NOTE 1 – PLAN DESCRIPTION

The following description of the Mowrey Elevator Company, Inc. Employees' 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan was adopted July 1, 1990 and restated effective October 1, 2007. The Plan is a defined contribution plan covering substantially all employees of Mowrey Elevator Company, Inc., Mowrey Elevator Company of Florida, Inc., Elevator Manufacturing and Assembly, Inc., and Drilling by DBM, Inc. (collectively, the Company or Employer) who have attained the age of 21 and completed one year and 1,000 hours of service. Eligible employees can become participants in the Plan on January 1 or July 1, after satisfying the service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants may elect to contribute to the Plan a percentage of their compensation with the total contributions not to exceed the maximum amount allowable by law. The Employer may make a discretionary matching contribution to the Plan. For 2010, the Employer matching contribution is equal to 25% of each employee's contribution up to a maximum of five dollars per payroll period.

Also, the Company may make profit-sharing contributions and/or qualified non-elective contributions for any Plan year at its discretion, which will be allocated to those participants employed at the end of the Plan year. As of December 31, 2011, the Company has not made any additional contributions.

Both employee and employer contributions are subject to the non-discrimination requirements of the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions, and an allocation of the Plan's net earnings as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures

At December 31, 2011 and 2010, forfeited accounts totaled $119 and $-0-, respectively. Forfeited accounts are utilized to reduce employer contributions. Forfeitures of $100 were used to reduce employer contributions during the year ended December 31, 2011.

Vesting

Participants are immediately vested in their voluntary contributions, deficiency contributions, and wage rate contributions plus actual earnings/losses thereon.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Vesting (Continued)

The Company's matching contributions plus actual earnings and losses thereon are subject to the following vesting schedule:

Years of Service	Vesting Percentage
less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The accompanying statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recognized principally on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Payments are recorded when paid.

Administrative Expenses

Substantially all administrative expenses of the Plan are paid by the Company. Expenses of the Plan, to the extent that the employer does ot pay such expenses, may be paid out of assets of the Plan.

Subsequent Events

Subsequent events have been evaluated through the date of the independent auditors' report.

NOTE 3 – INVESTMENTS

Individual investments that represent 5% or more of the Plan's net assets

The following presents investments that represent 5% or more of the Plan's net assets available for benefits as of December 31:

	2011	2010
Principal Money Market Sep Account	**$ 583,397**	$ 710, 077
Guaranteed Interest Account	**309,061**	266,434

During the year ended December 31, 2011, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,974.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the evaluation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Fair values for investments are determined by reference to quoted market prices and other relevant information generated by market transactions. This method may produce a fair value calculation that may not be indicative of net realizable vale or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial statements could result in different fair value measurements at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth the level, within the fair value hierarchy of the Plan's assets at fair value as of December 31, 2011:

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2011.

	Guaranteed interest accounts
Balance, beginning of year	$ 266,434
Unrealized gains/(losses) relating to instruments still held at the reporting date	(204)
Purchases, sales, issuances and settlements (net)	42,831
Balance, end of year	$ 309,061

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

NOTE 6 – TAX STATUS

Effective October 1, 2007, the Plan adopted a prototype plan sponsored by Principal. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the appliance provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2011, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 7 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal Financial Group. Principal Financial Group is the custodian as defined by the Plan and therefore, Principal Financial Group qualifies as a party-in-interest to the Plan with respect to these transactions. The fair market value of funds managed by Principal totaled $1,084,706 and $1,213,346 at December 2011 and 2010, respectively.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 9 – RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:
