We were engaged to audit the financial statements of the Lanehart Electrical Contractors, L.P. 401(k) Profit Sharing Plan (Plan) as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as of and for the year ended December 31, 2011 as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Nationwide Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LANEHART ELECTRICAL CONTRACTORS, L.P.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Lanehart Electrical Contractors, L.P. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company. The Plan has an automatic salary deferral feature, requiring employees to opt out of the deferral arrangement if they do not wish to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The automatic salary deferral feature is 5%; however, participants may elect to defer a greater percentage of their compensation as contributions to the Plan, subject to certain limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a number of mutual funds and a money market account as investment options for participants. The Company matches 10% of qualifying participant contributions. The Company's matching contribution is credited directly into each participant's account and is invested per the participant's direction. Contributions consist solely of cash. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. The Company did not make profit sharing contributions in 2011 or 2010.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after 3 years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Payment of Benefits
On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts
At December 31, 2011 and 2010, forfeited nonvested accounts totaled $1,607 and $2,757, respectively. These accounts will be used to supplement employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review
Subsequent events were evaluated through September 26, 2012, which is the date the financial statements were available to be issued.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the investment contract with the insurance company at fair value. As the contract is not considered to be fully benefit-responsive, no adjustment from fair value to contract value is required.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
Expenses of maintaining the Plan are paid for by the Plan other than certain accounting and auditing fees which are paid for by the Plan Sponsor.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by the trustee as described in the Plan's group annuity contract

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

or funding agreement. Generally, the fair market value is equal to the contract value less any Contingent Deferred Sales Charge (CDSC), if applicable, and market value adjustment.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

		Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)

NOTE 4 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	2011	2010
MFS Value Fund A	$142,237	$ 368,831
Invesco VK Growth & Income Fund A	203,347	195,444
Oppenheimer International Growth A	-	184,981

Allber International Value K	-	147,133
Aberdeen International Equity A	173,434	-
Prudential Growth	146,391	-
Fidelity Puritan	142,772	-

During 2011, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) depreciated in value by $71,332 as follows:

Mutual funds	($ 70,104)
Investment contract	(1,228)
	($ 71,332)

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a guaranteed investment contract with Nationwide. Nationwide maintains contributions in a general account. The net rate, the crediting rate, and the average yield for this investment are the same. The guaranteed contract crediting rates were 2.60% for 2011 and 3.60% for 2010. The contract does not have a maturity date and does not provide for a distribution at book value at some specified future date. The Plan administrator may request a lump sum distribution with a market value adjustment or an installment payout, at book value, over a period of years. This investment option is currently blocked to new participants.

The contract continues in force until all assets have been distributed, or no further payments are due. Surrender charges and market value adjustments could cause an impairment of the asset value upon discontinuance. The contract value of the investment contract at December 31, 2011 and 2010 was $24,564 and $25,872, respectively. For 2011 and 2010, contract value was approximately the same as fair value. The contract is not considered to be fully-benefit responsive.

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Nationwide. As Nationwide is also the custodian of Plan assets, these transactions qualify as party-in-interest transactions. However, they fall under a Department of Labor (DOL) exemption and are not considered

NOTE 6 – RELATED PARTY TRANSACTIONS (continued)

nonexempt prohibited transactions. Fees paid by the Plan in 2011 for investment management services amount to $44,630. The Plan also paid for administrative services by a third party administrator in the amount of $15,971.

In addition, the Plan incurs expenses related to certain accounting and auditing fees that are paid for by the Plan Sponsor.

The Plan allows participants to borrow from their own accounts. These transactions are also considered party-in-interest transactions.

Related party transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons. The Plan has engaged in these types of related party transactions. All transactions were consummated on terms that prevail in arm's length transactions, and were subject to the same terms, limitations and restrictions as all other participants.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – TAX STATUS

The Plan is operated under a standard prototype plan. In its opinion letter of March 31, 2008, the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 9 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information used to compile the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee. This certification qualifies the Plan for a limited-scope audit as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 9 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (continued)

	2011	2010
Investments, at fair value	$ 2,815,820	$ 2,942,254
Loans to participants	182,513	163,807
Investment income/(loss)	(71,248)	286,720

These balances differ from those in the financial statements due to variances between the accrual and cash basis of reporting.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2011 and 2010 to Schedule H of Form 5500:

	2011	2010
Net assets available for benefits per the financial statements	$ 3,004,487	$ 3,101,671
Net assets available for benefits per Schedule H of Form 5500	$ 3,004,487	$ 3,101,671

NOTE 12 – SUBSEQUENT EVENTS

The Plan Sponsor is currently being audited by the DOL. The audit is covering various compensation issues. Three locations were under review. One location was completed with an immaterial adjustment. Two locations are currently still under review. Per management, the proposed adjustments by the DOL are under dispute and an attorney has been engaged to represent the Plan Sponsor. In addition, no amount can currently be estimated for any potential liabilities, if applicable.
