As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 29,2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company and Principal Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the 2011 financial statements and supplemental schedules. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Tax Sheltered Plan

Notes to Financial Statements
December 31, 2011

1. Description of Plan

The following description of the International Bonded Couriers, Inc. Tax Sheltered Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of International Bonded Couriers, Inc., Jet Mail Services, Inc., IBC Messenger, Inc., IBC Airways, Inc., and Canada Express, Inc. (collectively the "Company"). An employee is eligible for participation in the Plan upon completion of one year of service, 1,000 hours of service and attainment of age 20 1/2 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On April 1, 2011, IBC Airways, Inc. and IBC Messenger, Inc. were transitioned into a new plan. Plan assets of $794,337, including notes receivable from participants were transferred to a separate plan.

Contributions

Participants may elect to have a percentage deducted on a pre-tax basis from their compensation as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Company. There is an annual limit as to the amount that can be contributed that is determined by Internal Revenue Code ("IRC") guidelines. Participants may also contribute amounts representing distributions from other qualified plans.

In addition, the Company may make discretionary matching contributions on behalf of each participant in the amount equal to the percentage declared by the Company for the contribution period. For the year ended December 31, 2011, the Company did not make any discretionary matching contributions to the Plan.

Vesting

A participant is 100% vested in their accounts including allocated earnings thereon at all times. A participant vests in the Company matching contributions after completion of five years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50 percent of their account balance. The maximum number of loans that can be outstanding at any time is one. Participant loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of plan earnings thereon. Employer contributions are allocated based on a percentage determined by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

1. Description of Plan *(continued)*

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows Financial Accounting Standards Board ("FASB") guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end. Investments in pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents the approximate fair value of the underlying investments comprising the accounts.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies *(continued)*

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2008.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 8, 2012.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Principal Trust Company ("Principal"), the trustees of the Plan, have certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2011.

4. Investments

At December 31, 2011, the Plan's investments consisted of cash which is not subject to the fair value hierarchy. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

4. Investments *(continued)*

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2011:

Balance, at beginning of year	$ 371,331
Contributions	4,814

Transfers to other investments	(325,262)
Benefit payments	(51,884)

Balance, End of Year	$ -

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31, 2011:

	2011	2010

Buffalo Small Cap Fund	*	260,187
Eagle Growth and Income A Fund	*	237,158

* - Amount was less than 5% of the Plan's net assets available for benefits.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the period) (depreciated) appreciated in value for the year ended December 31, 2011 as follows:

Pooled Separate Accounts	$ 14,742
Mutual Funds	(85,056)
	$ (70,314)

5. Guaranteed Investment Contract

The Plan had a guaranteed investment contract ("GIC") with Principal Life Insurance Company. Principal Life Insurance Company maintained the contributions in a general account. Principal Life Insurance Company was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the GIC was benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made to the GIC, plus interest credited, less any withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The statement of net assets available for benefits presents the fair value of the GIC as well as an adjustment from fair value to contract value for the fully benefit-responsive investment contract. The statement of changes in net assets available for benefits was prepared on the contract value basis.

The GIC's average yields based on actual earnings and interest credited to participants ranged from 0.20%-1.15% for 2011 and 0.20%-1.40% for 2010.

6. Life Insurance

The Plan maintains life insurance policies on various participants. As of December 31, 2011, the premiums on the policies were paid in full. During the 2011 plan year, income of $980 was recorded within other on the statement of changes in net assets available for benefits. The total cash surrender value as of December 31, 2011 and 2010 was $34,103 and $95,975.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Plan's prototype plan document preparer has obtained an opinion letter dated March 31, 2008 from the Internal Revenue Service ("IRS") stating that the Plan is designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. Party-in-Interest

Certain Plan investments were managed by Principal Life Insurance Company and Principal Trust Company. Principal Life Insurance Company and Principal Trust Company are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses totaling $2,895 were paid by the Plan to Principal Life Insurance Company for the year ended December 31, 2011.

9. Party-in-Interest *(continued)*

Participants who are active employees may borrow from their accounts and such loans qualify as party-in-interest transactions. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent Event

On January 4, 2012, the Plan changed trustees from Principal Life Insurance Company and Principal Trust Company to Reliance Trust Company. At December 31, 2011, the Plan had non-interest bearing cash of $2,943,539 which was from the liquidation of the Plan's investments in preparation for the transfer of assets to Reliance Trust Company.
