NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Moss Holding Company 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers eligible employees of Moss Holding Company ("the Company") who have attained the age of 21 years old and three months of service with the Company. Eligible employees meeting these criteria may enroll in the Plan on the first day of the month coinciding with or next following the date on which the eligibility requirements are met.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Participants may contribute to the Plan a percentage of their eligible compensation not to exceed limits imposed by the Internal Revenue Code. The Plan includes an automatic salary deferral percentage of 2.0% unless otherwise changed by participants. Participants that have attained 50 years of age may also contribute "catch up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants are eligible for a discretionary employer matching contribution and a discretionary non-elective employer contribution determined by the Company on an annual basis. There were no discretionary employer matching contributions made during 2011, as the Company temporarily suspended the employer matching contributions effective February 16, 2009. There were no discretionary non-elective employer contributions made by the Company during 2011.

Participant Accounts: The Plan maintains a separate account for each participant. This account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer profit sharing contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions and the Company contributions into the various investment options offered by the Plan. Participants may change their investment options daily.

Vesting: Participants are immediately vested in their contributions, matching contributions, and profit sharing contributions, plus actual earnings thereon.

Payment of Benefits: On termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant may be eligible for a withdrawal due to early retirement or financial hardship in certain circumstances.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants would remain 100% vested in their accounts.

(Continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their account a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate as determined by the plan administrator at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses: The Company pays substantially all administrative expenses for administration of the Plan. Certain other expenses are paid by the Plan. Loan origination and maintenance fees are deducted from the participant's account. Investment management fees and certain operating expenses charged to the Plan for investments in the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Because of the level of risks associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results could differ from these estimates.

Payment of Benefits: Benefits are recorded by the Plan when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Pooled separate accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (Level 2 inputs). Each of the pooled separate accounts invests in a single, open-ended mutual fund which is generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the mutual funds identified in the name of the fund. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company USA ("John Hancock"), the custodian of the Plan. This information has not been audited by independent accountants.

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

	2011	2010
John Hancock Pooled Separate Accounts:		
Lifestyle Balanced Fund	$ 1,860,493	$ 2,018,411
Lifestyle Growth Fund	1,200,223	1,154,258

The Plan custodian has also certified that the net depreciation of pooled separate account investments (including gains and losses on investments bought and sold, as well as held, during the year) was $173,458 in 2011.

(Continued)

NOTE 5 - INCOME TAXES

The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan invests in pooled separate accounts offered by John Hancock. John Hancock is the Plan custodian, and therefore, these transactions and the Plan's payment of fees qualify as party-in-interest transactions. Administrative expenses paid to a party-in-interest were $2,833 in 2011. Notes receivable from participants also qualify as party-in-interest transactions. Certain professional and administrative fees related to the operations of the Plan were also paid by the Plan or the employer.
