Independent Auditors' Report

To the Participants, Administrator, and Sponsor of
Fru-Con Companies Thrift Retirement Plan
St. Louis, Missouri

We were engaged to audit the financial statements of the Fru-Con Companies Thrift Retirement Plan (the "Plan") as of December 31, 2011 and 2010, and for the years then ended, and the supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statement but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2011

(See Independent Auditors' Report)

Note A - Description of Plan

The following description of the Fru-Con Companies Thrift Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Fru-Con Construction Corporation and its affiliated companies (collectively, the "Company" or "Sponsor"), except for certain employees covered under collective bargaining agreements. Employees are eligible to participate in the Plan as well as the employer match, on the date on which they begin employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute an amount equal to the lesser of 60% of eligible compensation, or certain limits established by Internal Revenue Code. All contributions are directed by the participants and allocated to the investments that the participants have selected. Participants may also contribute qualifying distributions received from a former employer's qualified plan. During 2011 and 2010, the Sponsor provided a match on employee contributions of 50 percent of the first 6 percent of the employee's compensation.

The Plan also has an employer discretionary profit sharing provision applicable to employees who have completed at least 1,000 hours of service during the Plan year and are employed by the Plan Sponsor on the last day of the Plan year. There was no discretionary contribution during 2011 or 2010.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings on account balances, as defined by the Plan agreement. A participant is entitled to the amount of benefit that can be provided from the participant's vested account.

Note A - Description of Plan (Continued)

Vesting

Participants shall at all times be one hundred percent (100%) vested in their salary deferred contributions plus actual earnings thereon. The Plan provides that a participant's share of the Employer's contributions becomes 33 1/3 percent vested after the participant has completed one year of service, 66 2/3 percent vested after two years of service, and 100 percent vested after three years of service. Years of service are determined based on elapsed time. Participants are fully vested at their normal retirement date, death or disability, regardless of the number of years of participation.

Forfeitures

At December 31, 2011 and 2010, unallocated forfeiture balances totaled \$72,257 and \$30,065, respectively. These accounts will be used to reduce the future employer contributions. For the years ended December 31, 2011 and 2010, employer contributions were reduced by \$0 and \$34,114, respectively, from forfeited non-vested accounts.

Participants who forfeit their account and later resume employment under the Plan before a five year consecutive break in service has occurred will have the amount of their previously forfeited employer contribution restored.

Payment of Benefits

At the end of the year in which a participant terminates his or her employment, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, if the value is less than \$5,000. If the value of the participant's vested interest is \$5,000 or greater, he or she is permitted to hold it in his or her account before rolling it over into a new plan.

The Plan allows for hardship withdrawals, as defined in the Plan, which are limited to the amount of financial need. These withdrawals may not be reconstituted to the Plan and may be subject to income tax and penalties.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow no less than \$1,000 and no greater than the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are amortized over a maximum of 60 months unless used to purchase the participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate. Participant loans are measured at the unpaid principal balance plus any accrued but unpaid interest.

Note A - Description of Plan (Continued)

Administrative Expenses

The Plan sponsor absorbs a majority of the cost of the Plan's administration.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the collective investment fund, as well as the adjustment of the investment in the collective investment fund from fair value to contract value relating to the investment contract. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Use of Estimates in Financial Statement Preparation

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for a discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

The Plan has evaluated all subsequent events through October 9, 2012, the date the financial statements were available to be issued.

Note C - Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from Fidelity Management Trust Company ("Fidelity") that all of the information provided by Fidelity and included in the accompanying financial statements and supplemental schedule is complete and accurate. Information as to the investments in the accounts of Fidelity, investment income, and all investment information appearing in the accompanying statements and supplemental schedule is presented in reliance solely upon this certification.

The following table presents the fair value of investments that represent five percent or more of the Plan's net assets:

	<u>2011</u>	<u>2010</u>
Fidelity Magellan Fund	Less than 5%	\$ 1,422,066
Fidelity Intermediate Bond Fund	\$ 1,544,375	1,755,379

Note C - Investments (Continued)

The Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated in value by \$(984,958) and \$2,896,839 during 2011 and 2010.

Note D - Investment Contract

The Plan has a fully benefit-responsive investment contract with Fidelity. Fidelity maintains the contributions in a collective trust. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Fidelity. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value represents contributions made by participants, plus interest at a specified rate, less withdrawals or transfers by participants.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

The fair value of the investment as of December 31, 2011 and 2010 was \$955,347 and \$998,074, respectively. The stated rate of return of the contract at December 31, 2011 and 2010 was 1.39% and 1.44%, respectively.

Note E - Fair Value Measurements

Financial Accounts Standards Board (FASB) *Accounting Standards Codification (ASC) 820 Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

FRU-CON COMPANIES THRIFT RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2011

(See Independent Auditors' Report)

Note E - Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Collective trust/stable funds: Valued at NAV based on information provided by the trustee and using the audited financial statements of the common collective trust at year-end. The NAV is based on the fair value of the underlying investments held by the fund. Participant transactions (issuance and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(See Independent Auditors' Report)

Note F - Income Tax Status

The IRS has determined and informed the Company by a letter dated March 23, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note G - Related-Party Transactions

Plan investments consist of shares of mutual funds and a collective trust managed by the trustee. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note I - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants should refer to the Plan Agreement for a description of the priorities or distribution of Plan benefits in the event of termination. Generally, any distribution would be made in proportion to the participant's interest, after deduction of allowable expenses. In the event of plan termination, participants would become 100 percent vested in their employer contributions.
