We were engaged to audit the statements of net assets available for benefits of Miller Castings, Inc. 401(k) Plan and Trust as of December 31, 2011 and 2010, the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Life & Annuity Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

MILLER CASTINGS, INC. 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

1. Description of plan:

The following description of the Miller Casting, Inc, 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a prototype defined contribution plan covering all full-time employees of Miller Castings, Inc. (the "Company") who have ninety days of service and are age twenty-one. Plan entry is permitted on the first day of each month in the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and matching:

The Plan provides for automatic enrollment of participants with an automatic election to defer 2% of eligible compensation unless the participant makes a contrary salary reduction agreement election on or after 30 days' notice. Each year, participants may contribute up to the statutory limits of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations. The Company may make a discretionary match. For the year ended December 31, 2011, the Company made matching contributions of $19,572.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

A participant shall be 100% vested in Company contributions without regard to years of service in the event of death, permanent disability, or attainment of age 65.

Investment options:

Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments in any of the thirty mutual funds and fixed income funds offered by the Plan. Participants may change their investment options amongst mutual funds at the participant's discretion.

1. Description of plan (continued):

Loans receivable from participants:

Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms are up to 5 years, or 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account, and the current loans bear interest between 4.25% and 9.25%. Principal and interest are paid ratably through payroll deductions. The loan will be deemed a distribution if the participant terminates employment with Miller Castings, Inc. prior to paying off the loan.

Payment of benefits:

On termination of services due to death, disability or retirement, a participant or the designated beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to extend beyond the participant's life expectancy (or the life expectancy of the participant and his designated beneficiary). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts:

At December 31, 2011 and 2010, forfeited non-vested accounts totaled $0 and $3,739 respectively. Forfeitures during the year ended December 31, 2011 were $3,838. A total of $7,712 of forfeitures was used to reduce 2011 employer contributions.

2. Summary of significant accounting policies:

The summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are the representation of the Plan's management. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Basis of accounting:

The accompanying financial statements are presented on the accrual method of accounting and include only the assets, liabilities, and changes in net assets of the Plan.

2. Summary of significant accounting policies (continued):

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures, contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Income recognition:

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Payment of benefits:

Benefits are recorded when paid.

Operating expenses:

Certain administrative expenses are paid by the Plan. All other expenses of maintaining the Plan are paid by the Company.

Plan termination:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the entire amount of each participant's account, with respect to the Plan, shall become 100% vested and non-forfeitable.

Date of administrator's review:

Subsequent events have been evaluated by the Plan administrator through October 8, 2012, which is the date the financial statements were available to be issued.

3. Guaranteed insurance contracts:

The Plan has entered into benefit-responsive investment contracts with Great-West Life & Annuity Insurance Company. The contracts are not fully benefit-responsive. The insurance company maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments (principally investments in the general funds of the insurance companies) and charged for participant withdrawals and administrative expenses.

3. Guaranteed insurance contracts (continued):

The contracts are included in the financial statements at fair value, as reported to the Plan by the insurance company. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Earnings on this contract averaged 2.03% for the year ended December 31, 2011.

4. Fair value measurements:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair value measurements using:	
	Fair value	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2011			
Mutual funds in variable annuities	$ 1,417,576	$ -	$1,417,576
Insurance contract	690,612	-	690,612
Total	$ 2,108,188	$ -	$2,108,188
December 31, 2010			
Mutual funds in variable annuities	$ 1,349,522	$ -	$1,349,522
Insurance contract	564,343	-	564,343
Total	$ 1,913,865	$ -	$1,913,865

4. Fair value measurements (continued):

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted price for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are available to the Plan, and Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

Level 1 fair value measurements:

The Plan does not have any investments with Level 1 inputs.

Level 2 fair value measurements:

The variable annuities consist of underlying mutual funds. The initial pricing input is the quoted price for the underlying mutual funds, which is then adjusted to apply an expense factor. The unit value is determined in a manner similar to a mutual fund net asset value calculation: dividing the net assets by the number of units outstanding, with any discrepancies resolved on a daily basis.

The insurance contract is a collective investment and reinvestment of assets contributed from employee benefit plans maintained by more than one plan. The assets are valued based on the contractual terms of the underlying guaranteed investment contracts. The collective trust provides a daily mil rate for income accretion. The mil rate is a blend of the contracts' rate of return and the liquidity component's daily mil rate. The contracts' rate of return is typically reset on a quarterly basis. The collective trust's daily value is calculated based on the contract value, which is based on the provisions of the contracts.

5. Unaudited information prepared and certified by the custodian:

The following information included in the accompanying financial statements and supplementary information was obtained from data that was prepared and certified to be complete and accurate by the custodian as of December 31, 2011 and 2010:

	2011	2010
Investments, at fair value:		
Mutual funds in pooled separate accounts (variable annuities)	$ 1,417,576	$1,349,522
Investment contracts	690,612	564,343
Participant loans	148,016	159,571
Net appreciation (depreciation) in fair value of investments	(53,047)	140,827

5. Unaudited information prepared and certified by the custodian (continued):

The Plan investments are classified as pooled separate accounts, unallocated contracts or participant loans. The pooled separate accounts are invested in publicly traded registered investment companies (mutual funds). The investment contracts consist of guaranteed insurance contract held in the general accounts of the Trustee. Investments in the pooled separate accounts and investment contracts are directed by the Plan participants. Participant loans have various maturities through the year 2015 and bear interest rates of 4.25% to 9.25% per year.

The following table represents investments that are 5% or more of the Plan's net assets. The investments are stated at fair value:

	2011	2010
Guaranteed Portfolio Fund	$ 688,173	$ 558,213
Oppenheimer Capital Appreciation A	$ -	$ 188,834
Maxim Moderate Profile II	$ 183,827	$ 176,076
Oppenheimer Global A	$ 113,089	$ 118,897
Maxim US Government Securities Fund	$ 137,156	$ 116,455
Maxim T Rowe Price Equity Income	$ 109,253	$ -
Maxim American Century Growth Portfolio	$ 196,302	$ -
Columbia Mid Cap Value R	$ -	$ 103,528
Royce Total Return K	$ 116,603	$ -

6. Tax status:

The Internal Revenue Service has determined and informed the Company by a letter dated November 2001, that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. Risks and uncertainties:

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statement of net assets available for benefits.

8. Related party transactions:

The Plan investments are in participating units of mutual funds managed by Great-West. Great-West is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest. Fees paid by the Plan for the recordkeeping and investment management services amounted to $8,774 for the year ended December 31, 2011.

9. Plan administration:

Assets are held by the custodian of the Plan. Participant and Company contributions are held and managed by the trustee, which invests cash received, interest and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers of the Company. No such officer or employee receives any compensation from the Plan. Administrative expenses of the Plan are generally paid by the Company.

10. Reconciliation of financial statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2011	2010
Net assets available for benefits per the financial statements	$ 2,253,556	$ 2,072,967
