THE 401(k) PLAN FOR HOURLY EMPLOYEES
OF
FINCH PAPER LLC

Notes to Financial Statements

December 31, 2011 and 2010

(1) Description of Plan:

The following brief description of the 401(k) Plan for Hourly Employees of Finch Paper LLC (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution retirement plan covering substantially all non-salaried employees of Finch Paper LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan became effective October 1, 1997.

The administration committee of the Plan amended and restated the Plan for EGTRRA effective January 1, 2010.

Eligibility – Generally, non-salaried employees of the Company who have completed their probation period (ranging from 30-120 days) are eligible to participate in the Plan.

Contributions – Employees may contribute between 1% and 100% of their pre-tax annual eligible compensation as defined by the Plan, subject to Internal Revenue Service limitations. Participants who are age 50 or older may elect to defer additional amounts called "catch-up" contributions. Rollover and transfer contributions from another qualified retirement plan or special individual retirement plan are permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers nineteen mutual funds as investment options for the participants. Employer contributions are such that the employer will match 100% of the first 3% of their match eligible contributions and 50% of the next 2% of their match eligible contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions and all allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and the employer matching contributions, including earnings or losses thereon.

Participant Loans – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 or (b) 50% of their account balance. Loans are collateralized by the balance in the participant's account. The loans bear interest commensurate with prevailing rates. Interest rates range from 4.25% to 9.25%. Principal and interest are paid ratably through weekly payroll deductions.

(1) **Description of Plan, continued:**

Withdrawal Privileges – Prior to termination, a participant may withdraw all or any portion of his vested account in the event of undue financial hardship. The participant's request for a withdrawal shall include his statement that such a hardship exists and explain its nature. To qualify as a financial hardship withdrawal it must be determined that the withdrawal is to meet an immediate financial need of the participant and the amount of the withdrawal is not reasonably available from other sources of the participant. Examples of heavy financial need may include those financial needs arising on account of a college education, purchase of a principal residence, major medical expenses, prevention of eviction or foreclosure, burial or funeral expenses, and damage to a principal residence due to fire, storm or other casualty. The Plan Administrator has established uniform, nondiscriminatory guidelines to use in determining if such a condition of undue financial hardship exists. The Plan Administrator's determination shall be final. The participant has no legal or equitable right to such a withdrawal unless the immediate and financial need as defined has been demonstrated.

Payment of Benefits – Upon termination of service, disability, death or retirement, participants may elect to receive a lump sum equal to the value of their accounts.

Administrative Services – The plan states that costs incurred in administering the Plan may be paid by the Company, but if not paid by the Company when due, the costs shall be paid from the assets of the Plan.

Forfeitures – Forfeitures of participants' non-vested account balances shall become available for payment of administrative expenses.

(2) **Summary of Significant Accounting Policies:**

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants – Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Use of Estimates – The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(2) **Summary of Significant Accounting Policies, continued:**

Investment Valuation and Income Recognition – Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Common collective trusts are valued based on the current market value of the underlying assets of the fund. Participant notes receivable are valued at cost, which approximates fair value.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned. Security transactions are recorded on a trade-date basis. Gains or losses on sales of securities are based on average cost.

The Plan presents in the statements of changes in net assets available for plan benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Benefit Payment Recognition – Benefits are recorded when paid.

Fair Value Measurements –The Company adopted the provisions of FASB Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements*, for the fair value measurement of financial assets and financial liabilities and for fair value measurement of nonfinancial items that are recognized or disclosed at fair value in the financial statement on a recurring basis. FASB ASC 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB ASC 820-10 also establishes a framework for measuring fair value and expands disclosures about fair value measurements.

FASB ASC 820-10 establishes a three-level hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Classifications of assets and liabilities within the hierarchy consider the markets in which the assets and liabilities are traded and the reliability and transparency of the assumptions used to determine fair value. The Company's investments in equity securities have been classified as Level 1, as the inputs are observable and these instruments are traded in active markets. The requirements outlined by FASB ASC 820-10 do not impact the amounts reported within the financial statements.

Date of Management Review – Subsequent events were evaluated through July 18, 2012, which is the date the financial statements were available to be issued.
