Independent Auditor's Report

To the Trustees
FUJIFILM Medical Systems U.S.A., Inc. Profit Sharing Plan

We were engaged to audit the financial statements and supplemental schedules of FUJIFILM Medical Systems U.S.A., Inc. Profit Sharing Plan as of December 31, 2011, and for the year then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Prudential Bank & Trust, F.S.B., Prudential Retirement Insurance and Annuity Company and Bank of America, N.A., the trustees of the Plan. Their report, dated October 12, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustees, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedules. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustees as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedules, other than that derived from the information certified by the trustees, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FUJIFILM Medical Systems U.S.A., Inc. Profit Sharing Plan
Notes to Financial Statements
December 31, 2011

Note 1 – Description of Plan

The following brief description of the FUJIFILM Medical Systems U.S.A., Inc. Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established effective January 1, 1967 and most recently, amended effective January 1, 2011. The Plan uses a volume submitter plan designed by Prudential Retirement Insurance Company of America (“PICA”). Non-union, non-leased employees of FUJIFILM Medical Systems U.S.A., Inc. (the “Company”) become eligible to participate immediately upon entry on their employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Prior to January 1, 2011 the Plan was solely a profit sharing plan with no employee contributions allowed. Effective January 1, 2011 the participants may contribute a pre-tax amount equal to not less than 1 percent nor more than 65 percent, of their compensation for the contribution period. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contribution into various investment options offered by the Plan or into self directed brokerage accounts. The Board of Directors of the Company determines the amount of the profit sharing contribution annually. This contribution is allocated based on eligible compensation to those participants who have satisfied the annual allocation requirements. The allocation is integrated with social security. Contributions to “highly compensated employees,” as defined by the Plan, may not exceed 10% of eligible compensation. In order to receive an allocation of the profit sharing contribution for the Plan year, participants must be employed on the last day of the Plan year, and complete 1,000 hours of service during the Plan year. Contributions are subject to certain limitations.

Participants’ Accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, and allocations of (1) Company’s discretionary contributions and (2) Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. The balance of vesting in the participants’ accounts is based on credited years of service. A participant becomes 25 percent vested after two years of service, 50 percent vested after three years of service, 75 percent after four years of service and 100 percent vested after five years of service. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant’s account becomes 100 percent vested.

Forfeited accounts

Forfeitures of nonvested benefits are reallocated to participants. At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$120,441 and \$2,358,928, respectively. During 2011 and 2010, \$2,315,457 and \$336,741, respectively, was reallocated to participants.

Note 1 – Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant will also receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan agreement.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its benefit-responsive investment contract, which is valued at contract value (Note 5) as reported to the Plan by Prudential Retirement Insurance and Annuity Company, Prudential Bank & Trust, F.S.B. and Bank of America, N.A. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 25, 2012, the date the financial statements were available to be issued.

Note 3 – Investments

The trustees of the Plan have furnished to the plan administrator investment information, which was verified by the trustees as complete and accurate. That information, which is unaudited, consists of substantially all of the Plan's investment assets at December 31, 2011 and 2010 and investment income for the years ended December 31, 2011 and 2010.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2011 and 2010.

Investments that represent 5 percent or more of the Plan's net assets are separately identified below.

	<u>December 31,</u>	
	<u>2011</u>	<u>2010</u>

Note 4 – Fair Value Measurements

The fair value measurement accounting literature establishes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the hierarchy and those investments included in each are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

FUJIFILM Medical Systems U.S.A., Inc. Profit Sharing Plan
Notes to Financial Statements
December 31, 2011

Note 4 – Fair Value Measurements (continued)

Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Valued at fair value based on the current market values of the underlying assets of the fund.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Self-directed: Consists of common stocks, mutual funds, and interest-bearing cash. The common stocks are valued at the closing price reported in the active market in which the individual securities are traded. The mutual funds are valued at the NAV of shares held by the plan at year end. The interest-bearing cash is valued at fair value based on current market values of the underlying assets of the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Investment Contract with Insurance Company

The Plan entered into a benefit responsive investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential"). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly or semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	<u>2011</u>	<u>2010</u>
Based on actual earnings	2.70%	3.67%
Based on interest rate credited to participants	3.57%	4.39%

Note 6 – Administrative Expenses

The Company pays certain expenses of administering the Plan.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 8 – Tax Status

PICA received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, which states that the volume submitter plan satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. The Plan has subsequently been amended; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision of income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax examination for years prior to 2008.

Note 9 – Related Parties

The investments owned by the Plan are managed by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. in 2011 and by Bank of America, N.A., Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. in 2010, the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
