NOTE 1 - PLAN DESCRIPTION

The following description of the Bristol Farms, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was established effective as of July 3, 1995, and was intended to qualify as a profit sharing plan under Code sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Plan is sponsored by Bristol Farms, Inc. (the "Company" or "Sponsor"), which also serves as the Plan administrator. State Street Bank and Trust Company ("State Street" or "Trustee") maintains the Plan's assets and is the Plan's trustee, and ADP Retirement Services ("ADP") is the Plan's record keeper. Effective January 1, 2009, the Company adopted a prototype plan of an affiliate of ADP, thereby amending and restating the Plan.

Eligibility

Full-time employees of the Company are generally eligible to participate in the Plan after three months of service. However, non-resident aliens, union and leased employees are excluded from participating in the Plan.

Contributions

Participants may make pretax contributions of up to 60% of their annual eligible compensation, which shall not exceed the maximum allowed under the IRC limitations, which was $16,500 for the 2011 Plan year. However, highly compensated employees (as defined by the Plan) may be subject to further limitations. Participants that are 50 years of age or older who have met the annual IRC deferral limit or the specified Plan limits for deferral, may contribute a catch-up contribution of up to $5,500 for 2011. Participants may also rollover amounts representing distributions from other qualified plans. All participant contributions are self-directed by the participant in one or more of the investment options offered under the Plan.

NOTE 1 - PLAN DESCRIPTION, continued

The Plan also provides for employer discretionary matching contributions based upon a discretionary percentage of each participant's deferral contributions as determined by the Sponsor. Participants who have at least one year of service are eligible for the employer discretionary matching contributions. In addition, the Plan also provides for nonelective profit sharing contributions.

For the year ended December 31, 2011, there were no employer discretionary matching contributions or nonelective profit sharing contributions made to the Plan.

Participants' Accounts

Participants' contributions are invested in various funds according to participant elections and must be allocated among the available funds in whole percentages. Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of the Plan income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested at all times in their deferral contributions, plus actual earnings or losses thereon. In addition, participants are also 100% vested at all times in any safe harbor matching contributions that were made prior to the Plan being amended and restated to discontinue the safe harbor contributions on March 1, 2010.

Vesting in employer contributions other than safe harbor matching contributions is based on years of continuous service. Participants vest in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 - PLAN DESCRIPTION, continued

At December 31, 2011, non-vested forfeited balances in the Plan totaled $22,341. Non-vested forfeited balances are used to pay for any administrative expenses of the plan or to reduce any employer contributions. During the year ended December 31, 2011, there were no non-vested forfeited balances that were used to pay for administrative expenses or offset against employer contributions.

Payment of Benefits

Participants may withdraw all or a portion of their contributions for reason of retirement, death, disability or financial hardship (as defined) or if they terminate employment with the Company. Participants generally receive withdrawals in a lump-sum payment.

Withdrawals

A participant who is an employee, upon the attainment of age 59½, may withdraw all or any portion of his or her vested account balance. Additionally, for participants who have not yet attained age 59½, withdrawals may be permitted if the participant has a financial hardship for certain specific reasons as defined in the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from those estimates.

Investment Valuation

Investments are stated at fair value (see Note 3).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Net appreciation or depreciation in fair value of investments for the periods is reflected in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are reflected on a trade date basis.

At December 31, 2010, the Plan had investments in the State Street Global Advisors Stable Value Fund ("State Street Stable Value Fund") totaling $1,037,172. The State Street Stable Value Fund invested in short-term investment products and investment contracts issued by insurance companies, banks and other financial institutions, including synthetic Guaranteed Investment Contracts ("GICs") and traditional GICs. For financial reporting purposes, the State Street Stable Value Fund is accounted for under FASB Accounting Standards Codification ("ASC") Topic 962, *Plan Accounting – Defined Contribution Pension Plans* ("ASC 962"). Under the guidance of ASC 962, Plan management had determined that the State Street Stable Value Fund was fully benefit-responsive. As described in ASC 962, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, for investment contracts that are considered to be fully benefit-responsive, ASC 962 requires the presentation of the adjustment from fair value to contract value in the statement of net assets available for benefits. As of December 31, 2010, the contract value of the State Street Stable Value Fund approximated its fair value, and therefore, there is no adjustment from fair value to contract value presented in the accompanying statement of net assets available for benefits.

State Street Global Advisors made the decision to exit the stable value fund market, and as a result, in January 2011, the Plan transferred its investments from the State Street Stable Value Fund to the Invesco Stable Asset Trust ("Invesco Stable Value Fund") . The Invesco Stable Value Fund is managed to seek preservation of principal and to provide interest income reasonably obtained under prevailing market conditions. The Invesco Stable Value Fund invests principally in investment contracts and synthetic and traditional GICs issued by insurance companies, banks, and other issuers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, which represents contributions made to the fund, plus earnings, less participant withdrawals. Therefore, Plan management has determined that the State Street Stable Value Fund is fully benefit-responsive. At December 31, 2011, the difference between contract value and fair value of the Plan's net assets available for benefits is insignificant.

Participant Loans

Participants may borrow from their accounts a minimum of $500 up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance of the participant's account and must be repaid at a fixed rate which is commensurate with local prevailing rates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Loans must be repaid within five years, unless the loan is for the purchase of a principal residence, in which case, the repayment period may be extended.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

For 2011, the Plan incurred administrative expenses totaling $21,023.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820") defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal, or in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs in priority that may be used to measure fair value:

Level 1—Quoted prices in active markets for identical assets or liabilities.

Level 2—Observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (such as interest rates and yield curves, credit risks, and default rates) or other inputs that are principally derived from or corroborated by observable market data by correlation or by other means.

Level 3—Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

NOTE 3 - FAIR VALUE MEASUREMENTS, continued

Mutual Funds

The fair value of mutual funds is based upon quoted market prices which represent the net asset value of shares of the mutual fund held by the Plan at year end. Mutual funds are included in Level 1 of the valuation hierarchy.

Common Collective Trusts

Investments in common collective trusts include two funds which are index funds, and the State Street Stable Value Fund at December 31, 2010, and the Invesco Stable Value Fund at December 31, 2011. For each of these funds fair value is based upon the net asset value of participation units held by the Plan at year-end. The net asset value of these units is determined by the trustees of the trusts based on the fair value of the underlying assets. The redemption frequency of the investments is daily, and there are no redemption restrictions. Common collective trusts are included in Level 2 of the valuation hierarchy.

As of December 31, 2011, the Plan's investments measured at fair value on a recurring basis are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds				
Large	$ 3,893,125	$ -	$ -	$ 3,893,125

NOTE 3 - FAIR VALUE MEASUREMENTS, continued

As of December 31, 2010, the Plan's investments measured at fair value on a recurring basis are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds				
Large	$ 4,213,947	$ -	$ -	$ 4,213,947

NOTE 4 - INVESTMENTS (Unaudited)

The following summary of the Plan's investments as of December 31, 2011 and 2010, which exceeded 5% of net assets available for benefits was derived from information prepared by the Trustee of the Plan and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate (see Note 5).

** Indicates that the investment option did not exist as of the respective date.*

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE (Unaudited)

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2011 and 2010;
- The fair value of the Plan's individual investments as of December 31, 2011 and 2010, included in Note 3;
- Investment income (loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011;
- Investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2011 and 2010, as reflected in Note 4; and
- Schedule I: Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011, except for participant loans receivable of $868,474.

NOTE 6 - INCOME TAX STATUS

The Internal Revenue Service issued a determination letter dated May 3, 2002 stating that the prototype plan adopted by the Plan was designed in accordance with the applicable IRC requirements as of that date. Although the Plan has been amended since the date of the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes is reflected in the accompanying financial statements. Continued qualification is dependent on the Plan's future operations.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are funds held in common collective trusts in which the Trustee manages the investments. Also, the Plan's assets include loans with Plan participants, which totaled $868,474 and $714,157 as of December 31, 2011 and 2010, respectively. The Trustee, Company, and Plan participants are considered parties-in-interest under ERISA. However, all of these transactions are considered exempt party-in-interest transactions under ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds and common collective trusts. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in their value, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - PLAN TERMINATION

Although the Company has not expressed any such intention, the Plan may be discontinued at any time by the Company. In the event of termination, participants' rights to Company contributions become fully vested and the net assets of the Plan would continue to be held for normal withdrawal by participants assuming the Company's operations continue, or would be distributed to participants immediately if the Company's operations cease.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated and determined that no events have occurred subsequent to December 31, 2011, the date of the accompanying net assets available for benefits, through October 9, 2012, the date of issuance of these financial statements, which would require recording or disclosure in its financial statements.
