I. Description of Plan

The following description of the Energy Air, Inc. (the "Company) 401(k) Plan provides only general information. Participants should refer to the Plan agreement and related Plan amendments for a more complete description of the Plan's provisions.

General

The Plan, established and effective October 1, 1995, and subsequently amended, is a defined contribution plan (profit sharing). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Energy Air, Inc. is the Plan "Sponsor" and also the "Plan Administrator".

The Plan provides for various investment options through its participation in various mutual funds and other investment securities. The Plan is an ERISA 404(c) plan, with participants having the opportunity to direct the investment of all the assets allocated to their individual accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level on uncertainty related to changes in the value of investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

All non-excluded employees of the Company who have attained age 21 and have completed one year of service are eligible to participate in this Plan.

Participant Contributions

Commencing January 1, 2011, eligible participants could contribute up to $16,500 of pretax annual compensation (salary reduction), subject to certain IRS limitations, and could contribute up to $5,500 of pretax annual compensation (salary reduction) as Catch-up additional deferral, subject to certain IRS limitations. The contribution limitation for 2012 is $17,000. For 2012, the Catch-up additional deferral remains at $5,500, for a total allowable pre-tax contribution of $22,500.

Employer Contributions

The Company will contribute (match) 25% of the participant's salary reduction contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of employer matching contributions and Plan earnings (losses). Allocations of Plan earnings (losses) are allocated based on specific identification to the participant's

account, and any allocation of Plan earnings (losses) not specifically identified would be allocated based on the participant's account balances, as defined in the Plan.

Vesting

Participant's are immediately vested in their contributions plus earnings thereon. Vesting in the Employer matching contributions are incrementally vested over six years of credited service. There is zero vesting for the first year of credited service, then 20% for each year thereafter. Participant's are immediately 100% vested upon reaching normal retirement age, death, total disability or termination of the Plan.

Payment of Benefits

Upon attainment of normal retirement age, death, disability, or termination of service, a participant or his/her beneficiary may elect to receive a lump-sum distribution amount, subject to IRS limitations and requirements.

Forfeited Accounts

At December 31, 2011, there was $5,205.61 in the plan's forfeited non-vested accounts of matching contributions. Forfeited balances, if any, of terminated participants non-vested matching contribution accounts may be used to reduce current or subsequent years employer contributions, or may be used to offset Plan administration fees.

Participant Loans

Participant Loans are not permitted under the Plan

II. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. Under the accrual basis, receivables and accrued expenses are recorded, and investments are stated at market value.

Valuation of Investments

The Plan invests in mutual funds and securities. These investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds and other securities are valued at the net asset value of shares held by the Plan at year-end.

The Plan presents, in the statement of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of its investments, which consists of dividends earned, the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

III. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31:

	2011	2010
John Hancock Lifestyle Growth Fund	$ 805,244	$ 752,823
John Hancock Aggressive Fund	136,631	130,902
John Hancock Lifestyle Moderate Fund	114,728	123,648
John Hancock Lifestyle Balanced Fund	73,797*	98,672

* The investment in the John Hancock Lifestyle Balanced Fund was more than 5% of the Plan's net assets at December 31, 2010, but had decreased to less than 5% at December 31, 2011.

V. Related Party Transactions

There are no transactions which would qualify as party-in-interest.

VI. Income Tax Status

The Company has adopted a prototype plan. The Internal Revenue Service has determined and informed the Company that the Plan is designed in accordance with Internal Revenue Code. The Plan has been amended since receiving the original favorable determination and has received favorable determination of the amendments. The Plan has been operated in accordance with Internal Revenue Code and ERISA and therefore, will be considered exempt from federal income taxes. Accordingly, income taxes have not been provided for in the accompanying financial statements.

VII. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

I. Description of Plan

The following description of the Energy Air, Inc. (the "Company) 401(k) Plan provides only general information. Participants should refer to the Plan agreement and related Plan amendments for a more complete description of the Plan's provisions.

General

The Plan, established and effective October 1, 1995, and subsequently amended, is a defined contribution plan (profit sharing). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Energy Air, Inc. is the Plan "Sponsor" and also the "Plan Administrator".

The Plan provides for various investment options through its participation in various mutual funds and other investment securities. The Plan is an ERISA 404(c) plan, with participants having the opportunity to direct the investment of all the assets allocated to their individual accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level on uncertainty related to changes in the value of investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

All non-excluded employees of the Company who have attained age 21 and have completed one year of service are eligible to participate in this Plan.

Participant Contributions

Commencing January 1, 2011, eligible participants could contribute up to $16,500 of pretax annual compensation (salary reduction), subject to certain IRS limitations, and could contribute up to $5,500 of pretax annual compensation (salary reduction) as Catch-up additional deferral, subject to certain IRS limitations. The contribution limitation for 2012 is $17,000. For 2012, the Catch-up additional deferral remains at $5,500, for a total allowable pre-tax contribution of $22,500.

Employer Contributions

The Company will contribute (match) 25% of the participant's salary reduction contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of employer matching contributions and Plan earnings (losses). Allocations of Plan earnings (losses) are allocated based on specific identification to the participant's

account, and any allocation of Plan earnings (losses) not specifically identified would be allocated based on the participant's account balances, as defined in the Plan.

Vesting

Participant's are immediately vested in their contributions plus earnings thereon. Vesting in the Employer matching contributions are incrementally vested over six years of credited service. There is zero vesting for the first year of credited service, then 20% for each year thereafter. Participant's are immediately 100% vested upon reaching normal retirement age, death, total disability or termination of the Plan.

Payment of Benefits

Upon attainment of normal retirement age, death, disability, or termination of service, a participant or his/her beneficiary may elect to receive a lump-sum distribution amount, subject to IRS limitations and requirements.

Forfeited Accounts

At December 31, 2011, there was $5,205.61 in the plan's forfeited non-vested accounts of matching contributions. Forfeited balances, if any, of terminated participants non-vested matching contribution accounts may be used to reduce current or subsequent years employer contributions, or may be used to offset Plan administration fees.

Participant Loans

Participant Loans are not permitted under the Plan

II. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. Under the accrual basis, receivables and accrued expenses are recorded, and investments are stated at market value.

Valuation of Investments

The Plan invests in mutual funds and securities. These investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds and other securities are valued at the net asset value of shares held by the Plan at year-end.

The Plan presents, in the statement of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of its investments, which consists of dividends earned, the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

III. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31:

	2011	2010
John Hancock Lifestyle Growth Fund	$ 805,244	$ 752,823
John Hancock Aggressive Fund	136,631	130,902
John Hancock Lifestyle Moderate Fund	114,728	123,648
John Hancock Lifestyle Balanced Fund	73,797*	98,672

* The investment in the John Hancock Lifestyle Balanced Fund was more than 5% of the Plan's net assets at December 31, 2010, but had decreased to less than 5% at December 31, 2011.

V. Related Party Transactions

There are no transactions which would qualify as party-in-interest.
