permanent discontinuance of contributions to a plan, the assets of the plan will be distributed in accordance with the requirements of 29 CFR 4044 of ERISA.

Certain benefits under the Plans are insured by the Pension Benefit Guaranty Corporation ("PBGC"), a U.S. government agency, in the event of Plan termination. The net assets of the Plans will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Benefits attributable to employee contributions, taking into account those paid out before termination.
2. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plans. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
3. Other vested benefits insured by the PBGC up to the applicable limitations.
4. All other vested benefits (not insured by the PBGC).
5. All non-vested benefits.

Certain benefits under the Plans are insured by the PBGC if the Plans terminate. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plans, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plans are guaranteed at the level in effect on the date of the Plans' termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2012, that ceiling is $4,653 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants, or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should a plan terminate at some future time will depend on the sufficiency, at that time, of the plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan's sponsor and the level of benefits guaranteed by the PBGC.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Transactions involving the account administered by the Trustee and the funds of the investment managers for the Plans are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plans' investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee compensation and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the value of accumulated plan benefits.

NOTE 10 – FAIR VALUE MEASUREMENTS

ASC 820, "Fair Value Measurements and Disclosures," defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a three-level fair value hierarchy that prioritizes information used in developing assumptions when pricing an asset or liability as follows:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and

Level 3: Unobservable inputs where there is little or no market data, which requires the reporting entity to develop its own assumptions.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011

Total assets at fair value	$ 2,319,378,883	$ ---	$ 286,744,329	$ 2,606,123,212

Following is a description of the valuation methodologies used for assets measured at fair value:

Fixed Income Fund: The fair value for the Fixed Income Fund is determined by indirect quoted market prices. The value of the fund is not published, but the investment manager reports daily the underlying holdings. The underlying holdings are direct quoted market prices on liquid and regulated financial exchanges.

Equity Investments: The fair value for the Equity Investments is determined by indirect quoted market prices. The value of the fund is not published, but the investment manager reports daily the underlying holdings. The underlying holdings are direct quoted market prices on liquid and regulated financial exchanges.

Investment in Real Estate: The fair value for the investments in the Invesco and Morgan Stanley Real Estate Funds are valued by the fund managers, Invesco and Morgan Stanley Private Real Estate, respectively. Invesco and Morgan Stanley value the investment the same way as other stocks that trade on organized public exchanges. The prices of the shares represent the present values of expected future rent income. Assumptions used to revalue the properties are updated

every quarter and independent valuations are obtained to support valuation models. Rockwood Capital is in the early stages of funding, and therefore properties are currently recorded at cost. The partnership manager regularly updates valuations to ensure the carrying value approximates the fair value. The Company believes this is the appropriate methodology to obtain the fair value of the assets. In determining the value of the interest in real estate properties of the Invesco Core Real Estate Fund and the Morgan Stanley Prime Property Fund, all properties are valued on a quarterly basis by independent appraisers.

Hedge Fund: The fair value of the Hedge Fund is accounted for by Union Bancaire Privée's trustee and custodian, Citibank. Citibank obtains valuation from underlying managers based on market quotes for the most liquid assets and alternative methods for assets that do not have sufficient trading activity to derive prices. The Company and Union Bancaire Privée reviewed the methods used by the underlying managers to value the assets held at Citibank. The Company believes that the appropriate methodology is used to obtain valuations that are as close as possible to the fair value of the assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plans believe the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair values of other assets and liabilities approximate their carrying values.

The table below sets forth a summary of changes in the fair value of the Master Trust's Level 3 assets for the years ended December 31, 2011 and 2010:

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
