INDEPENDENT AUDITOR'S REPORT

The Plan Administrators
Portage Health
Employees' Pension Plan
Hancock, Michigan 49930

We were engaged to audit the financial statements of Portage Health Employees' Pension Plan as of December 31, 2011 and 2010 and for the years then ended, and the supplemental schedule as of and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by American United Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the Unites States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The schedule of assets held for investment purposes that accompanies the Plan's financial statements does not disclose the historical cost of certain plan assets held by the funding agent. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of Portage Health Employees' Pension Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Portage Health. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2007 the plan only includes those employees whose terms of employment are governed by a collective bargaining agreement between Portage Health and the Michigan Nurses Association.

Eligibility

All employees governed by a collective bargaining agreement between the Employer and the Michigan Nurses Association become participants in the Plan upon completion of one year of service during which they completed 1,000 hours of service and has attained the age of 21.

Contributions

As of January 1, 2010 Portage Health makes contributions to the plan equal to four (4) percent of the first $24,000 of a participant's compensation and seven (7) percent of compensation in excess of $24,000.

Employer contributions are not made for any year in which the participant has fewer than 1,000 hours of service. However, participants receive credit for 1,000 hours of service in the year they retire, die, or become disabled regardless of the number of hours worked. All employer contributions will stop in the event of retirement, death, disability, termination, or attainment of age 70. In the event of a participant's total disability, the Group Long Term Disability Contract will make payments to the Plan on behalf of the participant. Such contributions will cease upon the earliest of the participant's recovery, death, or attainment of age 65. During 2011 and 2010 respectively, $35 and $4,615 of Group Disability payments were received and applied to participant's accounts. No contributions to the Plan are required from participating employees.

Forfeitures

No forfeitures are incurred under the Plan provisions.

Vesting

Participants are immediately vested 100% in the contributions which Portage Health has made on their behalf.

Participant Accounts

Each participant's account is credited with Portage Health’s contribution and an allocation of investment earnings. Allocations are based on the participant's account balances.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

The pension benefit will be determined by the accumulation value of the participant's account (accumulated contributions plus earnings less any withdrawals) and the annuity rates in effect at the time. An annuity rate is a dollar and cent amount that is determined actuarially and applied to each $1,000 of accumulation value in the participant's account based on the retirement option selected.

Payment of Benefits

Upon retirement or termination, married participants will automatically receive a qualified joint and survivor annuity and an unmarried participant will be paid in the form of a single life annuity, unless a qualified election has been filed with the plan administrator. With a qualified election benefits can be paid in the form of a lump sum, direct transfer, direct rollover to a qualified plan, installment payments, or one of various annuity options.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

The Plan was amended in 2004 to allow loans to Plan participants and beneficiaries who are parties-in-interest as defined in ERISA 3(14). Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or fifty percent (50%). The Plan allows no more than two loans to be outstanding at any one time with at least twelve months between their issuance. The loans are secured by the balance in the participant's account and bear interest at a rate comparable to the rates being charged by lending institutions in the same geographic locale as the Employer. Principal and interest is paid ratably through monthly payroll deductions. For years 2011 and 2010, respectively, new loans of $44,175 ($225 of loan processing fees) and $65,300 ($375 of loan processing fees) were paid to participants and $24,618 and $23,079 of loans were repaid by participants to the Plan. Total loans, as of December 31, 2011 and 2010, respectively are $85,405 and $62,525.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Plan transaction are recorded on the accrual basis of accounting.

Investment Valuation

Net assets available for plan benefits are stated at the amount as certified by the insurance company. The insurance company holds the Plan's investment assets and executes transactions therein.

Subsequent Events

The Company evaluates events occurring subsequent to the date of the financial statements in determining the accounting for disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through the date of the accompanying independent auditor's report, which is the date the financial statements were available to be issued.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE C - ASSETS HELD FOR INVESTMENT

From the inception of the Plan through February 28, 1994, the Plan had a deposit contract with the American United Life Insurance Company (American). American maintained the contributions in a pooled account. The account was credited with employer contributions and actual earnings on the underlying investments and charged for Plan withdrawals and administration expenses.

Effective March 1, 1994, the contract was terminated and replaced with a contract that permits participant directed investments in addition to the pooled account with American.

The following table presents participant directed investments at December 31, 2011 and 2010 that represent five percent (5%) or more of the Plan's net assets.

Participant Directed Investments

	2011	2010
AUL Insurance Company:		
One America Asset Director Account	$ 110,173	$ 136,342
Fidelity VIP II Asset Manager Account	-	137,524
SSGA S&P 500 Flagship Account	172,814	183,528

Fidelity VIP Overseas Account	188,466	244,320
Alternate fixed account	164,892	207,670
AUL fixed account	773,303	910,389

During 2011 and 2010 the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated)/appreciated in value by $(48,468) and $164,039 respectively as follows:

	2011	2010
Mutual Funds	$ (48,468)	$ 164,039

NOTE D - FAIR VALUE MEASUREMENTS

FASB Statement NO. 157, *Fair Value Measurements,* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in active markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Common stocks, corporate bonds, and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Guaranteed investment contract: OR Common trust funds: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010**.**

	Assets at Fair Value as of December 31, 2011

Total assets at fair value	$ 1,397,166	$ 1,118,059	$ -	$ 2,515,225

On January 1, 2010, the Funds adopted Accounting Standards Update (ASU) 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans,* which clarifies how loans to participants should be classified and measured by defined contribution pension plans. Previously, participant loans were classified as plan investments and reported as part of fair value measurements. The new guidance requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments, eliminating fair value disclosures for participant loans.

On January 1, 2010 the Funds adopted Accounting Standards Update (ASU) 2010-06, Improving Disclosures About Fair Value Measurements, which amends Topic 820-Fair Value Measurements and Disclosures of the Accounting Standards Codification. ASU 2010-06 adds new requirements for disclosures about transfers in and out of Levels 1 and 2 and requires separate disclosure about purchases, sales, issuances, and settlements relating to level 3 measurements. ASU 2010-06 also clarifies existing fair value disclosures about the Level of disaggregation and about inputs and valuation techniques used to measure fair value. There were no transfers into or out of Level 1,2 or 3 measurements for the year ended December 31, 2011.

NOTE E - PLAN TAX STATUS

The Internal Revenue Service has determined and informed Portage Health by a letter dated June 13, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

All tax positions taken by the Plan have been assessed to have a near 100% likelihood of being sustained upon their ultimate settlement in the event they are examined by taxing authorities and, therefore, there are no unrecognized tax benefits. The tax years that remain subject to examination by the internal Revenue Service are 2009-2011.

NOTE F - PLAN TERMINATION

It is Portage Health's intent to continue the Plan indefinitely. However, if changes in business conditions require it, Portage Health has reserved the right to terminate the Plan upon written notice to the Plan administrator. These conditions include, but are not limited to, bankruptcy, general assignment of Portage Health's assets, or dissolution of business. However, if the Plan should be discontinued, all funds will be used for the sole benefit of the participants.

NOTE G - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the information listed below is complete and accurate:

	2011	2010
Statement of Net Assets Available for Benefits		
Investments	2,130,391	2,515,225
Notes receivable from participants	85,405	62,525
Statements of Changes in Net Assets Available for Benefits		
Net appreciation in fair value of investments	(48,468)	164,039
Interest on notes receivable from participants	41,487	43,617
All information disclosed in Notes C and D		
All information in the supplemental schedule		

NOTE H - ADMINISTRATIVE EXPENSES

The trustee deducts fees from total plan earnings prior to allocating earnings to individual participant's accounts. Currently, 1.25% of the unit values for all variable funds is charged to each participant. On a monthly basis the plan returns a portion of the fee based on the Plan's total asset value at the end of the month. The portion returned to each participant is based on the initial 1.25% less a graduated percent based on the net asset value. The graduated percent, (1.25% -.35%), declines as the Plan's net asset value increases. The provider did not provide us with actual administration fees for 2011 and 2010.

NOTE I- RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2011:

Net assets available for benefits beginning of the year per financial statements	$ 2,410,297
Less contributions receivable recorded on financial statements on not on Form 5500	(194,501)
Net assets available for benefits per Form 5500	$ 2,215,796

Net loss per financial statements	$ (167,453)
Less contributions receivable recorded on financial statements and not on Form 5500	(194,501)
Net loss per Form 5500	$ (361,954)

There were no differences in 2010 to be reconciled.

NOTE J - AMENDMENTS

There were no plan amendments to the plan for the year ending December 31, 2011 and 2010.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
