INDEPENDENT AUDITORS' REPORT

To the Trustee
William R. Nash 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the William R. Nash 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2011 and 2010 and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the William R. Nash 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by William R. Nash, Inc. and its Affiliates (the "Company") for the benefit of its full-time employees who have completed three consecutive full calendar months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted on January 1, 1993.

Employees who have satisfied the eligibility requirements may begin participating in the Plan on the first day of the following month. The plan entry dates are on the first of each month.

Plan amendment - Effective January 1, 2010, the Plan was amended and restated to comply with current regulations.

Contributions - Participants may make voluntary contributions to the Plan up to the maximum allowable annual deferral established by the Internal Revenue Code ("IRC"). Participants may also make contributions to the Plan on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan.

The Company may make matching contributions equal to a discretionary percentage of the participant's elective deferrals, to be determined by the Company. The Company made matching contributions to the Plan for the years ended December 31, 2011 and 2010, equal to 25% of the contributing participant's elective deferral on the first 10% of the participant's compensation. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain limitations.

Participant investment account options - Upon enrollment in the Plan, participants direct the investments of all contributions into various investment options offered through the Plan's group annuity contract with John Hancock Life Insurance Company ("John Hancock"). Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at their discretion.

(1) Description of plan (continued)

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Employer contributions are subject to the following vesting schedule:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notwithstanding the above, participants shall become fully vested upon reaching normal retirement age under the Plan.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may have no more than one loan outstanding at any one time. Loan terms cannot extend beyond five years from the date of the loan. However, if the loan is for the purchase of the participant's principal residence the Plan permits a longer repayment term. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - Participants are allowed in service withdrawals of their participant's vested interest in his or her account upon attainment of retirement age or in the event of a financial hardship. In the event of a financial hardship, termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

(2) Summary of significant accounting policies

Forfeited accounts - At December 31, 2011 and 2010, forfeited nonvested accounts totaled $16,234 and $9,890, respectively. These accounts will be used to reduce future employer contributions or payment of plan expenses. Also, for the years ended December 31, 2011 and 2010, employer contributions were reduced by $10,200 and $4,811 from forfeited nonvested accounts. Additionally, during 2010, the employer used $2,890 to pay Plan expenses.

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a fair value basis.

Use of estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

New accounting pronouncements - The following new accounting pronouncements were adopted during year ended December 31, 2011:

Fair value disclosures - In January 2010, the Financial Accounting Standards Board ("FASB") issued guidance which expanded the required disclosures about fair value measurements. This guidance requires information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level 3 fair value measurements and is effective for fiscal years beginning after December 15, 2010. Net assets available for benefits and changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance.

(2) Summary of significant accounting policies (continued)

Fair value measurements - In May 2011, the FASB issued guidance which amends Accounting Standards Codification ("ASC") 820. This guidance requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. In addition, it provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The guidance requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. The Company is currently evaluating the impact that this guidance will have on the Plan's financial statement disclosures.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Unit Values - Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits.

(3) Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31, 2011	December 31, 2010
Lifestyle Balanced	$ 880,369	$ 994,512
Lifestyle Aggressive	$ 661,958	$ 901,520
Lifestyle Moderate	$ 445,126	$ 405,565
Lifestyle Growth	$ 390,363	$ 380,728
Retirement Living at 2015	$ 265,191	*
Lifestyle Conservative	$ 260,446	*

* Not applicable, investment was not part of the investment options during the year.

During 2011 and 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated in value as follows:

	Years Ended December 31, 2011	Years Ended December 31, 2010
Pooled separate accounts	$ (147,839)	$ 546,682

(4) Information prepared and certified by the custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Fair value measurements

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(5) Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Valued at estimated fair value as determined by the issuer of the pooled separate account based on the fair market value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

	Investments at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
International	$ -	$ 130,016	$ -	$ 130,016

Total investments at fair value	$ -	$ 4,505,392	$ -	$ 4,505,392

(5) Fair value measurements (continued)

	Investments at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
International	$ -	$ 181,957	$ -	$ 181,957
Large Cap	-	1,356,541	-	1,356,541
Mid Cap	-	409,996	-	409,996

Small Cap	-	181,580	-	181,580
Total investments at fair value	$ -	$ 4,732,058	$ -	$ 4,732,058

(6) Net asset value ("NAV") per share

In accordance with ASU No. 2009-12, the Plan expanded its disclosures to include the category, fair value, unfunded commitments, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share as of December 31, 2011 and 2010.

The following table for December 31, 2011 and 2010, sets forth a summary of the Plan's investments with a reported NAV.

Investments	Fair Value* 12/31/2011	Fair Value* 12/31/2010	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 4,505,392	$ 4,732,058	$ -	Daily	None

* The fair values of the investments have been estimated using the net asset value of the investment.

(7) Parties-in-Interest

Certain plan investments are shares of mutual funds managed by John Hancock. John Hancock is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and recordkeeping services amounted to $29,087 and $23,206 for the years ended December 31, 2011 and 2010, respectively.

(8) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(9) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net increase per the financial statements for the years ended December 31, 2011 and 2010 to Form 5500:

	Years Ended December 31,	
	2011	2010
Net increase per the financial statements	$ (213,853)	$ 800,430
Less prior year excess contributions refundable	-	(7,702)
Net increase per Form 5500	$ (213,853)	$ 792,728

(10) Tax status

The Internal Revenue Service has determined that the volume submitter prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC") and informed Custodian of such in a letter dated March 31, 2008. The Plan Administrator/Administrative Committee has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

(11) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(12) Subsequent events

The Plan has evaluated subsequent events through October 9, 2012, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
