As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by DWS Trust Company, the trustee of the Plan's assets, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Cacique, Inc. Profit Sharing / Salary Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees of Cacique, Inc. and affiliated companies (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Cacique, Inc. is the Plan's sponsor and serves as Plan administrator.

Eligibility

Each employee is eligible to participate immediately after the attainment of age 18 and the completion of 90 days of service. Upon the participant's eligibility, the participant is automatically enrolled in the Plan with automatic deferral at 3% of compensation, unless the participant makes a contrary election.

Contributions

Each year, participants may contribute up to 60% of their pretax annual compensation, as defined by the Plan, in an amount not in excess of the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have reached age 50 as of the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their separate accounts into various investment options offered by the Plan. The Plan currently offers several investment options for participants. The Company contributes a matching contribution equal to 100% of the first five percent of a participant's eligible compensation. This matching contribution is reduced to 50% of the first five percent for highly compensated participants. In addition, the Company may, at the directive of its board of directors or its stockholders, make a discretionary contribution annually. Eligible participants who are employed on the last day of the Plan year share in the discretionary contribution. The Plan sponsor's discretionary contributions to the Plan are allocated to each participant's account in the ratio of the participant's eligible annual compensation to the total eligible annual compensation paid to all eligible participants. The Company's discretionary contributions amounted to $57,573 for the year ended December 31, 2011.

Participant accounts

Separate accounts are maintained for each participant. Each participant's account is credited with his or her salary deferral contribution, an allocation of the Company's contribution and investment earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on continuous years of service. The vesting schedule is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Years of service includes all years the participant has worked for the Company, regardless of the participant's date of enrollment in the Plan. In the event a participant becomes totally and permanently disabled, the value of the participant's account becomes fully vested. The value of the participant's account becomes fully vested upon the earlier of the participant's 65th birthday or death, provided the participant is an employee as of such date.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans to participants are collateralized by the participant's vested account balance and are subject to interest charges. Loan terms range from one to five years, except for loans used for the purchase of a primary residence, which range from one to ten years. Interest rates applicable to participant loans are determined by the Plan administrator. Loans outstanding at December 31, 2011 bear interest at rates ranging from 4.25% to 9.25% and mature through October 2018. Principal and interest is paid through payroll deductions.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account or a distribution under a systematic withdrawal plan.

Forfeited accounts

Non-vested Company contributions forfeited by participants upon termination are allocated to remaining participant accounts in the ratio of the participant's eligible annual compensation to the total eligible annual compensation paid to all eligible participants. For the year ended December 31, 2011, at the discretion of the Plan sponsor, the forfeitures account as of December 31, 2011 of $42,427 was allocated to participants in the Plan.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Hardship withdrawals

During the Plan year, the Plan Sponsor executed two amendments affecting certain terms related to hardship withdrawals. The amendments re-defined the designated contribution sources a participant could elect to withdraw from. Amendment one, effective September 1, 2010, allowed for a participant to withdraw a portion or all of the vested balances of their individual account that is attributable to the participant's tax-deferred compensation, employer matching contributions, and employer discretionary contributions. Amendment two, effective August 1, 2011, allowed for a participant to withdraw only a portion or all of the balances of their individual account that is attributable to the participant's tax-deferred compensation (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits

Benefits are recorded when paid. As of December 31, 2011, there were no benefits payable to separated participants who had requested withdrawal.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Plan expenses

The majority of costs and expenses of administering the Plan are allocated and charged to participant accounts.

Excess contributions payable

Excess contributions payable represent amounts refunded to participants after year-end to comply with regulatory contribution limitations.

NOTE 3 - INVESTMENTS

The Plan assets are held by DWS Trust Company, the trustee of the of the Plan's assets (the "Trustee"), pursuant to the Trustee Agreement which provides that all funds received by the Trustee shall be held, administered, invested and distributed by the Trustee, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

Investments in excess of 5% of Net Assets Available for Benefits as of December 31 are as follows:

	2011	2010
Invesco Stable Asset Trust Fund (at contract value)	$ 3,979,046	$ **
Fidelity Spartan 500 Index Fund	970,250	1,024,546
MFS Massachusetts Investors Growth Stock Fund	955,407	1,011,264
Fidelity Dividend Growth Fund	764,773	882,718
Morgan Stanley Mid Cap Growth Fund	692,976	871,129
SSGA U.S. Bond Index Fund	***	857,580
SSGA Stable Value Fund (at contract value)	*	4,419,288

* This fund was not an investment option at December 31, 2011.
** This fund was not an investment option at December 31, 2010.
*** This fund did not represent at least 5% of net assets at December 31, 2011.

In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net depreciation in the fair value of investments of $375,456, which consists of realized gains or losses and unrealized market value change of investments.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820, *Fair Value Measurements and Disclosures,* defines fair value and establishes a framework for the measurement of fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

The Plan classified its investments as of December 31, 2011 and 2010 based upon an established fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

Inputs are classified into the following hierarchy based on the level of judgment used to measure their fair value:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported in the active market in which the individual securities are traded.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Collective trust funds: The collective trust funds as of December 31, 2011 consist of the SSGA U.S. Bond Index Fund and the Invesco Stable Asset Trust Fund. During 2011, the Plan transferred the funds from the SSGA Stable Value Fund, held as of December 31, 2010, to the Invesco Stable Asset Trust Fund. The fair value of the Plan's interest in the SSGA U.S. Bond Index Fund and SSGA Stable Value Fund (at December 31, 2010) is based upon the net asset value of such fund reflecting all investments at fair value, as reported by State Street Bank and Trust Company ("State Street"), the trustee of the fund. The fair value of the Plan's interest in the Invesco Stable Asset Trust Fund is based upon the net asset value of such fund reflecting all investments at fair value, including interests in fully benefit-responsive contracts, as reported by Invesco National Trust Company, the trustee of the fund. The collective trust funds are classified as Level 2 of the fair value hierarchy.

The Invesco Stable Asset Trust Fund is a collective trust fund that seeks to preserve principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Invesco Stable Asset Trust Fund invests primarily in affiliated and unaffiliated collective trusts, guaranteed investment contracts, and short term investments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Investments held by the Invesco Stable Asset Trust Fund are fully benefit–responsive. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Contract value for investments in bank, insurance company and other financial institution investment contracts is equal to the principal balance plus accrued interest.

For the Invesco Stable Asset Trust Fund, the average yield based on actual income was approximately 1.29% for the year ended December 31, 2011. The average yield based on interest rates credited to participants was approximately 1.72% for the year ended December 31, 2011.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Collective trust funds (continued): On February 28, 2012 the trustee's fiduciary committee of the SSGA U.S. Bond Index Fund formalized and approved the decision to merge the fund into another collective investment trust or series thereof maintained by State Street which has characteristics consistent with the fund's overall investment objective and will subsequently terminate the fund in 2012.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following unaudited information in the financial statements was certified to be complete and accurate by the Trustee of the Plan's assets, within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments in the Statements of Net Assets Available for Benefits as of December 31, 2011 and 2010;

- Net depreciation in fair value of investments, dividends, and interest for the year ended December 31, 2011 included in the Statement of Changes in Net Assets Available for Benefits; and

- All information in the Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2011.

NOTE 6 - PLAN TERMINATION

Although it is currently the intent of the Company to continue the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Plan document is a prototype non-standardized profit sharing plan that received a favorable opinion letter from the IRS on March 31, 2008, which stated that the Plan was in accordance with applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions. All recordkeeper fees for the year ended December 31, 2011 were paid by the Plan.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
