INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Drillinginfo, Inc. 401(k) Plan
Austin, Texas

We were engaged to audit the accompanying statements of net assets available for benefits of the Drillinginfo, Inc. 401(k) Plan (the Plan) as of December 31, 2011 and 2010, the statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of assets held for investment purposes as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Insurance Company, the custodian of the Plan (the Custodian), except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Hartford Life Insurance Company held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying statements of net assets available for benefits as of December 31, 2011, and 2010, the statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011 taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DRILLINGINFO, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Drillinginfo, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Drillinginfo, Inc. (the Company or the Employer) on January 1, 2005. The Plan is a defined contribution plan covering substantially all employees of the Company who have been employed for six consecutive months and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan consists of pooled separate accounts under contract with The Hartford Life Insurance Company, Retirement Plans Group (The Hartford or the Custodian) and participant loans. Contributions to the Plan, including participant salary deferrals, matching contributions, and rollovers from other plans, can be invested in any fund or combination of funds included in the Plan and are participant directed. A participant may change his or her investment options at any time via a telephone service or the internet, once enrolled.

The Hartford has provided a certification as to the completeness and accuracy of the information provided to the Plan sponsor as of and for the year ended December 31, 2011.

Contributions

Each year, a participant may contribute a portion of their compensation, in specified whole percentages or dollar amounts, not to exceed the deferral limitation as specified in section 402(g) of the Internal Revenue Code (IRC). The deferral limitation is $16,500 for 2011. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for Company safe harbor matching contributions to all eligible participants. For 2011, matching contributions were 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the plan.

The Company may also elect to make a discretionary contribution of an equal dollar amount to all eligible participants, in addition to the matching contribution. For the year ended December 31, 2011, the Company did not make a non-elective, discretionary contribution to the Plan.

The Economic Growth and Tax Relief Reconciliation Act of 2001 includes a "catch up" provision for employee benefit plans. This provision became effective as of January 1, 2002, and allows employees who are 50 years old or older and who contributed the maximum amount allowed by law to their account to contribute an additional $5,500 for 2011.

NOTE 1. DESCRIPTION OF THE PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution and (b) plan earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested immediately in their contributions as well as the employer's contribution portion, plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.25 percent, which is commensurate with local prevailing rates as determined by the Plan administrator.

Participant loans must be payable within a period not exceeding five years from the date the participant received the loan, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. Loan repayments must be made through payroll withholding, except to the extent the Plan administrator determines payroll withholding is not practical, given the level of the participant's wages, the frequency with which the participant is paid, or other circumstances.

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

On termination of services due to death, disability, retirement, or any other reason, a participant may elect to either receive a lump-sum distribution of the entire value of his or her vested account balance, or a single sum distribution of a portion of his or her vested account balance. Payment of benefits may be made in installments to satisfy required minimum distribution amounts. Benefits are recorded when paid.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the net assets available for benefits and charges therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

All investments in the Plan are participant directed. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

All reasonable expenses related to the Plan administration will be paid from Plan assets, except to the extent the expenses are paid by the Company.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and accompanying supplemental schedule.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2012, which is the date the financial statements were available to be issued, and determined no events other than disclosed above have occurred subsequent to December 31, 2011 that warrant additional disclosure.

NOTE 3. INVESTMENTS – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

Pooled separate accounts	$	(51,618)

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan had no investments in this category at December 31, 2011 and 2010.

NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

Level 2 inputs: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. The Plan had pooled separate accounts in this category at December 31, 2011 and 2010.

Level 3 inputs: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan had no investments in this category at December 31, 2011 and 2010.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: These investments are valued using the net asset value (NAV) of units held by the Plan at year end as provided by The Hartford. The NAV is based on the fair value of the underlying assets owned by the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total

Value funds	-	134,085	-	134,085

NOTE 5. INCOME TAX STATUS

The Employer has adopted and followed the terms of a Prototype Standardized Profit Sharing Plan with Cash or Deferred Arrangement (CODA) as submitted to the Internal Revenue Service (IRS). The Employer has relied on the favorable opinion letter issued by the IRS on March 31, 2008 regarding the acceptability of the prototype plan under section 401 of the IRC as not subject to tax under present income tax laws. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan management believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7. PARTY-IN-INTEREST

Certain Plan investments are units of pooled separate accounts managed by The Hartford. The Hartford is the custodian of the Plan and performs record-keeping services for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested immediately in their contributions as well as the employer's contribution portion, plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.25 percent, which is commensurate with local prevailing rates as determined by the Plan administrator.

Participant loans must be payable within a period not exceeding five years from the date the participant received the loan, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. Loan repayments must be made through payroll withholding, except to the extent the Plan administrator determines payroll withholding is not practical, given the level of the participant's wages, the frequency with which the participant is paid, or other circumstances.

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

On termination of services due to death, disability, retirement, or any other reason, a participant may elect to either receive a lump-sum distribution of the entire value of his or her vested account balance, or a single sum distribution of a portion of his or her vested account balance. Payment of benefits may be made in installments to satisfy required minimum distribution amounts. Benefits are recorded when paid.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the net assets available for benefits and charges therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

All investments in the Plan are participant directed. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

All reasonable expenses related to the Plan administration will be paid from Plan assets, except to the extent the expenses are paid by the Company.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and accompanying supplemental schedule.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2012, which is the date the financial statements were available to be issued, and determined no events other than disclosed above have occurred subsequent to December 31, 2011 that warrant additional disclosure.

NOTE 3. INVESTMENTS – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan had no investments in this category at December 31, 2011 and 2010.

NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

Level 2 inputs: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. The Plan had pooled separate accounts in this category at December 31, 2011 and 2010.

Level 3 inputs: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan had no investments in this category at December 31, 2011 and 2010.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: These investments are valued using the net asset value (NAV) of units held by the Plan at year end as provided by The Hartford. The NAV is based on the fair value of the underlying assets owned by the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total

NOTE 5. INCOME TAX STATUS

The Employer has adopted and followed the terms of a Prototype Standardized Profit Sharing Plan with Cash or Deferred Arrangement (CODA) as submitted to the Internal Revenue Service (IRS). The Employer has relied on the favorable opinion letter issued by the IRS on March 31, 2008 regarding the acceptability of the prototype plan under section 401 of the IRC as not subject to tax under present income tax laws. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan management believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7. PARTY-IN-INTEREST

Certain Plan investments are units of pooled separate accounts managed by The Hartford. The Hartford is the custodian of the Plan and performs record-keeping services for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2011 - 12/31/2011 and indirect compensation is presented on a calendar year basis ending 12/31/2011.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

[1] Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Hartford Life Insurance Company EIN: 06-0974148

Direct Compensation **$326.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2011 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Life Insurance Company are the net result of aggregating direct compensation after the effects of adjustments processed in 2011, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$1.30**

Bank accounts and investments associated with short-term investment pool, 200 Hopmeadow Road, Simsbury, CT 06089

This is an estimate based on the annual average rate of float (0.01% for 2011) earned on the bank accounts and investments associated with the short-term investment pool for the 2011 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The list includes any investment option held by the plan on at least one month end during the 2011 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable,

the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that affiliates of Hartford Life Insurance Company act as advisor to the Hartford funds. Such affiliates are identified in the fund's prospectus' and receive management fees in the following amounts:
