INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Precision Metalsmiths, Inc. Savings and Investment Plan
Cleveland, Ohio

We were engaged to audit the accompanying statements of net assets available for benefits of Precision Metalsmiths, Inc. Savings and Investment Plan (the Plan) as of December 31, 2011 and 2010 and the related statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010, and the supplementary schedules as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The supplementary schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PRECISION METALSMITHS, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

Note 1 - Description of plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of Precision Metalsmiths, Inc. (the Company) who have completed one year of service and have attained age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

The Plan allows for voluntary salary reduction agreements pursuant to Internal Revenue Code 401(k). Participants may contribute up to 100% of their annual compensation to the Plan. In addition, the Company may elect to make a discretionary matching or profit sharing contribution. All Company contributions are at the sole discretion of the Company's Board of Directors. Contributions are subject to certain limitations. Participant contributions are remitted on a bi-weekly basis, while the Company's contributions, if any, are remitted annually.

C. Investment provisions

In accordance with Plan provisions, participants may direct their contributions and corresponding employer contributions into one or more of the available funds. The Plan currently offers fifteen investment fund options for plan participants. Participants may change their investment options daily.

D. Participants' accounts

Each participant's account is credited with the participant's contributions and an allocation of:

- a. the Company's discretionary contribution,
- b. the Plan earnings (losses), and
- c. charged with an allocation of administrative expenses.

Allocations are based on participant's compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

PRECISION METALSMITHS, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

Note 1 - Description of plan, continued

E. Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and the Company's matching or profit sharing contributions plus actual earnings thereon.

F. Payment of benefits

Benefits are recorded when paid.

Any benefits provided by the Plan are paid from the net assets available for plan benefits. The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions and income thereon (including net realized and unrealized investment gains and losses) allocated to such participant's account. Upon disability, death, termination or retirement, the participant or beneficiary will receive a lump sum equal to the vested value of the funds allocated to his account.

Withdrawal of part or all of the participant's funds may be authorized by the Plan administrator prior to any of the above in the event of financial hardship of a participant.

G. Notes receivable from participants

The Plan allows participants to borrow against their vested account balance in the Plan, at the discretion of the Trustee. Participants may borrow up to the lesser of \$50,000, reduced by the highest outstanding balance of Plan loans during the prior one-year period or one-half of their vested account balance. No more than one loan per participant may be outstanding at any one time. No loan of less than \$500 will be made. Loans bear a fixed rate of interest with repayments of no longer than five years, unless the loan is used to acquire a principal residence. At December 31, 2011, interest rates range from 4.25% to 8.50%. Principal and interest are paid ratably through payroll deductions.

H. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of the Plan's termination, all amounts credited to the participants' accounts shall become 100% vested and all unallocated amounts shall be allocated to the accounts of all participants. Upon termination of the Plan, the trustee, at the direction of the Plan administrator, shall direct the distribution of the assets to the participants in a manner consistent with the Plan agreement.

PRECISION METALSMITHS, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

Note 1 - Description of plan, continued

I. Forfeited accounts

At December 31, 2011 and 2010, forfeited nonvested accounts were \$138 and \$135, respectively. These accounts will be reallocated to participants in the same manner as employer contributions.

J. Administrative expenses

Certain administrative functions are performed by the officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses of the Plan are paid by the Company.

Note 2 - Summary of significant accounting policies

A. Basis of accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust fund. As required by the FSP, the Statements of Net Assets Available for Benefits should present the fair value of the investment in the common collective trust fund as well as the adjustment of the investment in the common collective trust fund from fair value to contract value relating to the investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for a discussion on fair value measurements.

PRECISION METALSMITHS, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

Note 2 - Summary of significant accounting policies, continued

C. Investment valuation and income recognition, continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend dates. Net appreciation (depreciation) includes the Plan's gains and losses on investments brought and sold, as well as held during the year.

D. Notes receivable

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefits paid to participants based on the terms of the Plan document.

E. Subsequent events

Subsequent events were evaluated through August 24, 2012, which is the date the financial statements were available to be issued.

F. New accounting pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS*, (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in accounting principles generally accepted in the United States of America (GAAP) and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

Note 3 – Plan financial information certified by custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information, as summarized below, to the information included in the financial statements and supplemental schedules. The information certified by Reliance Trust Company, the custodian as of December 31, 2011 and 2010 and for the years ended December 31, 2011 and 2010, as complete and accurate, is as follows:

1. Participant notes receivable and participant-directed investments as reported in the statements of net assets available for benefits and Note 4 as of December 31, 2011 and 2010.
2. Investment income (loss) as reported in the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010.
3. Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2011.

Note 4 – Investments

Participant-directed investments at December 31, 2011 and 2010 consisted of the following:

PRECISION METALSMITHS, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

Note 5 – Tax status

The Plan has received determination from the Internal Revenue Service dated September 9, 2004, that it meets the requirements of Section 401(a) of the Internal Revenue Code (IRC) and that the Trust which forms a part of it is exempt under Section 501(a). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 6 – Related party transactions

The Plan's investments are maintained in a common collective trust and mutual funds managed by third parties. Reliance Trust Company and Metropolitan Life Insurance Company provide custodial services to the Plan. Daily Access Corporation provides recordkeeping services to the Plan. These parties are fiduciaries; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services to Reliance Trust Company amounted to \$29,163 and \$26,470 for the years ended December 31, 2011 and 2010, respectively.

Note 7 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

Note 8 – Reconciliation to Form 5500

The information in the audited financial statements of the Plan differs from that in Form 5500 because the financial statements are prepared under the accrual basis of accounting, whereas the Form 5500 is prepared under the cash basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500.

	<u>2011</u>	<u>2010</u>
Net assets available for benefits, per financial statements	\$ 2,288,511	\$ 2,335,312
Less timing differences	<u>(2,642)</u>	<u>(230)</u>
Net assets available for benefits, as reported on Form 5500	<u>\$ 2,285,869</u>	<u>\$ 2,335,082</u>

The following is a reconciliation of net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500.

	<u>2011</u>	<u>2010</u>
Net increase (decrease), per financial statements	\$ (46,801)	\$ 336,666
Less timing differences	<u>(2,412)</u>	<u>(230)</u>
Net gain (loss) as reported on Form 5500	<u>\$ (49,213)</u>	<u>\$ 336,436</u>

Note 9 – ERISA bond requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. At December 31, 2011 and 2010, the Plan's sponsor maintained bond coverage in the amount of \$500,000.

Note 10 – Fair value measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value.

That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value of shares on the last day of the Plan year.

Common collective trust: Valued at the net asset value (NAV) of units held by the Plan at year end, provided by the administrator of the fund. The NAV is based on the value of the underlying assets of the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Note 10 – Fair value measurements, continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

<u>Assets at Fair Value as of December 31, 2011</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
