We were engaged to audit the financial statements and supplemental schedules of the Leon Management International, Inc. 401(K) Plan (the "Plan") as of December 31, 2011 and 2010 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in NOTE 7, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Leon Management International, Inc. 401(K) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Leon Management International, Inc. (the "Company") who have completed 90 days of continuous service and have attained at least age 18. The date of eligible participation occurs monthly after the requirements have been met; however, if an employee was employed prior to August 2001, the service requirement does not apply. In August 2001, the Plan was adopted under Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Plan is administered by the Company. The Plan's assets are maintained and administered by Principal Life Insurance Company (the "Trustee" or "Principal"). The Plan's recordkeeping services and maintenance of participant account records are managed by Principal Financial Group, as agent for the Trustee.

Contributions

Each year, participants may contribute up to 20% of pre-tax annual compensation, up to the annual dollar deferral limit of $16,500 for 2011 and 2010. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches 100% of the participant's elective deferral contribution up to 3% of the participant's compensation. The Company may also make a discretionary profit-sharing contribution to the Plan. During 2011 and 2010, the Company made no discretionary contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options at any time.

Administrative Expenses

Administrative expenses in connection with the Plan may be paid out of the Plan unless paid by the Company. The Company may also reimburse the Plan for administrative expenses incurred. Administrative expenses paid by the Plan for the years ended December 31, 2011 and 2010 were approximately $98,000 and $82,000, respectively.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Vesting service starts on the participant's date of employment. The vesting percentage increases 20% each year until a participant becomes fully vested. A participant becomes fully vested upon death, total and permanent disability or normal retirement age. Forfeitures resulting from a terminated participant's failure to be fully vested in the Company's contribution will be used to reduce future contributions by the Company.

Loans

The Plan does not permit participant loans.

1. DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Contributions to the Plan may be invested at the participant's discretion in various investment options maintained by the Trustee. Participants may choose from a money market fund, a guaranteed interest account and a variety of mutual funds.

Payment of Benefits

Upon termination of service, a participant may elect either to receive a lump-sum distribution as soon as practicable after separation from service or, if the account balance is greater than $5,000, as of some future date elected by the participant.

Forfeitures

Amounts forfeited from non-vested portion of former-participant accounts are used to reduce Company matching contributions. In 2011 and 2010, $82,750 and $76,835, respectively, was forfeited by former-participants and was used to reduce Company matching contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. The Plan's group annuity contract with Principal Life Insurance Company ("Principal") is not "fully benefit-responsive." Therefore, for financial statement purposes, this contract must be carried at fair value. Fair value also means market value. Principal pooled separate accounts are reported at fair value. Principal guaranteed interest accounts are reported at contract value. The 2011 and 2010 Principal guaranteed interest accounts' contract value approximates the fair value. Due to the immateriality of the difference, Principal's guaranteed interest accounts' portion of the contract is included in the financial statements at fair value.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2012, which is the date the financial statements were available to be issued.

3. TAX STATUS

The Plan has adopted an individually designed volume submitter plan, which obtained an Internal Revenue Service ("IRS") letter dated March 31, 2008, in which the IRS stated that the Plan was acceptable under provisions of the Internal Revenue Code ("Code"). The Plan adopted the "Principal Financial Group Prototype Basic Savings Plan," which has obtained an IRS favorable opinion letter stating that the prototype plan qualifies under Section 401 of the Internal Revenue Code. As an adopter of this prototype plan, the Plan may rely on this favorable opinion letter with respect to the qualification of the Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

4. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's Net Assets at December 31:

	2011	2010
Pooled Separate Accounts:		
Life Time 2030 Separate Account	$ 3,017,956	$ 2,453,210
Life Time 2040 Separate Account	2,247,217	1,959,334
Life Time 2020 Separate Account	1,635,731	1,340,499

Large Cap Growth II Separate Account	**	534,455
Income Separate Account	664,823	532,405
Life Time 2050 Separate Account	663,242	*

* This investment did not represent 5% or more of the Plan's Net Assets at December 31, 2010.
** This investment did not represent 5% or more of the Plan's Net Assets at December 31, 2011.

During 2011 and 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated in value by $(214,957) and $1,205,694, respectively.

The Plan uses the Net Asset Value ("NAV") to determine the fair value of all the underlying investments which (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company. The following table lists all investments:

Investment strategies

a – The funds seek a total return consisting of long-term growth of capital and current income.

b – The funds seek maximum total return, consistent with preservation of capital and prudent investment management.

c – The investment option normally invests the majority of assets in companies in at least three different countries.

d – The funds seek to provide a relatively high level of current income and long-term growth of income and capital. The funds primarily invest in common stocks of large capitalization companies with strong earnings growth potential, and invest the majority of assets in common stocks of companies that compose the S&P 500 Index.

e – The fund seeks to provide a high level of current income consistent with preservation of principal and maintenance of liquidity.

f – The funds primarily invest in common stocks of medium capitalization companies with strong earnings growth potential, and invests the majority of assets in common stocks of companies that compose the S&P MidCap 400 Index. The investments seek long-term growth of capital.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a group annuity investment contract with Principal, which receives the contributions and deposits them into either guaranteed interest accounts or into pooled separate accounts according to the participant's election. Principal pooled separate accounts are reported at fair value. Principal guaranteed interest accounts are reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As the contract is not fully benefit-responsive, the contract is included in the financial statements at fair market value at December 31, 2011 and 2010, as reported to the Plan by Principal. The fair market value of the contract is the value paid when funds are withdrawn prior to their maturity. Participants may ordinarily direct the withdrawal or transfer of or all portion of their investment at contract value; however, a surrender charge may be applied to transfers or withdrawals from an unmatured guaranteed interest account.

7. INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan investments at December 31, 2011 and 2010 were held by the Trustee. The investment balances and related investment information included in these financial statements and supplemental schedules as of December 31, 2011 and 2010 and for the years ended December 31, 2011 and 2010, have been compiled from statements certified as accurate and complete by the Trustee in accordance with Department of Labor regulations.

Investments, at fair value:		
Pooled separate accounts	$ 12,350,331	$ 10,007,882

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments and the related transactions as of December 31, 2011 and 2010, and for the years ended December 31, 2011 and 2010, are in shares of mutual/money funds managed by the Trustee. Therefore, these investments and transactions qualify as party-in-interest transactions. All administrative costs of the Plan were paid by the Plan during 2011 and 2010. All professional fees of the Plan were paid by the Company during 2011 and 2010.

9. FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the accounting standard are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

9. FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Guaranteed Interest Accounts: Valued at fair value. Fair value represents the amount Plan sponsors would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge (NOTE 6).

Pooled Separate Accounts: Valued at fair value. Pooled separate accounts are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The net asset value of pooled separate accounts is based on the market value of its underlying investments. The pooled separate accounts net asset value is not a publicly-quoted price in an active market (NOTE 6).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

11. SUBSEQUENT EVENT

On May 1, 2012, BL Holdings, LLC, Blue Time III, LLC, and L.A. Divas, LLC were added to the Plan as adopting employers.
