These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

NOTE A - DESCRIPTION OF THE PLAN

The following description of the **AEP Union 401(k) Savings Plan (formerly Webster Union 401(k) Savings Plan)** (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution 401(k) plan, which was established on June 1, 1995, covering all eligible employees of Webster Industries, a division of Chelsea Industries. On October 14, 2011, AEP Industries Inc. (the "Employer") purchased the assets and liabilities of Webster Industries, and assumed responsibility for being the plan administrator of the Webster Union 401(k) Savings Plan, and subsequently changed the name of the Plan to the AEP Union 401(k) Savings Plan.

All employees covered by a collective bargaining agreement working at least 1,000 hours per year are eligible to participate in the Plan as of the first day of the month following the completion of 60 days of employment and the attainment of age 19 ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

Participants may contribute to the Plan an amount of their pre-tax annual compensation, subject to Internal Revenue Code limitations ($16,500 in 2011). Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions ($5,500 in 2011). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, commonly referred to as rollovers. The Employer may elect to make discretionary contributions to the Plan. Allocations of Employer contributions are based on each Participant's compensation in proportion to the compensation of all Participants and are subject to all substantive and administrative provisions of the Plan. To date, there have been no discretionary Employer contributions to the Plan.

NOTE A - DESCRIPTION OF THE PLAN - Continued

3. Participant Accounts

Each Participant's account is credited with the Participant's contributions and allocations of Employer's contribution and Plan investment earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

4. Investment Options

Participants direct the investment of their contributions into their choices of approximately twenty-five investment options offered by the Plan. Sponsor contributions are invested as directed by the Participants.

5. Vesting

Participants are immediately vested in their contributions and Employer contributions and actual earnings thereon.

6. Notes Receivable from Participants

Subject to approval by the Plan administrator, Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans must be for a nonrenewable term of no more than 5 years (or up to 25 years for the purchase of a primary residence) and are repaid ratably through regular payroll deductions. The loans are secured by the balance in the Participant's account and bear interest at a rate of prime plus 1%. Upon Participant termination, the outstanding loan balance shall be deducted from the Participant's account balance. At December 31, 2011, interest rates ranged from 4.25% to 9.25%.

NOTE A - DESCRIPTION OF THE PLAN - Continued

7. Payment of Benefits

On termination of service or upon death, disability or retirement, a Participant has the option of receiving either periodic payments or a lump sum amount equal to the vested value of his or her account. In-service withdrawals from a Participant's account are permitted only due to financial hardship or upon reaching age 59 1/2. Deferral contributions will be suspended for a period of six months after receipt of the hardship withdrawal. Upon termination, if a Participant's account balance is greater than $1,000 but not more than $5,000, and the Participant does not elect to take a distribution, the Plan administrator may make a lump-sum distribution to a direct rollover individual retirement account.

8. Forfeitures

A Participant who leaves the employment of the Employer forfeits any non-vested balance upon the earlier of five one-year consecutive breaks in service or the distribution of the entire vested portion of the Participant's account. Forfeited amounts may be first used to pay administrative expenses with any excess of administrative expenses used to reduce future Employer contributions. As of December 31, 2011 and 2010, there were no unallocated forfeited accounts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

3. Administrative Expenses

Administrative expenses totaled $1,888 for the year ended December 31, 2011. Expenses of maintaining the Plan are paid by the Employer.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - Continued

4. Payment of Benefits

Distributions to participant are recorded when paid.

5. Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on the average cost basis, based on the fair value of investments at the beginning of the Plan year or at the time of purchase during the Plan year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

As of December 31, 2011, the difference between contract value and fair value of the SEI Stable Asset Fund, which holds Guaranteed Investment Contracts, is immaterial, and therefore an adjustment is not presented on the Statement of Net Assets Available for Benefits (See Note C).

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - Continued

6. Notes Receivable From Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent Participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE C - INVESTMENTS

During 2011, the Plan's investments in mutual fund accounts (including investments purchased, sold, and held during the year) depreciated in value by $8,814, and investments in common collective trusts depreciated by $2,722.

Investments that represent 5% or more of the Plan's net assets available for the benefits as of December 31, 2011 and 2010 were as follows:

	2011	2010
SEI Stable Asset	$ 241,715	$ 223,976
Blackrock Lifepath 2030	166,200	167,755
Blackrock Lifepath 2020	102,006	102,518

The Plan's investment in the SEI Stable Asset Fund is a collective trust within the money market/stable value asset category. This fund invests primarily in a broadly diversified portfolio of Guaranteed Investment Contracts ("GICS") issued by major life insurance companies and money center banks, as well as synthetics GICS.

The Plan provides for various investment options in any combination of mutual fund accounts and other investment securities. Mutual fund accounts and other investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan's investments are held and administered by Hartford Life Insurance Company ("Hartford Life"). Hartford Life, the trustee of the Plan, has provided a certification that the following information which is contained or used to develop the accompanying 2011 and 2010 financial statements is complete and accurate:

- Investments
- Investment income
- Net appreciation (depreciation) in fair value of investments
- Schedule of assets (held at year end)

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") Topic 820, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs consisting of unobservable measurements have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE E - FAIR VALUE MEASUREMENTS - Continued

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at period-end. The NAV is a quoted price in an active market and is classified within Level 1 of the fair value hierarchy.

Common collective trusts: Valued based on the contract terms of the underlying guaranteed investment contract. The commingled trust fund is priced daily using a mil rate. The mil rate is a blend of the contracts' rate of return and the liquidity component's daily mil rate. The NAV is classified within Level 2 of the fair value hierarchy as the unit price is not quoted in an active market. However, the unit price is based on underlying investments, which are either traded on an active market or are valued based on observable inputs such as market interest rates and quoted prices for similar securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market Participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a difference fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 521,565	$ -	$ -	$ 521,565
Common Collective Trust	-	241,715	-	241,715
Total assets at fair value	$ 521,565	$ 241,715	$ -	$ 763,280

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010.

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 528,140	$ -	$ -	$ 528,140
Common Collective Trust	-	223,976	-	223,976
Total assets at fair value	$ 528,140	$ 223,976	$ -	$ 752,116

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2011:

	CCT/GICs
Balance, beginning of year	$ 223,976
Purchases, sales, issuances, and settlements (net)	17,739
Balance, end of year	$ 241,715

NOTE F - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and common/collective trust funds managed by Hartford Life. Hartford Life is the trustee of the Plan and, therefore, certain participant-directed transaction fees are party-in-interest transactions as defined by ERISA. Participant loans are also considered to be exempt party-in-interest transactions.

NOTE G - TAX STATUS

The Plan obtained its latest opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - PLAN TERMINATION

Although it has not expressed intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, any unallocated assets of the Plan shall be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

NOTE I - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 1, 2012, the date the financial statements were available to be issued. There are no recognized or non-recognized subsequent events that existed at the balance sheet date which are necessary to disclose to keep the financial statements from being misleading.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2011 - 12/31/2011 and indirect compensation is presented on a calendar year basis ending 12/31/2011.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

[1] Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Indirect Compensation

Float compensation **$0.30**

Bank accounts and investments associated with short-term investment pool, 200 Hopmeadow Road, Simsbury, CT 06089

This is an estimate based on the annual average rate of float (0.01% for 2011) earned on the bank accounts and investments associated with the short-term investment pool for the 2011 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The list includes any investment option held by the plan on at least one month end during the 2011 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that affiliates of Hartford Life Insurance Company act as advisor to the Hartford funds. Such affiliates are identified in the fund's prospectus' and receive management fees in the following amounts:
