Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.

To the Trustees of the Rolling Plains Construction Employee Savings Trust

We were engaged to audit the Statements of Net Assets Available for Benefits of the Rolling Plains Construction Employee Savings Trust, as of December 31, 2011 and 2010, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011, and the supplemental schedules as of December 31, 2011, as listed in the accompanying contents. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of Rolling Plains Construction Employee Savings Trust for the year ended December 31, 2010, were audited by other auditors whose report dated October 14, 2011, expressed a disclaimer of opinion on those statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes H and I, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, the scope of our work was not sufficient to enable us to express, and we do not express an opinion on the accompanying financial statements and supplemental schedules. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with generally accepted auditing standards accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A Description of Plan.

The following description of the Rolling Plains Construction Employee Savings Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1 **General.** The Plan is a defined contribution plan that covers all employees of Rolling Plains Construction, Inc., Desert Plains, Inc., and 1 Source Fire Stop, Inc., collectively referred to as "the Company", who have completed six months of service and are age eighteen or older. An employee must be employed on the last day of the Plan year in order to be eligible to receive the Company's discretionary annual profit sharing contribution. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2 **Contributions.** Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan, or up to the maximum annual limit as set forth by the Internal Revenue Service. For the years ended December 31, 2011 and 2010, the amount was $16,500 for both years. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make matching contributions to eligible employees under safe harbor provisions. Contributions are subject to certain limitations.

In addition to the safe harbor matching contribution, the Company may elect to make a matching contribution and a profit sharing contribution as defined by the Plan. For the years ended December 31, 2011 and 2010, the Company elected not to make any matching contributions or profit sharing contributions.

3 **Participant Accounts.** Each participant's account is credited with the allocation of (a) the participant's contributions, (b) the Company's contribution, (c) Plan earnings, and (d) participant rollovers. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

4 **Vesting.** Participants are immediately vested in their voluntary contributions plus safe harbor matching contributions and actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

5 **Investment Options.** Upon enrollment in the Plan, contributions will be allocated between accounts as directed by the participant in accordance with the investment allocation form provided by the employer. Participants may change their investment options at anytime.

A Description of Plan. (Continued)

6 **Participant Notes Receivable.** Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms generally range from 1-5 years, but may be extended at the discretion of the plan administrator in the case of the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a return comparable to the rates being charged by lending institution in the same geographic locale as the employer. Principal and interest is paid ratably through monthly payroll deductions.

7 **Forfeited Accounts.** At December 31, 2011 and 2010, the balance of the forfeited accounts totaled $1 and $3, respectively. The forfeiture account balance may be used to offset future employer contributions. During the years ended December 31, 2011 and 2010, the Company did not utilize any forfeitures to offset the employer match.

8 **Payment of Benefits.** Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a specified period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

9 **Administrative Fees.** Certain expenses of maintaining the Plan are paid directly by the Company. Certain fees are charged directly to the participant's account and are included in administrative expenses. Administrative expenses paid out of Plan assets for the years ended December 31, 2011 and 2010, were $522 and $675, respectively.

B Summary of Accounting Policies.

1 **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual method of accounting.

2 **Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

B Summary of Accounting Policies. (Continued)

3 **Subsequent Events.** In preparing its financial statements, the Company has evaluated subsequent events through October 2, 2012, which is the date the financial statements were available to be issued. The Company has not identified any material subsequent events that require reporting or disclosure.

4 **Participant Notes Receivable.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans may be classified as distributions based upon the terms of the Plan document.

5 **Investment Valuation and Income Recognition.** The investments of all of the funds, except the fully benefit-responsive investment contract, are presented at fair value based on the quoted market prices of the underlying securities within each fund at December 31, 2011 and 2010. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fully benefit-responsive investment contract is reported at fair value and adjusted to contract value. Contract value represents the accumulated contributions, plus accrued net earnings, less distributions. Per AUL the fair value and contract value are equal at December 31, 2011 and 2010.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

6 **Payment of Benefits.** Benefits are recorded when paid.

C Fair Value Measurements.

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels, and all of the Plan's investments are valued using inputs considered Level 2.

Level 2 Fair Value Measurements.

The fair value of the fully benefit-responsive investment contract is based on quoted net asset values of similar assets in active markets at year end.

The fair value of the Group Annuity Separate Account – Mutual Funds is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged pursuant to the contract.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

Investments at Fair Value as of December 31, 2011

	Fair Value	Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

D Party-in-Interest Transactions.

Certain Plan investments are managed by American United Life Insurance Company. American United Life Insurance Company is the custodian and the third party administrator, providing recordkeeping services as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees and commissions paid by the Plan for the investment management and recordkeeping services amounted to $522 and $675, for the years ended December 31, 2011 and 2010, respectively. All Plan investments are part of the Group Annuity Separate Account Contract and the fully benefit-responsive investment contract managed by American United Life Insurance Company.

E Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

F Tax Status.

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter dated March 31, 2008, from the Internal Revenue Service and the plan sponsor believes that the Plan continues to qualify and to operate as designed.

F Tax Status. (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to December 31, 2008.

G Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

H Investment Contract with Insurance Company.

The Plan entered into an investment contract with American United Life Insurance Company; the Group Annuity Separate Account Contract. Under this contract, American United Life Insurance Company maintains the contributions in mutual fund investment vehicles. The mutual fund investment vehicles are made available by American United Life Insurance Company consisting of various mutual funds which have their own investment objectives and policies. The contract is included in the financial statements at contract value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expense). The contract value approximates fair value. These amounts are listed as mutual funds for the purpose of the financial statements.

The Plan entered into a fully benefit-responsive investment contract with American United Life Insurance Company. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract.

H Investment Contract with Insurance Company. (Continued)

The guaranteed investment contract is presented on the face of the Statement of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by American United Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

No adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by American United Life Insurance Company.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010, was $70,786 and $60,587, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates were reviewed on a bi-monthly basis for resetting.

	2011	2010
Average Yields:		
Based on Actual Earnings	2.36%	3.01%
Based on the Interest Rate Credited to Participants	2.00%	3.01%

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with American United Life Insurance Company. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable.

J Prohibited or Non-Exempt Transactions.

In 2011, 2010, and 2009, the Company determined that the matching contributions made by the Company were not in compliance with the terms of the Plan's document. In addition, participant deferrals were not calculated on certain elements of the Plan compensation. The Plan's management intends to consult a qualified ERISA attorney regarding the correction options available to the Plan. The impact on the Plan's financial statements has not been determined.

During 2011, the Plan did not remit employee contributions in a timely manner. As of December 31, 2011, the amount of the untimely contributions was $9,302, but the amount of lost earnings was not yet known. The Company intends to file Form 5330 Excise Tax Return for these nonexempt prohibited transactions. In accordance with DOL regulations, Schedule H, Line 4a: Schedule of Delinquent Participation Contributions is required to be attached to the financial statements as a supplemental schedule.
