DECEMBER 31, 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following is a brief description of the Mid-America Overseas, Inc. Retirement Plan (the Plan) which is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Mid-America Overseas, Inc. (the Company) who have one month of service or are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is funded by participants' contributions and discretionary matching contributions by the Company. Participants may contribute up to 50% of their pre-tax annual compensation up to the maximum allowable limits of Code Section 401(k). Participants may also contribute amounts representing distributions from other qualified plans. During the year ended December 31, 2011, the Company matched each eligible participant's contributions at a rate of 25% on the first 5% of a participant's compensation.

Participant Accounts

Each participant's self-directed 401(k) account is credited with the participant's contributions, earnings on the participant's contributions, and charged with plan expenses. The participant has a separate self-directed 401(k) account for employer matching contributions which consists of the Company's contributions, earnings on the Company's contributions, and is charged with plan expenses.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Description of Investment Options

At December 31, 2011 and 2010, the Plan's assets were held in a trust administered by DWS Trust Company. Participants elected to have their account contributions invested in one or a combination of investment options provided by the Plan. The investment options were various mutual funds as selected by the plan administrator. A cash money market account was also available for investment of participant accounts.

Payment of Benefits and Distributions

Participation in the Plan terminates upon disability or death, retirement, or termination of employment with the Company. A participant may receive distribution of his or her vested interest in the Plan in the form of a lump-sum payment or in substantially equal installments over a period determined by the plan administrator within the limits specified in the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

The Plan contains provisions which allow for loans to participants, subject to certain restrictions. The minimum loan amount is $1,000, and the maximum is the lesser of one half of the vested balance or $50,000 reduced by the highest outstanding loan balance in the account during the prior 12 month period. Up to 50 percent of the vested balance may be used as collateral for a loan. Participants may only have one outstanding loan at a time. These loans, which have a maximum term of five years (longer, if used to acquire a participant's principal residence), are to be repaid through regular payroll withholdings. The interest rate charged for loans from the Plan is established by the Plan Administrator.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited non-vested accounts totaled $995 and $2,574, respectively. These forfeitures may be used to pay administrative expenses or to reduce employer contributions. During the year ended December 31, 2011, forfeitures totaling $2,574 were used to reduce employer contributions.

Administrative Expenses

Significant administrative expenses have been paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Administration

The Plan is administered by the Plan Administrator.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated events which occurred after the date of the statement of net assets available for benefits through the date the financial statements were available to be issued of September 27, 2012.

NOTE 3 - INVESTMENTS

The financial information relating to the Plan's investments is included in the accompanying financial statements based on information provided by the trustee. DWS Trust Company was the trustee of the Plan's investments at December 31, 2011 and 2010. All investments are participant directed utilizing the investment options provided by the Plan. The following investments represent more than 5% of the Plan's net assets at December 31, 2011 and 2010.

NOTE 3 - INVESTMENTS (Continued)

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) by $(276,294) as follows:

Mutual funds	$ (276,294)

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, DWS Trust Company, the trustee at December 31, 2011 and 2010, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate at December 31, 2011 and 2010:

	2011	2010
Investments, at fair value:		
Mutual funds	$ 6,659,469	$ 6,753,782

The trustee also certified to the completeness and accuracy of $(276,294) of net realized and unrealized depreciation in fair value of investments and $140,250 in interest and dividend investment income related to the aforementioned investments for the year ended December 31, 2011.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the quoted net asset value ('NAV') of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2011 and 2010:

	Fair Value Measurements at December 31, 2011			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total

Total assets at fair value	$ 6,753,782	$ -0-	$ -0-	$ 6,753,782

NOTE 6 - TAX STATUS

The Plan is considered a prototype 401(k) Plan. The Internal Revenue Service ruled on March 31, 2008, that the Plan qualifies under section 401 (a) of the Internal Revenue Code (IRC), and is therefore not subject to tax under the present income tax law. An amendment to the Plan was adopted on January 1, 2011, to comply with Internal Revenue Code changes. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares/units in mutual funds managed by DWS Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on the mutual fund.

NOTE 9 - EXCESS CONTRIBUTIONS PAYABLE

The Plan passed the discrimination test for the year ended December 31, 2011, but failed the discrimination test for the year ended December 31, 2010. Excess contributions amounting to $-0- and $21,978 at December 31, 2011 and 2010, respectively, are recorded as a liability in the accompanying statement of net assets available for benefits.
