Wirtz Corporation Union Employees 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2011 and 2010

Note 1- Description of Plan:

The following description of the Wirtz Corporation Union Employees ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all members of the collective bargaining units of the Company, who have six months of service and are age twenty and one-half or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, eligible participants may contribute up to 100% of pretax annual compensation or \$49,000, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a fixed income, a money market, six solution portfolios, and nineteen variable investment funds as investment options for participants. Company contributions to the Plan are allocated as stated in the individual collective bargaining agreements. Employer contributions are invested as directed by the individual participant.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in the Company's contribution, as applicable, plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 2% (5.25% to 10.25%) during the year ended December 31, 2011, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Note terms may not exceed 5 years, except for notes for the purchase of a participant's primary residence. Principal and interest are paid ratably through monthly payroll deductions. There are no past due or non-accrual notes receivable from participants at December 31, 2011 and 2010. Interest income on the loans are accrued through year-end, and listed at their amortized cost.

Payment of benefits

On termination of service due to death, disability, retirement or other reasons, a participant is entitled to a lump-sum distribution of their total interest. There are no undistributed termination of service benefits as of December 31, 2011 and 2010.

Note 2 - Summary of Significant Accounting Policies:

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Plan administration

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

Use of estimates

The preparation of financial statements in conformity with the United States of America's generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis.

Payment of benefits

Benefits are recorded when paid.

Expenses

Substantially all investment expenses are picked up by the Plan and allocated to the participants as shown in the change in value of investments. The Plan sponsor incurs expenses on behalf of the plan that are not reimbursed by the Plan.

Note 3 - Information Prepared and Certified By Trustee:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to the information included in the Plan's financial statements and supplemental schedule. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee.

Note 5 - Investments and Fair Value Measurements:

The United States of America generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable to the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Wirtz Corporation Union Employees 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2011 and 2010

Note 5 - Investments and Fair Value Measurements (continued):

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2011 and 2010.

Common/collective mutual funds: Valued at the fair value of the shares in the collective trust, as determined by the fair value of the underlying investments/mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	<u>Level 1</u>	<u>2011</u> <u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common/collective mutual funds	\$ <u> -</u>	\$ <u>8,690,130</u>	\$ <u> -</u>	\$ <u>8,690,130</u>
		<u>2010</u>		
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common/collective mutual funds	\$ <u> -</u>	\$ <u>8,176,194</u>	\$ <u> -</u>	\$ <u>8,176,194</u>

The certified report from the trustee does not contain the allocation between investment income and realized and unrealized gains and losses on investments, and accordingly, the allocation is not presented in the statement of changes in net assets available for plan benefits.

Note 6 - Related Party:

The Plan invests in investments held by the custodian. The custodian paid commissions to Wirtz Insurance Agency of \$25,992 and \$25,857, and fees to Benefit Services Group Inc. of \$4,317 and \$4,209 for services provided for the years ended December 31, 2011 and 2010, respectively. These transactions are considered exempt party-in-interest transactions.

Wirtz Corporation Union Employees 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2011 and 2010

Note 7 - Indirect Compensation:

For the years ended December 31, 2011 and 2010, the Plan paid \$160,383 and \$120,596, respectively, in indirect compensation which included reimbursement fees, insurance mortality and expense charges, recordkeeping fees, account maintenance fees, investment advisory fees and 12B-1 distribution fees. Indirect compensation is compensation that a service provider receives from sources other than the Plan directly or from the Plan sponsor in connection with services rendered to the Plan during the Plan year.

Note 8 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 9 - Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 10 - Uncertain Tax Positions:

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would be sustained upon examination by federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 3, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan has never had unrelated business income tax (UBIT) nor has it had to file the Form 990-T. Therefore, all tax years are open for examination by federal and state taxing authorities related to UBIT.
