INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of the
Createc Corporation 401(k) Profit Sharing Plan:

We were engaged to audit the accompanying statement of net assets available for benefits of the Createc Corporation 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by another auditor. As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditor not to perform, and he did not perform, any auditing procedures with respect to the information certified by American United Life Insurance Company, the custodian of the Plan. His report, dated September 7, 2011, indicated that (a) because of the significance of the information that he did not audit, he was unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the 2011 financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements taken as a whole. The form and content of the information included in the 2011 financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Createc Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

As of December 31, 2011 and 2010 and for the Year Ended December 31, 2011

1. Description of Plan

The following brief description of the Createc Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Createc Corporation (the "Company"). For salary reduction and matching contributions, an employee must have completed six months of service to be eligible to participate. For discretionary profit sharing contributions, an employee must have completed one year of service, and attained the age of 18 to be eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In late December 2010, Tegrant Corporation acquired the Company. Prior to December 31, 2011, American United Life Insurance Company was custodian of the Plan. As a result of the acquisition, assets of the Plan were transferred to the Tegrant Investment and Retirement Plan. The assets were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a "Black Out" period beginning on December 30, 2011 and continued through January 22, 2012. During this period, participants' accounts were not available for investment fund exchanges and distribution requests, including loans. The total amount transferred to the Tegrant Investment and Retirement Plan was \$6,746,187. Effective January 6, 2012, participants of the Createc Corporation 401(k) Profit Sharing Plan became participants of the Tegrant Investment and Retirement Plan. However, due to all participant-directed activity ceasing to occur after December 30, 2011, the transfer of assets from the Createc Corporation 401(k) Profit Sharing Plan to the Tegrant Investment and Retirement Plan was effective as of December 31, 2011 for financial reporting and Form 5500 purposes and is reflected as such in the accompanying financial statements.

Contributions

Each year, participants may elect to make pretax annual contributions to the Plan of 1%-15% of eligible compensation. As detailed in the Plan document, new employees are subject to automatic enrollment and will be deemed to have elected to make tax-deferred contributions to the Plan at a rate equal to 3% of their eligible compensation. Participants who are age 50 or older may elect to defer additional amounts as catch up contributions. The Company makes matching contributions to the plan in the amount of 50% of the participant's salary deferral contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Prior to the transfer to the Tegrant Investment and Retirement Plan, the Plan offered an insurance investment contract and a variety of pooled separate accounts as investment options for participants. The Company may, at its discretion, make a discretionary profit sharing contribution. No profit sharing contribution was authorized for the year ended December 31, 2011. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, their rollover contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is at the rate of 20% each year after 1 year of service.

Createc Corporation 401(k) Profit Sharing Plan
Notes to Financial Statements
As of December 31, 2011 and 2010 and for the Year Ended December 31, 2011

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account value or \$50,000. The loans are secured by the balance in the participant's account and bear interest at 6%. The maximum number of loans a participant may have at any given time is one. The loan duration must be at least one year, but not more than five years. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a distribution from the Plan. The Plan allows for distributions to be made in one of the following forms: (1) lump sum payments in cash; (2) monthly, quarterly or annual installments; or (3) annuity options. The Plan also allows hardship distributions.

Forfeited Accounts

When certain terminations of participants in the Plan occur, the non-vested portion of the participant's employer contribution account represents forfeitures. Total unallocated forfeitures, which will be used to reduce future employer contributions, were \$22,497 and \$520 at December 31, 2011 and 2010, respectively. Forfeitures used to offset employer contributions totaled \$19,761 for the year ended December 31, 2011. The remaining unallocated forfeitures were transferred to the Tegrant Investment and Retirement Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts, which is also the contract value. Therefore, there is no adjustment between fair value and contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America, requires the Plan management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The fair value of the guaranteed investment contract is the contract value.

Createc Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

As of December 31, 2011 and 2010 and for the Year Ended December 31, 2011

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Loan fees and other participant-specific fees are deducted from participant accounts. The Company pays other administrative expenses of the Plan.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2012, the date the financial statements were available to be issued.

Recently Issued Accounting Guidance

In January 2010, the Financial Accounting Standards Board ("FASB") updated the guidance in FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*. The updated guidance (i) requires separate disclosure of activity in transfers in and out of Levels 1 and 2 fair value measurements, (ii) requires disclosure of Level 3 fair value measurements activity on a gross basis, (iii) clarifies existing disaggregation requirements, and (iv) clarifies existing input and valuation technique disclosure requirements. The updated guidance was effective for periods beginning after December 15, 2009, except for the rollforward of activity in Level 3 fair value measurement disclosure requirements, which was effective for fiscal years beginning after December 15, 2010. Retrospective adoption was not required. The adoption of the guidance had no effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

3. Unaudited Information Certified by the Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements was certified by the American United Life Insurance Company, the custodian, as complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits at December 31, 2011 and 2010;
- Net appreciation (depreciation) in fair value of pooled separate accounts for the year ended December 31, 2011 as shown in the statement of changes in net assets available for benefits;
- Interest income and interest income on notes receivable from participants for the year ended December 31, 2011 as shown in the statement of changes in net assets available for benefits.

Due to the transfer to the Tegrant Investment and Retirement Plan (see Note 1), there were no investments held by the Plan at December 31, 2011.

Createc Corporation 401(k) Profit Sharing Plan
Notes to Financial Statements
As of December 31, 2011 and 2010 and for the Year Ended December 31, 2011

Investments of the Plan that exceed 5 percent of net assets available for benefits at December 31, 2010 are summarized as follows:

	<u>2010</u>
Russell Lifepoints Balanced Strategy	\$ 2,420,031
Russell Lifepoints Growth Strategy	2,018,986
AUL Fixed Account	1,578,030
Russell Lifepoints Equity Growth Strategy	844,864

Prior to the assets of the Plan being transferred the Tegrant Investment and Retirement Plan (see Note 1), the Plan held one fully benefit-responsive investment contract issued by American United Life Insurance Company ("AUL"), a One America company, a related party to the Plan. The contract offered a fixed investment option (the "Fixed Option") through AUL's general account. Funds allocated to the Fixed Option are placed in the AUL general account where they are invested in accordance with AUL's general investment policy.

The account is credited with earnings, based on the terms of the contract, and charged for participant withdrawals and administrative expenses. As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, within reasonable timeframes, without fees, surrender penalty or market value adjustments.

The Plan believes that the fair value amount is equal to the contract value. The average interest rate being credited to the Fixed Option as of the last day of the 2011 plan year was 3.04%. The termination and subsequent distribution of the entire contract could result in the application of a surrender charge and/or one-time adjustment to the aggregate fixed option value. Interest income for the year ended December 31, 2011 includes approximately \$51,000 of a fixed interest account market value adjustment related to the termination of the AUL Fixed Account.

4. Fair Value Measurement

FASB ASC 820, *Fair Value Measurement* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Createc Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

As of December 31, 2011 and 2010 and for the Year Ended December 31, 2011

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2011 and 2010.

Pooled separate accounts:

Valued at the net unit value of units held at year end. When available, quoted market prices are used to value the underlying investments held by the pooled separate accounts and consist primarily of certain cash equivalents and short-term investments and equity securities traded in an active exchange market. For underlying investments consisting of fixed maturities (corporate public and private bonds, most government securities, certain asset-backed and mortgage-backed securities), certain equity securities, short-term investments, certain cash equivalents and over-the-counter derivatives, valuations are generally obtained from third-party pricing services for identical or comparable assets or liabilities, non-binding broker quotes (when pricing service information is not available) or through the use of valuation methodologies using observable inputs. For underlying investments where vendor pricing is not available, internally developed valuations using one or more unobservable inputs or non-binding quotes are used to determine fair value primarily for certain private fixed maturities and equity securities, certain manually priced public equity securities and fixed maturities, including certain asset-backed securities and securities where the pooled separate account chose to override pricing information received from third parties.

Investment contract with insurance company:

Valued at contract value which approximates fair value. Investment contracts are part of the general assets of American United Life Insurance Company, and are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a declared interest rate. The Plan was able to redeem the investment contract with insurance company at its NAV or equivalent in accordance with FASB ASU No 2009-12, Fair Value Measurements and Disclosures (Topic 820): Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), as part of the transfer to the Tegrant Investment and Retirement Plan (see Note 3).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Createc Corporation 401(k) Profit Sharing Plan
Notes to Financial Statements
As of December 31, 2011 and 2010 and for the Year Ended December 31, 2011

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts:				
Equity	\$ -	\$ 1,817,976	\$ -	\$ 1,817,976
Fixed income	-	223,878	-	223,878
Balanced	-	6,118,094	-	6,118,094
Total pooled separate accounts		8,159,948	-	8,159,948
Insurance Contract	-	1,578,030	-	1,578,030
Total assets at fair value	<u>\$ -</u>	<u>\$ 9,737,978</u>	<u>\$ -</u>	<u>\$ 9,737,978</u>

5. Tax Status

During 2009, through the adoption of the American United Life Insurance Company Non-Standardized 401(k) Profit Sharing Plan and Trust prototype, the Plan was amended and restated. The Internal Revenue Service issued a prototype non-standardized profit sharing plan opinion letter, dated March 31, 2008, stating that the prototype plan document was designed in accordance with applicable Internal Revenue Code (the "Code") requirements as of that date.

Although the Company has not applied for a determination letter for the Plan, and the Plan has subsequently been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. Related Party Transactions

The Plan invested in units of pooled separate accounts and an investment contract with insurance company managed by affiliates of American United Life Insurance Company, the custodian. Transactions in such investments qualify as party-in-interest, which are exempt from the prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its matching contribution, employer contribution, and supplemental contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
