December 31, 2011 and 2010

Plan Description

The following description of the Lang Masonry Contractors, Inc. (the Company) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined contribution plan covering employees of the Company who have completed service on prevailing wage projects performed by the Company, are non-union, non-leased, non-resident aliens and are age 18 or older. Upon reaching the eligibility requirements of the Plan, employees are automatically enrolled in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

Contributions to the Plan are employer prevailing wage contributions. Prevailing wage contributions are based on hourly prevailing wages paid to participants for projects which require prevailing wages. Participant contributions are not permitted under the plan agreement.

Participant Accounts

Each participant's account is credited with the participant's employer prevailing wage contribution and the participant's share of Plan earnings there on. Each participant's account is charged with an allocation of administrative expense. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employer prevailing wage contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their individual accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must be repaid within five years unless the loan is granted to allow the participant to purchase his or her principal residence. The loans are secured by the balance in the participant's account and bear interest at 4.25%. Principal and interest are paid ratably through weekly payroll deductions.

Plan Description (continued)

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant's vested account balance shall be distributed pursuant to elections determined by the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or monthly installments. The Plan also provides for in-service distributions of a participant's vested interest in his or her account for employees who reach age 59 ½ while still employed with the Company. The Plan allows for hardship withdrawals as long as the withdrawals are for certain use as outlined in the plan document.

Administrative Expenses

Expenses incurred in connection with the administration of the Plan are paid from assets of the Plan to the extent not paid by the Company.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the "Fair Value Measurements" footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date and interest is recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Accounting Pronouncement to be Adopted

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards* (IFRS) (ASU 2011-04). ASU 2011-04 amended Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures*, to provide a consistent definition on fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRSs. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Information Prepared and Certified by Investment Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by Mid Atlantic Trust Company, the trustee of the Plan. Assets that represent 5% or more of the Plan's net assets are separately identified.

	<u>2011</u>	<u>2010</u>
<i>Mutual Funds:</i>

Others	<u>14,347</u>	<u>138</u>
Total	<u>\$ 179,443</u>	<u>\$ 99,966</u>

* The fair value of this investment did not represent 5% or more of the Plan's net assets as of the specified date.

The trustee also certified to the completeness and accuracy of \$4,415 of net depreciation in fair value of investments and interest and dividend income of \$3,122 related to the aforementioned investments for the year ended December 31, 2011.

Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Notes to Financial Statements

December 31, 2011 and 2010

Fair Value Measurements (continued)

Mutual Funds: Valued at the quoted net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

December 31, 2011

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds:				
Balanced Funds	<u>\$ 179,443</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 179,443</u>

December 31, 2010

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds:				
Balanced Funds	<u>\$ 99,966</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 99,966</u>

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Tax Status

Effective May 1, 2010, the Company adopted a Master Non-standardized Profit Sharing Plan and Trust with CODA that received a favorable opinion letter from the Internal Revenue Service (IRS) on January 31, 2006, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not been amended since adoption. Therefore, no provision for income taxes has been included in the Plan's financial statements.

LANG MASONRY CONTRACTORS, INC.
RETIREMENT PLAN

Notes to Financial Statements

December 31, 2011 and 2010

Tax Status (continued)

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Party-in-Interest Transactions

The Plan pays certain administrative expenses to Mid Atlantic Trust Company, the Plan trustee, and a third party administrator (TPA). Therefore, these transactions qualified as party-in-interest. Total administrative expenses paid to parties-in-interest were \$19,065 in 2011.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the accompanying 2011 statement of net assets available for benefits.
