PHYSICIAN STAFFING, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2011 AND 2010

1. Description of the Plan:

Physician Staffing, Inc. (Sponsor), pursuant to an adoption agreement executed January 1, 2008, established Physician Staffing, Inc. 401(k) Plan (the Plan). The above adoption constitutes an amendment and restatement of the prior plan agreement with an original effective date of January 1, 2006.

The Plan is a defined contribution plan with a 401(k) feature and covers all employees of entities under common ownership of the Sponsor who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Contributions:

Participants may elect to contribute a percentage of their eligible compensation to the Plan on a pre-tax basis. The amount a participant can contribute is limited to the annual amount set by the Internal Revenue Service.

The Sponsor must make a contribution for each participant in an amount equal to 3% of compensation (or a higher percentage of compensation elected by employer) for the Plan year. The Sponsor elected to make a contribution of 3% of compensation in 2011 and 2010. A participant's interest is 100% vested immediately in these contributions. Contributions totaled \$357,508 in 2011 and \$330,556 in 2010.

The employer may elect to make a discretionary contribution to the Plan. The amount of this contribution is determined annually by the employer. A discretionary contribution was not made for 2011 and 2010.

Participant accounts:

Separate accounts for each participant are maintained and each account is credited with participant and employer contributions and earnings from investments held in the account.

Participants may change their investment elections daily. Participants may direct their contributions, including the employers' contributions into any combination of 27 (26 in 2010) investment funds. Participants may not borrow from their account.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2011 AND 2010

1. Description of the Plan (continued):

Vesting:

Participants are immediately vested in their pre-tax contributions and employer nonelective contributions and related earnings thereon.

Discretionary contributions use the vesting schedule below, based on credit years of service when vested interest is determined. In determining vested interest in this account, all of the years of service will be counted except those that are credited prior to the date participants reach age 18.

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20
3	40
4	60
5	80
6	100

At December 31, 2011 and 2010, there were \$1,605 and \$1,437, respectively, of forfeited accounts not allocated to participants' accounts. Forfeitures of nonvested accounts were retained in the Plan and can be used to pay administrative expenses, restore previous forfeitures as needed and then to reduce employer contributions to the Plan.

Payment of benefits:

Upon termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's interest in his or her account or installment payments. All accounts are subject to distribution upon the participant's termination, retirement, total disability or death.

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs.

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

PHYSICIAN STAFFING, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2011 AND 2010

2. Summary of significant accounting policies:

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments in mutual funds are recorded at fair value at December 31, 2011 and 2010, as provided by Reliance Trust Company (Reliance).

The basis of investments sold is determined by the fair value at the beginning of the year or the purchase price, if acquired during the year. The amounts were provided by Reliance.

In accordance with accounting principles generally accepted in the United States of America, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The collective investment trust is presented at contract value in the statements of net assets available for benefits. The contract value approximates fair value and, therefore, there is no adjustment from contract value to fair value for this fully benefit-responsive contract. The statements of changes in net assets available for benefits are prepared on a contract value basis.

As provided by Reliance, purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

The Plan's fixed fund account with Hartford Life Insurance Company (Hartford) is recorded at the estimated contract value, as provided by Reliance. The average interest rate is 0.10% in 2011 and 2010.

Payment of benefits:

Benefits are recorded when paid.

4. Fair value:

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access

YEARS ENDED DECEMBER 31, 2011 AND 2010

4. Fair value (continued):

- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Assets measured at fair value on a recurring basis at December 31, 2011 and 2010 were as follows:

	<u>\$ 4,192,482</u>	<u>\$ 3,675,379</u>	<u>\$ 517,103</u>

The fair value of the mutual funds is based on the fund's net asset values at the end of the Plan year. The fair value of the fixed fund account is part of Hartford's general account and is subject to the claims of Hartford's general creditors. Hartford credits interest on contributions made to the fixed fund account at a rate Hartford declares for a period of time that Hartford determines.

5. Administrative expenses:

Administrative expenses of the Plan paid by the Sponsor amounted to \$10,046 in 2011 and \$7,770 in 2010. Certain administrative functions are performed by employees of the Plan Sponsor. No such employee, nor the Plan Sponsor, receives compensation from the Plan.

6. Information certified by trustee:

Management of the Plan engaged Reliance as trustee of the Plan. The financial information included in the Plan's financial statements, except for receivables has been derived from information certified as complete and accurate by the trustee, in accordance with Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

7. Income tax status:

The Plan received a favorable determination letter dated March 31, 2008 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is no longer subject to Federal income tax examination by tax authorities for years before 2008.

8. Party-in-interest transactions:

The Hartford Fixed Fund is managed by Hartford who is the custodian of the Plan. Furthermore, Hartford is affiliated with Reliance (the trustee of the Plan) and, therefore, these transactions qualify as party-in-interest.

9. Plan termination:

The Plan Sponsor expects to continue the Plan but reserves the right at any time and within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through October 3, 2012, the date the Plan's financial statements were available to be issued.
