ThyssenKrupp Budd Company Preferred
Savings and Investment Plan

We were engaged to audit the financial statements and supplemental schedule of ThyssenKrupp Budd Company Preferred Savings and Investment Plan (the "Plan") as of December 31, 2011 and 2010 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained certifications from the Trustee as of December 31, 2011 and 2010 and for the years then ended that the information provided to the plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ThyssenKrupp Budd Company Preferred Savings and Investment Plan

Notes to Financial Statements December 31, 2011 and 2010

Note 1 - Plan Description

The following brief description of ThyssenKrupp Budd Company Preferred Savings and Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by ThyssenKrupp Budd Company (the "Company") covering all salaried employees of the Company other than employees covered by a collective bargaining agreement or who are in a job classification covered by another qualified defined contribution plan. The Plan also covers hourly employees at the Company's Hopkinsville Plant (Hopkinsville), hourly employees of The Budd Tallent Company, LLC (Budd Tallent), and employees of ThyssenKrupp USA, Inc. Employees are eligible to participate in the Plan as of the employment commencement date. Employee participation in the Plan is voluntary. The Plan's investments are managed by the trustee, Fidelity Management Trust Company (Fidelity or the "Trustee"), and disbursed to specific investment option offerings in proportions directed by each participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of December 1, 2006, employees at Hopkinsville and Budd Tallent are no longer eligible for participation in the Plan. During 2006, the Company either sold or closed all of its operating facilities.

Contributions - Employee contributions represent a percentage of each eligible participant's pretax or after-tax earnings as defined in the plan agreement and are subject to the limits imposed by the Internal Revenue Code. Participants are immediately vested in their employee salary and rollover contributions plus actual earnings thereon.

The Plan provides for Company-matching contributions of 100 percent of the first 5 percent of the participants' contributions. Additional participant contributions beyond 5 percent are not matched by the Company.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company-matching contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Preferred Savings and Investment Plan

Notes to Financial Statements

December 31, 2011 and 2010

Note 1 - Plan Description (Continued)

Vesting - Participants are immediately 100 percent vested in their elective deferrals, rollover contributions, and Company contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts prior to January 1, 2008, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company at 25 percent after two years of service and another 25 percent per year thereafter until becoming fully vested after five years of service.

As of 2006, the Plan was considered partially terminated due to a substantial reduction in the number of plan participants. Accordingly, all participants affected by the partial termination became 100 percent vested in their entire account balances during 2006.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments in accordance with plan provisions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Participant notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan agreement. Hardship withdrawals are completed by the participant either electronically or by phone.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions. At December 31, 2011 and 2010, forfeited account balances totaled \$42,819 and \$22,994, respectively.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the Trustee shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Participants are 100 percent vested upon termination of the Plan.

ThyssenKrupp Budd Company

Preferred Savings and Investment Plan

Notes to Financial Statements

December 31, 2011 and 2010

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Fidelity or its affiliates. Since Fidelity is the trustee of the Plan, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Certain administrative expenses of the Plan are paid by the Company, and qualify as party-in-interest transactions as well.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. The fair value of the Plan's interest in the TKUSA Defined Contribution Master Trust (the "Master Trust") is based on the beginning value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses (see Note 4). The common collective trust fund that invests in fully benefit-responsive investment contracts (commonly known as a stable value fund) is adjusted to contract value in the financial statements. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the common collective trust fund is based on discounting the related cash flows of the underlying guaranteed investment contracts based on current yields of similar instruments with comparable durations. The pooled separate accounts are valued at the net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. All other investments are valued based on quoted market prices. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Preferred Savings and Investment Plan

Notes to Financial Statements

December 31, 2011 and 2010

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 1, 2012, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements, including Master Trust information included in Note 4, are based solely on information provided by the Trustee.

Note 4 - Interest in Master Trust

The Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and several other ThyssenKrupp USA, Inc. sponsored benefit plans. Each participating plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by Fidelity Management Trust Company. At December 31, 2011 and 2010, the Plan's interest in the net assets of the Master Trust was approximately 9 percent and 10 percent, respectively. Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual plans based upon their pro rata share in the investments of the Master Trust. The participants may elect to have a percentage of their contributions allocated to one or more of the funds.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Master Trust's assets measured at fair value on a recurring basis at December 31, 2011 and 2010 and the valuation techniques used by the Master Trust to determine those fair values.

Note 5 - Fair Value Measurements (Continued)

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

- (1) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures. There are no unfunded commitments or redemption notice requirements with this class.
- (2) This class represents investments in an actively managed common collective trust fund that invests primarily in investment contracts, a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, and wrapper contracts. The common collective trust fund has certain limitations on withdrawals and exchanges as follows:

Participant-directed - Withdrawals made in order to accommodate distributions to participants or transfers to noncompeting investments may be made on any business day. Transferred amounts must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.

Nonparticipant-directed - Withdrawals directed by a plan sponsor must be preceded by a 12-month written notice to Fidelity Management Trust Company (Fidelity). Fidelity, however, may, in its discretion, complete any such plan-level withdrawal before the expiration of such 12-month period. No such notice has been given to Fidelity.

There are no unfunded commitments or other redemption notice requirements with this class.

The Master Trust's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2011 and 2010.

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes it is no longer subject to tax examinations for years prior to 2008.
