As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information discussed in Note G, which was certified by John Hancock Life Insurance Company of New York, ("John Hancock") except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that John Hancock holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from John Hancock as of December 31, 2011 and 2010, and for the year ended December 31, 2011 that the information provided to the plan administrator by John Hancock is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by John Hancock, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

Effective January 1, 2002, Wireless Generation, Inc. (the "Company" or "Sponsor") established the Wireless Generation, Inc. 401(k) Plan (the "Plan") that is a defined contribution plan and covers eligible employees who elect to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Information concerning the Plan and its provisions can be found in the plan document, a copy of which can be obtained from the Company at Wireless Generation, Inc., 55 Washington Street, 9th floor, Brooklyn, NY 11201.

The Plan provides that all employees are eligible to participate in the Plan after they have attained 21 years of age. Eligible employees can enter the Plan as participants on the first day of the plan-year quarter coinciding with or next following the date on which eligibility requirements are satisfied.

Pursuant to the plan amendment, effective July 1, 2010, employees, other than those enrolled in the Plan prior to this date, will become eligible to participate in the Plan when they have attained 21 years of age and on the 30-day anniversary of their date of hire. In addition, if an employee is hired on or after July 1, 2010 and fails to make an affirmative election specifying a pre-tax contribution amount or his/her desire not to participate in the Plan, he/she will automatically be enrolled in the Plan at a pre-tax savings contribution rate equal to 3% of the annual compensation.

On December 28, 2010, the Company was acquired by News Corp. a publicly traded company. The Company is now a wholly-owned subsidiary of News Corp.; however, the Plan continues to operate as intended.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of presentation:

The financial statements of the Plan are prepared under the accrual method of accounting.

[2] Valuation of investments and income recognition:

The value of the account balance of each active participant is determined on each valuation date. Income for the period including unrealized appreciation or depreciation in the value of securities is allocated based on the participant's account balance. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The Plan's investments consist of sub-accounts offered by John Hancock Life Insurance Company of New York ("John Hancock"). The underlying investments of the sub-accounts are in mutual funds. The unit value of sub-accounts is based on the net asset value of the respective mutual fund adjusted for administrative maintenance charges and sales and service fees charged by John Hancock.

[3] Use of estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[4] **Payment of benefits:**

Benefits are recorded when paid.

NOTE C - CONTRIBUTIONS AND FUNDING POLICY

The Company forwards to John Hancock contributions withheld from the compensation of participants. Contributions are voluntary and are subject to certain limitations imposed by the Internal Revenue Code ("IRC").

Participants may elect to contribute up to 100% of their pre-tax compensation to the Plan, up to a maximum of $16,500 for calendar year 2011. Additional catch-up contributions up to a $5,500 annual limit for 2011 are permitted for employees who have reached the age of 50. Such dollar amounts are adjusted annually for increases in the cost of living in accordance with the IRC. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. The Company contributed a matching contribution in an amount equal to 20% of the first $5,000 of an employee's compensation for 2011.

NOTE D - PARTICIPANTS' ACCOUNTS AND VESTING

Each participant's account is credited with the participant's contribution and credited or charged for the allocations of Plan earnings or losses based on their respective pro rata share in each investment.

All participant contributions and the earnings thereon are 100% vested and nonforfeitable at all times. Upon retirement at age 65, in the event of disability as defined in the Plan, or other termination of employment, distribution may be made in whole or in part, generally at the election of the participant. Upon death, distribution may be made in whole or in part at the election of the participant's beneficiary.

Vesting in the Company's discretionary profit-sharing contributions and matching contributions are on a 3-year graduated schedule; however, at the end of three years of service, all existing and future matching contributions are fully vested. Company contributions will become 100% vested at normal retirement age of 65 or upon eligibility from a disability retirement. Forfeitures are used to reduce the amount of employer matching contributions. During 2011, $14,413 was forfeited from the nonvested portion of terminated employees and $13,594 was used to reduce employer matching contributions for 2011. At December 31, 2011 and 2010, there was $821 and $2, left resulting from forfeitures, respectively.

NOTE E - NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator, ranging from 3.25% to 9.25%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

NOTE F - ADMINISTRATIVE EXPENSES

Plan administrative expenses and fees are charged directly to participant accounts and are recorded when paid. The Plan paid $35,232 for administrative expenses and $2,040 for investment advisory and management fees to John Hancock for the year ended December 31, 2011. During the year ended December 31, 2011, the Company paid $5,375 to The Angell Pension Group, Inc. for administrative services.

NOTE G - INVESTMENTS AND INVESTMENT INCOME

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, John Hancock has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the statement of changes in net assets available for benefits for the year ended December 31, 2011 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2011.

The Plan's investments are represented by sub-account holdings of shares of underlying mutual funds, which make distributions to unit holders. Such distributions are re-invested into additional shares of the underlying fund. Upon enrollment in the Plan, a participant may direct contributions to any available investment option. The investments that represent 5% or more of the Plan's net assets at December 31, 2011 and 2010 are presented in the following table:

	December 31,	
	2011	**2010**
	Fair Value	**Fair Value**

The Plan's investment loss as provided by John Hancock during the year ended December 31, 2011 was as follows:

Net realized and unrealized losses on investments bought and sold during the year and held at year-end - Pooled Separate Accounts	$ (428,260)

NOTE H - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board's ("FASB") "Accounting Standards Codification", ("ASC") 820, "Fair Value Measurements and Disclosures", provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability, or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts - Valued at net asset value based on the market value of the underlying investments. The net asset value is not a publicly-quoted price in an active market. The pooled separate account is comprised of mutual funds as the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE H - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments subject to fair value measurements as of December 31, 2011 are as follows:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Lifestyle funds	$ 0	$ 4,643,016	$ 0	$ 4,643,016
Large blend funds		1,385,109		1,385,109

Small blend fund		59,223		59,223
	$ 0	$ 10,208,137	$ 0	$ 10,208,137

The Plan's investments subject to fair value measurements as of December 31, 2010 are as follows:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Lifestyle funds	$ 0	$ 3,762,806	$ 0	$ 3,762,806
Large blend funds		1,097,944		1,097,944
Lifecycle funds		1,018,947		1,018,947
Growth funds		642,613		642,613

Small blend fund		68,522		68,522
	$ 0	$ 8,579,124	$ 0	$ 8,579,124

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTE I - TAX STATUS

The Plan became a prototype plan sponsored by Altigro Pension Services, previously known as National Metro Associates, Inc., effective January 1, 2002. The prototype plan has obtained an advisory opinion letter from the Internal Revenue Service dated March 31, 2008 that the Company may rely upon concerning the Plan's qualification under IRC Section 401(a). The Plan has been amended since receiving the determination letter, however, the Company and the plan administrator believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE J - PLAN TERMINATION

The Company reserves the right, at any time, to amend or terminate the Plan. The Company has not expressed any intent to discontinue or terminate the Plan. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Users of the financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2011 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE L - RELATED PARTY TRANSACTIONS

Pooled separate accounts are managed by John Hancock, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

NOTE M - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-l fees. 12b-l fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE N - SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events through October 8, 2012, the date on which the financial statements were available to be issued.
