REPORT OF INDEPENDENT AUDITORS

To the Trustees of
Indus Technology, Inc. 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Indus Technology, Inc. 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 7, which was certified by The Guardian Insurance & Annuity Company, Inc., the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of the Plan

The following description of the Indus Technology, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General: The Plan is a 401(k) salary deferral plan covering substantially all employees of Indus Technology, Inc. (the "Company") and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company is the Plan's sponsor and serves as plan administrator.

Plan Merger: On January 30, 2012, the Plan's sponsor informed the Administrator of its intention to merge the Plan effective April 1, 2012. There was no impact on the Plan's net assets as a result of this change.

Eligibility: Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing one hour of service in each 12-month eligibility period, as defined by the Plan.

Contributions: Participants may elect to contribute between 1 percent and 100 percent of eligible compensation to the Plan each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. During the year ended December 31, 2011, for employer safe harbor contributions, the Company matched 100 percent of employees' contributions up to 3 percent of their compensation, and matched 50 percent of employees' contributions exceeding 3 percent of their compensation, up to 5 percent of compensation.

The Company can also elect to make discretionary contributions to the Plan. Participants must complete 500 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any employer discretionary contributions. The Company did not elect to make discretionary contributions for the year ended December 31, 2011.

Contributions are subject to regulatory limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are fully vested in their salary deferrals, plus actual earnings thereon. All employees are immediately fully vested in all safe harbor contributions made by the employer. Discretionary contributions vest over a six-year period as follows:

Years of Service	Percent Vested
After 2 years	20%
After 3 years	40%
After 4 years	60%
After 5 years	80%
After 6 years	100%

Note 1 – Description of the Plan (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years unless the loan qualifies as a home loan, in which case the term of the loan may be issued for a period exceeding five years. Principal and interest are repaid ratably through payroll deductions. A participant may not have more than one loan outstanding at any one time. As of December 31, 2011, the rates of interest on outstanding loans ranged from 4.25 to 9.25 percent, with various maturities through November 2016.

Payment of Benefits: Upon termination of service due to death, disability, retirement, or other reasons, a participant or the participant's beneficiary may elect to receive a lump-sum amount equal to the value of the participant's account balance.

Forfeitures: Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to reduce future Company contributions, with any remaining amount used to pay Plan administrative expenses. At December 31, 2011 and 2010, forfeited non-vested accounts totaled $252 and $0, respectively. For the year ended December 31, 2011, Company matching contributions were reduced by $252 from forfeited non-vested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting: The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Recent Accounting Pronouncement: In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-04, *Fair Value Measurement (Topic 820) - Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements, and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The new guidance is effective for reporting periods beginning after December 15, 2011. Plan management does not expect the adoption of ASU No. 2011-04 to have a material effect on the statement of net assets available for benefits or the statement of changes in net assets available for benefits.

Investment Valuation: Investments are stated at fair value as certified by the Plan's custodian, The Guardian Insurance & Annuity Company, Inc.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Note 2 – Summary of Significant Accounting Policies (Continued)

Income Recognition: Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes Receivable from Participants: Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses and certain transaction fees are paid out of the assets of the Plan.

Subsequent Events: Subsequent events are events or transactions that occur after the statements of net assets available for benefits date, but before the financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits, but arose after the statements of net assets available for benefits date and before the financial statements are issued.

The Plan has evaluated subsequent events through October 4, 2012, which is the date the financial statements were issued.

Note 3 – Investments

Investments representing 5 percent or more of net assets available for benefits consist of the following as of December 31:

	2011	2010
Pooled Separate Accounts		
SSgA S&P 500 Index SL Fund	$ 1,540,893	$ 1,598,045
Benefit Stadion Moderate ETF	999,862	1,155,267
Benefit Stadion Growth ETF	992,661	1,198,809
SSgA U.S. Bond Market Index SL Fund	774,404	741,174
SSgA Int'l Index SL Fund	456,214	546,451
SSgA Russell SC Index SL Fund	381,236	435,035

The Plan's investments in pooled separate accounts (including investments purchased, sold, as well as held during the year) depreciated in value in the amount of $371,654 during the year ended December 31, 2011.

Note 4 – Fair Value Measurement

In accordance with authoritative guidance, the Plan classifies its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly; and

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Units held in pooled separate accounts ("PSAs") are valued using the net asset value ("NAV") of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a PSA is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Accordingly, the unit value for a PSA is classified within Level 2 of the valuation hierarchy. The Plan invests in the following pooled investment funds:

- SSgA S&P 500 Index SL Fund – the fund seeks to replicate the total return of the S&P 500 Index.
- Benefit Stadion Moderate ETF – the fund seeks long-term capital appreciation while maintaining a secondary emphasis on capital preservation.
- Benefit Stadion Growth ETF – the fund seeks long-term capital appreciation while maintaining a degree of emphasis on capital preservation.
- SSgA U.S. Bond Market Index SL Fund – the fund seeks to maximize total return by investing in fixed income securities including, but not limited to, those represented by the Barclays Capital U.S. Aggregate Bond Index.
- SSgA Int'l Index SL Fund – the fund seeks to provide long-term capital growth by investing primarily in securities of foreign issuers.
- SSgA Russell SC Index SL Fund – the fund seeks to maximize total return through investments in equity securities; at least 80 percent of the total assets will be invested in small capitalization equity securities.

There are no redemption restrictions on any of the PSAs.

Note 4 –Fair Value Measurement (Continued)

The following tables disclose by level the fair value hierarchy of the Plan's assets at fair value as of December 31, 2011 and 2010:

	$ -	$ 7,823,053	$ -	$ 7,823,053

Note 5 – Tax Status

The Plan document is a prototype defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near-term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 – Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Guardian Insurance & Annuity Company, Inc., the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010;
- Net depreciation in fair value of investments and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2011;
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 8 – Party-in-Interest Transactions

Plan investments include shares of pooled separate accounts' funds managed by The Guardian Insurance & Annuity Company, Inc. The Guardian Insurance & Annuity Company, Inc. is the custodian of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were $30,602 for the year ended December 31, 2011.

Trombino Pension Administrators, Inc. is the recordkeeper of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan to Trombino Pension Administrators, Inc. for recordkeeping services were $5,670 for the year ended December 31, 2011.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 10 – Reconciliation to Form 5500

The following are reconciliations of net assets available for benefits between the financial statements and the Form 5500 as of December 31, 2010:

Net assets available for benefits per financial statements	$ 8,071,940
Less receivables not included on Form 5500 until received	(81,488)
Net assets available for benefits per Form 5500	$ 7,990,452

There is no difference between the net assets available for benefits between the financial statements and Form 5500 as of December 31, 2011.

Note 10 – Reconciliation to Form 5500 (Continued)

The following is a reconciliation of contributions for the year ended December 31, 2011:

Participant contributions per financial statements	$ 1,192,121
Less other participant contribution adjustment	(1,729)
Add participant contributions receivable, 2010	59,368
Participant contributions per Form 5500	$ 1,249,760
Employer contributions per financial statements	$ 489,820
Less other employer contribution adjustment	(3,385)
Add employer contributions receivable, 2010	22,123
Employer contributions per Form 5500	$ 508,558
