PROFIT SHARING AND 401(K) PLAN as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and the supplemental schedule are the responsibility of the plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing the investment information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds all of the plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2011 and 2010, that the investment information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the investment information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DUECO, INC. PROFIT SHARING AND 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Participating employers - The DUECO, Inc. Profit Sharing and 401(k) Plan includes the following participating employers, collectively referred to as the "employer", that are related entities.

DUECO, Inc.
Utility Equipment Leasing Corporation

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - In preparing these financial statements, the plan has evaluated events and transactions subsequent to December 31, 2011 through October 2, 2012, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - The employer is the plan sponsor and the plan administrator. Fidelity Management Trust Company ("Fidelity") is the trustee and plan agent that holds custody of plan assets. Fidelity Investments Institutional Operations Company, Inc. is the third party administrator that maintains plan and participant records and performs various compliance tests as tax counsel. Channel Financial is the plan's investment advisor.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The investments in mutual funds are recorded at fair value based on quoted market prices. The Fidelity Advisor Prime Fund is a money market fund recorded at fair value based on quoted prices. The Fidelity Advisor Stable Value Portfolio is a common/collective trust fund invested primarily in fully benefit-responsive investment

contracts offered by insurance companies, banks and other financial institutions. The fair value of the common/collective trust fund is determined based on the plan's pro rata ownership of the underlying assets held in the common/collective trust fund as confirmed by the plan agent. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investment options for more information.

Investment contracts held in a common/collective trust fund by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The accompanying statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits were prepared on a contract value basis.

Fair value measurements - Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The fair value methodology applied by the plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2011 and 2010, as set forth below.

Investments at fair value as of December 31, 2011

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan is a deferred income arrangement as provided for by section 401(a) of the Internal Revenue Code of 1954, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees who have attained eighteen years of age and are not members of a collective bargaining unit are eligible for participation in the elective deferral contribution and employer matching portion of the plan on the first day of the month subsequent to having completed three months of service. For purposes of the employer discretionary contributions, an employee is eligible to participate on the first day of the month subsequent to having completed twelve months of employment. For employer matching and discretionary contributions, an employee must have accumulated 1,000 hours of service during the plan year and must be employed on the last day of the year to which the contributions relate.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their annual wages subject to certain limitations (elective deferral contributions). Upon meeting the eligibility requirements, new employees are automatically enrolled in the plan and have 2% of compensation withheld as deferral contributions. The deferral contribution percentage automatically increases by 1% annually (not to exceed 10%) subject to certain limitations. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Participants may make rollover contributions from other qualified plans.
- c. The employer may make a matching contribution equal to a discretionary percentage of the elective deferral contributions, subject to certain limitations (matching contributions). No matching contributions were made in 2011 or 2010.
- d. A nonelective contribution may be made at the employer's discretion. No such discretionary contributions were made for 2011 or 2010.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants become vested in employer matching contributions and related earnings using the elapsed time method according to the following schedule.

<u>Years of vesting service</u>	<u>Vested percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants become vested in employer discretionary contributions and related earnings using the elapsed time method according to the following schedule.

<u>Years of vesting service</u>	<u>Vested percentage</u>
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon death, disability or qualified retirement participants become 100% vested.

Forfeitures - Forfeitures from terminated participants are reallocated to active participants according to the plan document. Forfeitures reallocated to active participants were \$5,555 and \$4,175 in 2011 and 2010. The net assets available for benefits included \$5,473 and \$5,595 of unapplied forfeitures as of December 31, 2011 and 2010.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contributions, if any. Participants are allowed to transfer funds between the various investment options daily and change their deferral percentage at the beginning of each payroll period.

Benefits to participants - Benefit payments shall commence upon death, disability, normal retirement or termination of employment. Participants will generally receive the distribution of their accrued benefits in the form of a single lump sum payment. In addition, hardship withdrawals are permitted under the plan. In-service withdrawals can commence upon attaining the age of 59½.

Notes receivable from participants - Actively employed participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The maximum loan term for a general purpose loan is five years. Loan proceeds used to purchase a primary residence may be repaid over a period of up to ten years. Participants may only have one loan outstanding at any given time. Loans are secured by the balance in the participant's account and bear interest at rates set by the plan administrator. Interest rates are fixed for the duration of the loan. Principal and interest are repaid through payroll deductions. Loans can be prepaid without penalty. As of December 31, 2011, the loans to participants had interest rates ranging from 4.25% to 9.25% with various repayment schedules through June 2021. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

Administrative fees - Certain administrative fees of the plan are paid by the employer.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

4. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of funds managed by Fidelity. Fidelity is the trustee and plan agent that holds custody of plan assets and therefore, these transactions qualify as party-in-interest transactions. Investment management fees paid to Fidelity were \$2,577 and \$3,027 in 2011 and 2010.

5. INCOME TAX STATUS

The plan adopted the Fidelity Basic Plan Document No. 14. The prototype plan received its most recent favorable determination letter on March 31, 2008 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. As a result, the plan administrator has not obtained a separate Internal Revenue Service determination letter for the plan. The plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the trustee has certified that the following data is complete and accurate.

- a. Investments held for the plan and the fair values of such as of December 31, 2011 and 2010;
- b. The contract values of the Fidelity Advisor Stable Value Portfolio as of December 31, 2011 and 2010;
- c. Investment income and net appreciation (depreciation) in fair value of investments during 2011 and 2010;

- d. Contributions to, withdrawals from, purchases, sales and interfund transfers between accounts during 2011 and 2010; and
- e. Individual participant account statements (which include beginning account balances, contributions, investment income (loss), transfers, withdrawals and ending account balances) during 2011 and 2010.

Since the trustee certified the above information is complete and accurate with respect to investments, Department of Labor regulations allow these investments and related activity to be excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See the accompanying independent auditors' report.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As discussed in Note 1, generally accepted accounting principles require the use of contract value accounting for benefit-responsive investment contracts. As a result, the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended differ from the Form 5500 due to the Form 5500 reporting the Fidelity Advisor Stable Value Portfolio at fair value. The following is a reconciliation.

	2011	2010
Net assets available for benefits per the financial statements	\$12,855,852	\$12,934,871
Adjustment from fair value to contract value for the Fidelity Advisor Stable Value Portfolio	70,420	40,588
Net assets available for benefits per Form 5500	<u>\$12,926,272</u>	<u>\$12,975,459</u>
	2011	2010
Interest income on Fidelity Advisor Stable Value Portfolio per the financial statements	\$ 26,237	\$ 28,657
Prior year adjustment from fair value to contract value for the Fidelity Advisor Stable Value Portfolio	(40,588)	2,717
Current year adjustment from fair value to contract value for the Fidelity Advisor Stable Value Portfolio	70,420	40,588
Net investment gain from common/collective trust per Form 5500	<u>\$ 56,069</u>	<u>\$ 71,962</u>
