INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Del West USA 401(K) Plan
Valencia, California

We were engaged to audit the accompanying Statements of net assets available for benefits of the Del West USA 401(K) Plan (the "Plan") as of December 31, 2011 and the related Statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule H, line 4i – Schedule of assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated September 23, 2011, indicated that (a) because of the significance of information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Del West USA 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the company who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan provides for transfers from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various variable annuities and an insurance investment contract as investment options for participants.

The company may make discretionary matching contributions of a dollar amount or percentage of the participant's deferrals that is uniformly determined by the company. For the years ended December 31, 2011 and 2010, the company did not make contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Matching and Profit Sharing Contributions by the Company

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based upon years of continuous service. Participants' vest 20% per year of service starting at the completion of one year, and are fully vested after the completion of five years. Company contributions are fully vested upon the death or disability of the participant.

NOTE 1 DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The Notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00% per annum, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. If a participant's vested benefit in the Plan does not exceed $5,000, then his or her distribution will be in a lump-sum payment. Subject to certain ERISA provisions, a participant may make a hardship withdrawal from his or her account.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited non-vested accounts totaling $20 are included in net assets available for benefits. This amount may be used to reduce future company matching contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared based on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States and present the net assets available for benefits and changes in net assets available for benefits.

Plan Administration

The Employer is the Plan sponsor and the Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

NOTE 2 ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income and Loss Recognition

The Plan's investments values are reported by the annuity option daily based on the valuation method disclosed in the annuity contract. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the Net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of net assets available for benefits presents the fair value of the investment contracts as the fair value equaled the contract value at December 31, 2011.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of net assets available for plan benefits and the Statement of changes in net assets available for plan benefits.

NOTE 2 ACCOUNTING POLICIES (Continued)

Risks and Uncertainties (Continued)

These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Most expenses of maintaining the Plan are paid by the company, with the exceptions of annual administrative fees, participant account charges, an asset-based fee, and specific charges for processing loans and distribution payments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

The Plan evaluated subsequent events through October 8, 2012, the date the financial statements were available to be issued.

NOTE 3 INVESTMENTS AND CERTIFICATION BY CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified Great-West Life & Annuity Insurance Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

NOTE 3 INVESTMENTS AND CERTIFICATION BY CUSTODIAN (Continued)

Total investments and notes receivable from participants held and certified by Great-West Life & Annuity Insurance Company in the accompanying Statements of net assets available for Plan benefits were $566,344 and $521,079 as of December 31, 2011 and 2010, respectively. Net investment loss of $12,465 and interest income on notes receivable from participants of $3,179 was certified by Great-West Life & Annuity Insurance Company in the accompanying Statement of changes in net assets available for benefits for the year end December 31, 2011.

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $14,729.

The following are investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2011 and 2010 were as follows:

	2011	2010
Guaranteed Portfolio Fund	$111,540	$100,263
Maxim Moderate Profile II	$ 83,763	$ 80,665
Oppenheimer Global A	*	$ 37,586
Maxim Bond Index	*	$ 37,756

*Investment balance is less than 5% of the Plan's net assets

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Variable Annuities: Valued daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund net asset value (NAV) calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day.

Fixed Annuity: Valued at the valuation formula disclosed in the contract. Methodology includes evaluating the general financial condition of the issuer of the annuity contract that is owned by the Plan sponsor as a component of validating whether the calculated contract value is an accurate value. All inputs are generally considered obtainable/observable through review of existing contracts and readily available financial information (See note 5). The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates over the year. The average for December 31, 2011 was 2.03%. The actual average yield for the year ended December 31, 2011 was 2.03%.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by Level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Fair Value
Variable annuities	$ -	$359,520	$ -	$359,520
Fixed annuity	-	111,540	-	111,540
Total assets at fair value	$ -	$471,060	$ -	$471,060

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Fair Value
Variable annuities	$ -	$387,510	$ -	$387,510
Fixed annuity	-	100,264	-	100,264
Total assets at fair value	$ -	$487,774	$ -	$487,774

NOTE 5 GUARANTEED PORTFOLIO FUND

The Guaranteed Portfolio Fund is a fixed annuity contract that provides a guarantee of principal and a guaranteed quarterly interest rate. The fund is backed by the general account assets of Great-West Life & Annuity Insurance Company. The interest rate to be credited to the entire value of the Guaranteed Portfolio Fund will be determined by Great-West prior to the last day of each calendar quarter and will be effective for the following calendar quarter. The effective interest rate will never be less than 0%.

The Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The guaranteed investment contract does not permit the insurance company to terminate the agreement, unless the company were to terminate the Plan.

NOTE 6 TAX STATUS

The Employer adopted a volume submitter document, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 6 TAX STATUS (Continued)

Therefore, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, that are insignificant or operational in nature, are handled by the administrator in accordance with applicable IRS correction policies.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2008.

NOTE 7 RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Great-West Life & Annuity Insurance Company. Loans receivable from Plan participants and the related interest income are also considered party-in-interest transactions.

NOTE 8 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
