To the Benefits Committee
Yucca Mountain 401(k) Savings Plan
Aiken, South Carolina

We were engaged to audit the accompanying statements of net assets available for benefits of the Yucca Mountain 401(k) Savings Plan (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the years then ended, and the supplemental schedules (1) Schedule H, Line 4i-Schedule of Assets Held At End of Year, and (2) Schedule H, Line 4a-Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2011. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Plan Description

The following description of the Yucca Mountain 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Plan participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

General

The Plan, a defined contribution plan, was established on February 12, 2001, covering all eligible employees of Bechtel SAIC Company, LLC, (the Sponsor or “BSC”). BSC is a joint venture between Bechtel National, Inc. and Science Applications International Corporation (“SAIC”). The Plan was established to provide for voluntary contributions by participants and matching and discretionary contributions by the Sponsor. Effective April 1, 2009, the Plan’s sponsorship was transferred from BSC to USA Repository Services, LLC (“USA RS”) and renamed the Yucca Mountain 401(k) Savings Plan. The Plan was formerly known as the Bechtel SAIC Company, LLC 401(k) Savings Plan.

The Plan was frozen effective December 31, 2010 (the “Freeze Date”). As a result of the freeze, there will be no new entrants into the Plan, and there will be no new contributions into the Plan subsequent to the Freeze Date.

Eligibility

Prior to the Freeze Date, all regular salaried USA RS employees regularly scheduled to work 20 or more hours per week were eligible to participate in the Plan, excluding employees who were leased (as defined under code 414(n) of the Internal Revenue Service) or non-resident aliens.

Contributions

Prior to the Freeze Date, Plan contributions consisted of four components: (i) eligible employee deferral contributions and/or after-tax contributions of 1% to 30% of participant’s compensation (before tax dollar limitation in accordance with the Internal Revenue Service (\$16,500 plus \$5,500 catch up for participants age 50 or over for 2010)), (ii) matching contributions from USA RS each pay period up to 4% of the eligible participant’s compensation, (iii) annual discretionary contributions from USA RS with the amount determined each year, but not less than 2% nor greater than 5% of the compensation of all employees who were eligible to receive an allocation as defined in the plan document, and (iv) rollover contributions from a participant’s personal or prior employer tax deferred retirement accounts. Participants could suspend their contributions at any time. Participants who were represented by a union were not eligible for the matching contributions described in (ii) above.

Discretionary Contributions

Prior to the Freeze Date, each year USA RS made a discretionary contribution to the Plan’s eligible participants. USA RS determined the amount of the contribution annually, which is between 2% and 5% of the compensation of all employees who were eligible to receive an allocation. Employees eligible to receive an allocation included all employees eligible to participate in the Plan who were employed on the last day of the plan year, and those eligible employees who had terminated employment during the year due to death, disability or retirement, except any such employee who accrued a benefit under the Yucca Mountain Salaried Pension Plan for the year. No discretionary contribution was made to the plan during the year ended December 31, 2011. The discretionary contribution for the year ended December 31, 2010, was \$40,678.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, the Sponsor's matching and/or non-contributory contributions, and investment gains, and charged with withdrawals and investment losses. Allocations of investment gains and losses are based upon relative fund account balances at regular valuation dates specified by the Trustee of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Vesting

Participants are fully vested in their contributions, employer contributions, and the earnings thereon at all times.

Notes Receivable from Participants

Prior to the Freeze Date all participants in the Plan could apply for a loan from the Plan. Subsequent to the Freeze Date, only active participants in the Plan may apply for a loan from the Plan. A loan made to a participant shall be an amount that is not less than \$1,000 or more than 50% of the participant's account balance up to \$50,000. Loans bear interest at a fixed rate of prime plus 1% and are collateralized by the borrower's assignment of rights to their available account, as acknowledged by a promissory note. Interest rates range from 4.25% to 9.25%. Repayments are generally made over a maximum five-year period.

Benefit Payments

Withdrawals of pre-tax contributions are only allowed in cases of proven hardship or the attainment of age 59 ½. Rollover contributions and after-tax contributions can be withdrawn at any time.

Upon termination of employment, retirement, or death, participants or beneficiaries may elect to receive a single lump-sum payment equal to the value of the participant's account, or rollover all or part of the account balance into an IRA or another qualified plan, as defined in the Plan document. A participant with a balance less than \$1,000 may automatically receive a distribution of their account.

Plan Termination

Although it has not expressed any intent to do so, USA RS has the right under the Plan to elect to terminate the Plan at any time, subject to the provisions of the Plan document and the Employees Retirement Income Security Act of 1974 ("ERISA"). In the event of termination, partial termination, or discontinuance of the Plan, USA RS is required to pay any outstanding employer contribution due under the Plan.

Note 2 - Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Administration Expenses

The USA RS has discretion to determine whether administrative expenses shall be paid by USA RS or the Plan. For the years ended December 31, 2011 and 2010, administrative expenses paid by the Plan consisted primarily of investment management fees. USA RS provides accounting and other administrative services to the Plan at no charge.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 5, 2012, the date which the financial statements were available to be issued.

Note 3 - Investments

Following are the fair values of individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2011 and 2010:

	2011	2010
Investments at fair value		
Fidelity Retirement Money Market Portfolio	\$8,351,182	\$10,644,826
Fidelity Balanced Fund	4,963,082	5,499,241
PIMCO Total Return Fund	4,594,943	5,506,135
Fidelity Spartan 500 Index Fund	4,157,942	5,020,233
Fidelity Growth Company Fund	4,057,310	4,819,468
Fidelity Mid-Cap Stock fund	3,293,926	4,507,156
Fidelity Low-Priced Stock Fund	3,130,137	4,502,705
Perkins Mid-Cap Value Fund	2,465,051	3,240,178
Fidelity Diversified International Fund	2,390,788	3,858,218

The Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$1,496,673 during 2011 and appreciated in value by \$5,750,563 during 2010.

Note 4 - Fair Value Measurements

Topic ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Mutual Funds

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011, there were no significant transfers in or out of levels 1, 2, or 3.

Note 5 - Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Fidelity Management Trust Company, the "Trustee" of the Plan, as of December 31, 2011 and 2010 and for the years ended December 31, 2011 and 2010.

The information certified by the Trustee were the annual reports and accounting for the years ending December 31, 2011 and 2010, which include beginning and ending balances of assets, a detailed listing of the transactions in the various funds, including investment earnings (losses), and interest income on notes receivable from participants.

Note 6 - Income Tax Status

The Internal Revenue Service (the "IRS") has determined and informed USA RS by a letter dated April 16, 2009, that the Plan was designed in accordance with the applicable regulations of the Internal Revenue Code (the "IRC"). Subsequent to this issuance of the determination letter, the Plan was amended. However, USA RS and Plan management believes that the Plan is currently designed and operated in compliance with the applicable

requirements of the IRC, and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRC. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7 - Party-in-Interest Transactions

Certain investments of the Plan are shares of funds managed by Fidelity Investments, Inc., a related party of the Plan's trustee; and therefore, these transactions are considered exempt party-in-interest transactions. The Plan incurred \$1,561 and \$2,380 for Fidelity Management Trust Company administrative services for the years ended December 31, 2011 and 2010, respectively.

Note 8 - Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the financial statements.

Note 9 - Nonexempt Party-in-Interest Transaction

In 2010, participant contributions, including participant loan repayments, in the aggregate amount of \$5,710 were deemed to have been remitted late to the Trustee as specified by Department of Labor Regulation 2510.3-102. USA RS is in the process of making the necessary correction by depositing to the affected participant accounts the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.
