Independent Auditor's Report

Board of Trustees
The Lutgert Companies' Retirement Plan
Naples, Florida

We were engaged to audit the financial statements of **The Lutgert Companies' Retirement Plan** as of and for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the plan's management. The financial statements of the plan as of December 31, 2010 were audited by Blackman Kallick, LLP, whose report dated August 8, 2011, expressed a disclaimer of opinion on those financial statements for the same circumstances indicated below. Blackman Kallick, LLP subsequently merged into Plante & Moran, PLLC.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Transamerica Life Insurance Company, the custodian of the plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of The Lutgert Companies' Retirement Plan (the plan) provides only general information. Participants should refer to the plan agreement for a complete description of the plan's provisions. The plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Coverage and Eligibility

Any employee of The Lutgert Companies (the company), as defined, who has attained 21 years of age is eligible to participate in the plan. Eligible employees can enter the plan on the first day of each calendar month, following the date that eligibility requirements are met.

Employee Contributions

An eligible employee may elect to contribute an amount equal to 1% to 15% (in whole percentages) of the employee's before-tax earnings, not to exceed current Internal Revenue Service (IRS) regulations. These contributions are not subject to federal income tax until withdrawn. Eligible employees may also contribute, with the consent of the plan administrator, amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of contributions into various investment options offered by the plan. The plan currently offers a number of investment options for participants.

Employer Discretionary Nonmatching Contributions

The employer may make discretionary nonmatching contributions designated by job classification, as defined by the plan document. An eligible employee will share in the discretionary contributions if he or she is employed with the employer on the last day of the plan year and has completed at least 1,000 hours of service during the plan year. There was no discretionary nonmatching contribution in 2011.

Participant Accounts

Each participant account is credited or charged, as applicable, with the participant contributions and allocations of (a) employer contributions, and (b) plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (Continued)

Vesting

Participants are fully vested upon reaching the retirement age of 65, or due to death or disability. Participants are always 100% vested in their elective and rollover contribution accounts. A participant is vested in nonmatching contribution accounts as follows:

Completed Years of Service	Percentage Vested
Less than 1	0%
1	20
2	40
3	60
4	80
5 or more	100

Forfeitures

As of December 31, 2011 and 2010, forfeited accounts totaled $33,303 and $26,483, respectively. These accounts will be used to reduce future employer contributions. During 2011, no forfeitures were used to reduce the prior year employer contribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates at the time of issuance. Principal and interest are paid ratably through payroll deductions.

Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The plan provides for normal retirement at age 65 and early retirement on or after attaining age 55. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Plan Administration

Transamerica Life Insurance Company (Transamerica) is the custodian for the plan. The principal sponsor and plan administrator, Scottsdale Corporation, pays most of the administrative costs of the plan. The trustees are Howard B. Gutman and Scott F. Lutgert.

Investments

Investments are reported at fair value in accordance with accounting principles generally accepted in the United States of America (GAAPUSA). See Note 3 for a further discussion of fair value measurements.

Effective January 1, 2010, the plan adopted new guidance that requires it to report significant transfers between Level 1 and Level 2 and the reasons for those transfers, as well as disclosing the reasons for transfers in or out of Level 3. Additionally, the guidance requires the plan to clarify existing disclosure requirements about the level of disaggregation and inputs and valuation techniques. The adoption of this guidance did not have a significant impact on the plan's financial statements, other than expanded disclosures.

The new guidance also requires the reconciliation of changes in Level 3 fair value measurements to present purchases, sales and settlements separately on a gross basis rather than as a net amount, effective for fiscal years beginning after December 15, 2010. The adoption of this guidance did not have a significant impact on its financial statements.

The plan has entered into a traditional group annuity contract primarily with an insurance carrier. This contract, the Transamerica Stable Value Fund (the Fund), is fully benefit-responsive and has no stated maturity date. A fully benefit-responsive contract provides for a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers. Contract value represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses. As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 962-325, *Plan Accounting - Defined Contribution Pension Plans - Investments - Other,* investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Accordingly, the fully benefit-responsive group annuity contract is included in the financial statements at contract value, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Note 2 - Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAPUSA requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The plan administrator has evaluated subsequent events through August 31, 2012, the date the financial statements were available to be issued.

Reclassifications

For comparability, the 2010 financial statements reflect reclassifications where appropriate to conform to the financial statement presentation used in 2011.

Note 3 - Fair Value Measurements

GAAPUSA defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal market or, in the absence of a principal market, the most advantageous market accessible to the reporting entity as of the measurement date. Under GAAPUSA, the principal market is the market in which the reporting entity would sell the asset or transfer the liability with the greatest volume and level of activity. The most advantageous market, which may be a hypothetical market, is the market in which the reporting entity would sell the asset or transfer the liability with the price that maximizes the amount that would be received for the asset or minimizes the amount that would be paid to transfer the liability, considering transaction costs in the respective market.

GAAPUSA describes three approaches to measuring fair value: the market approach, the income approach and the cost approach. Each approach includes multiple valuation techniques. GAAPUSA does not prescribe which valuation technique should be used when measuring fair value, but does establish a fair value hierarchy that prioritizes the inputs used in applying the various techniques based on the degree to which such inputs are observable to market participants. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk.

Note 3 - Fair Value Measurements (Continued)

The plan's investments are classified in one of the following three categories based upon the inputs used to determine their respective fair values.

- Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

- Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data. These inputs may include quoted prices for similar assets or liabilities in active markets as well as quoted prices for identical or similar assets or liabilities in inactive markets.

- Level 3 - Unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

When the inputs used to value an investment fall into more than one level, the investment is classified in its entirety based on the lowest level input that is significant to that investment's fair value measurement. Management's assessment of the significance of a particular input to the fair value measurement requires judgment and is dependent on factors specific to the investment. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

As of December 31, 2011 and 2010, the following valuation methodologies have been used to value the plan's investments:

- Pooled separate accounts - Valued at the net asset value (NAV) per unit as determined by Transamerica Life Insurance Company. Such NAV is based on the value of the underlying assets and liabilities of the accounts. The investment objective of the accounts varies and can be differentiated by the nature of their holdings as disclosed in the tables below. Participants may transfer funds in and out of the accounts without restriction.

- Group annuity contract - Valued by discounting the related cash flows of the underlying investments based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuers. The investment objective of the account is to preserve principal and provide a stable return over the life of the investment. Participants may transfer funds in and out of the account without restriction.

The methods described above may produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the different methodologies or assumptions used to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Note 3 - Fair Value Measurements (Continued)

The following tables summarize by level within the fair value hierarchy the plan's investments that are measured at fair value on a recurring basis as of December 31, 2011 and 2010:

	2011

The plan's investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to these risk factors, it is reasonably possible that changes in the value of investments will occur in the near term and will materially affect the amounts reported in the statements of net assets available for benefits.

Note 3 - Fair Value Measurements (Continued)

The following table summarizes the changes in investments measured at fair value using Level 3 inputs for the year ended December 31, 2011:

	Group Annuity Contract
Beginning balance	$ 3,081,213
Purchases	307,221
Settlements	(479,354)
Net investment income	69,486
Ending balance	**$ 2,978,566**

Note 4 - Investments

The following investments represent 5% or more of the plan's net assets as of December 31, 2011 or 2010.

	2011		2010	
	Number of Shares	Fair Value	Number of Shares	Fair Value

Insurance General Account				
Transamerica Stable Value	233,330	2,978,565	247,293	3,081,213

Note 4 - Investments (Continued)

For the year ended December 31, 2011, the plan's investments (including gains and losses on investments bought and sold as well as held during the year) depreciated as follows:

Pooled separate accounts	$ (479,524)
Insurance general account	69,486
	$ (410,038)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, the plan's custodian, has certified as to the completeness and accuracy of investments and notes receivable from participants reflected in the statements of net assets available for benefits as of December 31, 2011 and 2010, the schedule of assets held at end of year as of December 31, 2011, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2011, as indicated above and in total.

Note 5 - Investments in Group Annuity Contract

The contract value of the group annuity contract (the Contract), approximating the fair value, was $2,978,566 as of December 31, 2011 and $3,081,213 as of December 31, 2010. There are no reserves against contract value for credit risk of the contract issuer.

The average yield on the Contract was 2.45% and 2.73% for the years ended December 31, 2011 and 2010, respectively. As of December 31, 2011 and 2010, the crediting interest rate on this contract was 2.20% and 2.65%, respectively. Crediting interest rates are generally reset monthly with the reset based on formulas which may use market value, book value, duration and yield.

The Contract does not specify any events which would limit the ability of the plan to transact at contract value with the issuer or any events which would allow the issuer to terminate the contract and settle for an amount different from contract value. The Contract provides payment options of the contract value for surrendering the Contract; however, the plan sponsor does not intend to surrender the Contract.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the company has the right to discontinue contributions and to terminate the plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in all of their account balances.

Note 7 - Tax Status

The plan obtained its latest determination letter, dated April 12, 2010, in which the IRS stated that the plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code. The plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The company is not aware of any course of action or series of events that have occurred that might adversely affect the plan's qualified status.

GAAPUSA requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8 - Party-in-Interest Transactions

Transamerica is the custodian of the plan. The plan has pooled separate accounts managed by Transamerica. Such investment transactions qualify as party-in-interest transactions, which are exempt under the prohibited transactions rules. Fees paid by the plan for investment management services are included as a reduction of the return on each pooled separate account.

Note 9 - Refund of Excess Contributions

For the year ended December 31, 2011, the plan failed the Average Deferred Percentage and Average Contribution Percentage Nondiscrimination Tests. As a result, a portion of 2011 contributions had to be refunded to highly compensated employees in order for the plan to maintain its qualified status with the IRS. Earnings on the excess contributions were also refunded.
