Note 1 DESCRIPTION OF PLAN

The following description of the CFC, Inc. Employees' Profit Sharing and 401(k) Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A. COVERAGE AND ELIGIBILITY

The Plan is a defined contribution plan covering all nonunion employees of CFC, Inc. (the Company and Employer) who have completed 1,000 hours of service in a 12-month period, as defined by the Plan, and are age twenty-one or older. Eligible employees can enter the Plan the first day of the month coinciding with or next following the date on which the employee meets the eligibility requirements. The Plan does not allow participation by employees who are covered by a collective bargaining agreement with the Company.

B. PARTICIPANT CONTRIBUTIONS

Eligible participants may contribute up to 92% of their pre-tax annual compensation, subject to current IRS regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

C. EMPLOYER CONTRIBUTIONS

The Employer makes a safe-harbor contribution and discretionary matching contributions for all eligible employees who complete 1,000 hours of service during the Plan year. The Employer may also make a discretionary profit-sharing contribution. To receive profit-sharing contributions, participants must have completed 1,000 hours of service during the Plan year and be employed on the last day of the Plan year.

D. PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's elective deferral contribution, the Company's contributions, and allocations of Plan earnings or losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

E. VESTING

Participants are always 100% vested in their employee 401(k) deferral, the employer safe-harbor contribution and any earnings they generate.

Participants vest in matching and profit-sharing employer contributions as follows:

Years of Service	Vested Percent
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

F. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates from 3.25% to 7.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through periodic payroll deductions. Generally, the maximum term is five years, but residential loans may be longer.

G. PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum payment, installments over a period not to exceed the life expectancy of the participant, or an annuity. The Plan allows for in-service distributions upon the attainment of age 59 ½ or in the event of financial hardship.

H. ADMINISTRATIVE EXPENSES

All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Employer.

I. FORFEITURES

At December 31, 2011 and 2010, the forfeited non-vested account totaled $1,740 and $387, respectively. This account will be used to offset future employer contributions. During 2011, there were no forfeitures used to reduce employer contributions.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting.

B. PAYMENT OF BENEFITS

Benefits are recorded when paid.

C. INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. MANAGEMENT ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

E. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Note 3 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The trustee, Reliance Trust Company, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

1. Investments and notes receivable from participants reported on the statements of net assets available for benefits as of December 31, 2011 and 2010.
2. Investment activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2011.
3. Schedule of assets (held at end of year) as of December 31, 2011.

Note 4 INVESTMENTS

Investments representing more than 5% of the Plan's net assets are as follows as of December 31:

	2011	2010
ING VP Money Market Fund	$3,352,002	*
Western Asset Money Market Fund	*	$2,794,894
Europacific Growth R3	*	261,833

*Less than 5% of Plan net assets

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $50,363.

Note 5 FAIR VALUE MEASUREMENTS

The Plan follows the provisions of FASB's authoritative guidance regarding *Fair Value Measurements*. This guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the guidance are described below:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2011

Note 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants become 100% vested in their account balances.

Note 7 INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by ING Institutional Plan Services, LLC. ING Institutional Plan Services, LLC received an opinion letter from the Internal Revenue Service on March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Service. The Plan itself has not received a determination letter from the Internal Revenue Service. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds managed and administered by the trustee and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee were $4,150 for the year ended December 31, 2011. Notes receivable from participants and transactions with the Employer also qualify as party-in-interest transactions.

Note 9 RISKS AND UNCERTAINTIES

The Plan provides for investments in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 SUBSEQUENT EVENTS

Subsequent events have been evaluated for recognition or disclosure through October 1, 2012, the date the financial statements were available to be issued.
