1. Description of the Plan

The following description of the Alpha Baking Co., Inc. (Company) & Subsidiaries 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution profit sharing plan that has been in existence since September 26, 1986. The Plan has been amended from time-to-time, including on October 1, 1998 at which time employee contributions were permitted.

Entry into the profit sharing portion of the Plan is available on a semiannual basis on the first day of the Plan year and July 1. Entry into the 401(k) Plan is available at the start of the next payroll quarter following the date on which eligibility requirements are satisfied. Eligible employees must not be covered by a collective bargaining agreement, must not be non-resident aliens, and must be at least eighteen years old. Employees must have completed one year of employment with at least 1,000 hours of service to be eligible for profit sharing, whereas the 401(k) component of the Plan requires only sixty days of service.

Employer contributions to the Plan for profit sharing are determined annually by the Company. Such contributions, together with forfeitures, are allocated to eligible participants completing 1,000 hours of service during the Plan year and also employed on the last day of the Plan year in proportion to compensation integrated with the Social Security taxable wage base. The employer also intends to contribute a matching contribution to the 401(k) Plan equal to 50% of the first 6% of each qualifying participant's compensation that the participant elects to contribute to the Plan. Participants in the Plan may elect to make contributions of up to 20% of their compensation.

Participants in the 401(k) Plan are able to allocate their contribution among eleven different investment vehicles offered by the Trustee: American Funds EuroPacific Gr – R3 Fund, American Funds Fundamental Invs – R3 Fund, Columbia Small Cap Value A Fund, Fixed Fund – Institutional Series, Hartford Mid Cap Value – R4 Fund, Mainstay Large Cap Growth – R2 Fund, MFS Aggressive Growth Allocation A Fund, MFS Conservative Allocation A Fund, MFS Growth Allocation Fund, MFS Moderate Allocation A Fund, and PIMCO Total Return A Fund. Each fund represents a different level of risk and earning potential.

Participants are immediately vested in their voluntary contributions plus earnings thereon. Profit sharing and employer matching contributions vest on a six-year graded vesting schedule according to the following schedule:

1. **Description of the Plan** (cont'd)

Participant's Years of Service	Vesting Percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

For vesting purposes, service prior to the participant's attainment of age 18 is not considered. Participants become fully vested upon death or total and permanent disability.

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures of the employer's contribution shall be used to reduce the employer's matching contribution. Forfeitures of $21,762 and $31,647 at December 31, 2011 and 2010, respectively, are available to reduce future employer contributions. Upon termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested account, or elect to receive benefits upon normal retirement age. At December 31, 2011 and 2010, there were no Plan investments that were allocated to persons who have elected to withdraw from the Plan but are unpaid.

Participant loans are not permitted under the Plan.

2. **Summary of Significant Accounting Policies**

Basis of Accounting – The financial statements were prepared using the accrual basis of accounting. Certain expenses incurred by the Plan administrator, investment manager, and trustee for their services and costs in administering the Plan are paid directly by the Company.

Investments contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan. The Plan invests in investment contracts through a collective trust. The statement of net assets available for plan benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

2. **Summary of Significant Accounting Policies** (cont'd)

Investments – Investments are stated at fair value. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year as well as the investments held at the end of the year.

Pervasiveness of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires significant estimates and assumptions that affect the reported amounts of assets, liabilities and changes in net assets at the date of the financial statements and during the reporting period. Actual results could differ from those estimates. A significant estimate used in the preparation of these financial statements includes investments recorded at fair value, for which the ultimate realization of the investments is based upon future economic factors related to the investments; accordingly, it is reasonably possible that the recorded amounts or related disclosures could significantly change in the near future as new information is available.

Payment of Benefits – Benefits are recorded when paid.

Information Certified by the Investment Advisor – Information concerning Plan investments has been certified by Reliance Trust Company as being complete and accurate

Subsequent Events – Subsequent events were evaluated through October 5, 2012, which is the date the financial statements were available to be issued.

3. **Fair Value of Instruments**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurement is broken down into a three level valuation hierarchy based on the reliability of observable and unobservable inputs as follows:

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical, assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

3. **Fair Value of Instruments** (cont'd)

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

Following is a description of valuation methodologies used for investments measured at fair value on the statement of net assets available for plan benefits, and the classification of such investments pursuant to the valuation hierarchy.

Mutual funds are valued using unadjusted quoted market prices, which represent the net asset value of shares held by the Plan at year end. These assets are categorized in Level 1 of the fair value hierarchy.

The common collective trust fund "Fixed Fund – Institutional Series" (Fund) is valued based on information reported by the Trustee of the Fixed Fund using the audited financial statements of the common collective trust.

At December 31, 2011, the Plan's financial instruments measured on a recurring basis were categorized as follows:

	Level 1	Level 2	**Total**
Mutual funds:			
Large Cap	$ 9,757,778	$ -	**$ 9,757,778**

5. **Plan Termination**

Although it has not expressed any intent to do so, the Cornpany has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. **Income Tax Status**

The trust established under the Plan to hold the Plan's assets is qualified under Section 401 of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service, and the Plan sponsor believes that the Plan continues to qualify and operate as designed.

6. **Income Tax Status** (cont'd)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

7. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

8. **Subsequent Event**

On June 8, 2012, the Company on behalf of the Plan filed an application for relief under the Voluntary Correction Program with the Internal Revenue Service. For the period from September 30, 2006 through September 30, 2009, excess matching contributions were made in error to certain participant accounts totaling $39,651. Under terms of the application, the Company will place the excess allocations, adjusted for earnings, into a separate suspense account which will be used to reduce future Company contributions. The Plan will also make the required corrections on for those participants who received distributions of excess contributions. These distributions totaled $797.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2011 - 12/31/2011 and indirect compensation is presented on a calendar year basis ending 12/31/2011.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Hartford Retirement Services, LLC EIN: 26-1589907

Direct Compensation **$0.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2011 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Retirement Services, LLC are the net result of aggregating direct compensation after the effects of adjustments processed in 2011, some of which may have pertained to prior years.

Indirect Compensation

Float compensation Payor: Reliance Trust Company EIN: 58-1428634 **$7.15**

This is an estimate based on the average annual rate of float compensation (0.0712% for 2011) earned on certain processing bank accounts for the 2011 calendar year multiplied by an estimate of the assets related to uncashed checks*. This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2011 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* Please note that Hartford Retirement Services, LLC's affiliate, Hartford Securities Distribution Company, Inc., receives the sales compensation (12b-1 fees) portion of this amount. After compensating the plan's broker-dealer firm, if applicable, any residual amount is paid to Hartford Retirement Services, LLC.

** This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus.
