INDEPENDENT AUDITORS' REPORT

Plan Administrator
Republic Finance, LLC 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Republic Finance, LLC 401(k) Plan (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of assets held for investment purposes as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to notes receivable from participants, investments, related investment income, and the information summarized in Note 3, which was certified by EMJAY Corporation, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Republic Finance, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Republic Finance, LLC (the Company or the Employer) who have completed three months of service and are eighteen years of age or older. The entry date into the Plan will be the first day of the month coinciding with or next following the date of which an employee meets the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2011, the Plan was amended to change the method of calculating a year of service from the hours of service method to the elapsed time method.

Contributions

Participants may defer a percentage of their compensation each year (designated as salary reduction contributions), and these deferrals are contributed to the Plan on the participant's behalf. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company matches 100% of the participants' contribution up to 3% of the participant's compensation following one year of service by the participant. The Company can also make profit sharing contributions based on the discretion of its Board of Directors. The Company did not make a profit sharing contribution for the year ended December 31, 2011. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with (1) the participant's salary reduction contribution, (2) the Employer matching contribution, (3) the Employer profit sharing contribution, if any, and (4) an allocation of the Plan's earnings, and charged with an allocation of administrative expenses. The allocation of earnings is based on the actual performance of the fund in which the participant chose to invest their money less any applicable fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are one hundred percent vested in their salary reduction accounts at all times. Vesting in the Employer's contribution, plus earnings thereon, is based on the number of completed years of service as follows:

Less than 1 year	0%
1 year	30%
2 years	60%
3 or more years	100%

Payment of benefits

After termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account upon request. Participants who have attained age 59 ½ are allowed to make in-service withdrawals.

1. Description of Plan (continued)

Forfeitures

At December 31, 2011 and 2010, forfeited non-vested accounts totaled $2,542 and $10,964, respectively. These accounts will be used to reduce future Employer contributions. During the year ended December 31, 2011, Employer contributions were reduced by $10,964 from forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from 1 - 5 years except for loans used for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates ranged from 4.25% to 9.25% at December 31, 2011.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from these estimates.

Investment valuation and income recognition

Investments are reported at estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

2. Summary of accounting policies (continued)

Payment of benefits

Benefits are recorded when paid.

Plan expenses

Except for loan origination fees associated with notes receivable from participants, all expenses of maintaining the Plan are paid by the Company.

3. Investments (unaudited)

The estimated fair value of investments that represented 5% or more of the Plan's net assets available for benefits at December 31, 2011 and 2010, were as follows:

	2011	2010
Fidelity Institutional US Treasury Port III	$ 1,052,114	$ 1,008,545
Alger Capital Appreciation Fund A	1,183,571	*
Fidelity Advisor Equity Growth Fund	*	902,338
American Funds Growth Fund of America	*	530,863
American Funds Income Fund of America	*	293,280
Federated Intercontinental Fund	268,403	349,561
Federated Mid Cap Index SS	351,516	365,905
	$ 2,855,604	$ 3,450,492

*Does not represent 5% of the Plan's net assets at the end of the Plan year.

During 2011, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $160,353.

4. Fair value measurements

Fair Value Measurements and Disclosures topic of the FASB (Financial Accounting Standards Board) ASC (Accounting Standards Codification) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the framework are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair value measurements (continued)

- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds and money market funds: valued at the quoted net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Level 1	Level 2	Level 3
2011

	$ 4,403,885	$ -	$ -

5. Income tax status

The Plan is a qualified cash or deferred arrangement established under Section 401(k) of the Internal Revenue Code. It is exempt from income taxes under Section 401(a) of the Internal Revenue Code. The Plan has executed an adoption agreement using the Capital One, N.A. Standardized Prototype Cash or Deferred Profit Sharing Plan and Trust and relies on the determination letter issued for the prototype plan dated January 31, 2008. Effective January 1, 2010, the Plan was amended and restated. The Plan administrator believes the Plan continues to operate in accordance with applicable rules and, therefore, remains tax exempt.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants are 100% vested in their accounts.

7. Related party transactions

The Plan may invest in money market funds and mutual funds offered and managed by the trustee or its affiliates. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid by the plan for the investment management services are included in net appreciation in fair value of investments.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, credit risk, and overall market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

9. Information prepared and certified by the trustee

Pursuant to 29 CFR 2520.103-8, the Plan qualified for a limited scope audit. Information relating to notes receivable from participants, investment assets, investment transactions, investment earnings, and the schedule of assets held for investment purposes was certified as complete and accurate by the trustee, EMJAY Corporation as of December 31, 2011 and 2010, and for the year ended December 31, 2011.

10. Compliance matter

For the Plan year ended December 31, 2011, the Employer determined that contributions were not withheld for several employees who elected to contribute to the Plan, and as a result, these employees had lost earnings. Substantially all of the contributions are related to payroll periods in 2011. The Employer has reviewed the operational violations and has corrected the matter by making corrective contributions to the respective employees. The Employer does not expect this issue to affect the Plan's qualified tax status.

11. Subsequent Event

The Plan has evaluated subsequent events through the date that the financial statements were available to be issued, October 8, 2012, and determined that no events occurred that require additional disclosure. No events occurring after this date have been evaluated for inclusion in these financial statements.
