1. Description of Plan

The following brief description of the Flavorchem Corporation Employees' Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a Section 401(k) defined contribution plan with salary deferral provisions, which was established on January 1, 1975. Under the Plan, all employees of Flavorchem Corporation (the Company) who have met eligibility requirements participate in the Plan. The trustee of the Plan is Fidelity Management Trust Company (Fidelity).

Contributions – Pre-tax or post-tax deferred savings contributions in the form of salary reductions by participants are allowed. The amount contributed is determined by the participant, subject to both statutory limitations and those defined in the Plan. The Company makes a safe harbor employer contribution of 3% of each eligible employee's compensation. The safe harbor contribution for the 2010 plan year received by the Plan in 2011 totaled $239,391. In addition, the Company may make an annual discretionary employer contribution in an amount to be determined at the plan year end by the Board of Directors. Discretionary contributions are allocated to participant accounts based on eligible compensation. The discretionary contribution for the 2010 plan year received by the Plan in 2011 was $210,609.

Participant Accounts – Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, forfeitures of terminated participants' nonvested accounts, earnings, and gains and losses from the investment funds elected. Investment of the participant's account is directed by the participant from among the investment options offered in the Plan. Rollovers and transfers from other qualified plans are allowed to be made to the Plan.

Investment Options – Upon enrollment in the Plan, a participant may direct contributions to any of the twenty-nine available mutual and money market funds or a common/collective fund. The Plan administrator may add additional investment funds or change the investment emphasis within a fund at any time, as deemed appropriate.

Vesting – A participant is fully vested in participant and Company safe harbor contributions, plus actual earnings, gains and losses thereon, at all times. Vesting in the Company's annual discretionary contribution and the earnings thereon is as follows:

Number of Completed Years of Service	Portion of Balance of Account Vested
Less than two years	None
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six years or more	100%

1. **Description of Plan** (cont'd)

Payment of Benefits – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in a single lump-sum amount equal to the value of the participant's account. Hardship distributions are also allowed by the Plan. Benefit payments are recorded when paid.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to ten years. The Plan provisions restrict a participant from initiating a new loan if they already have an outstanding loan from this Plan. The loans are secured by the vested balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses – Administrative expenses are paid from Plan assets to the extent not paid by the Company. The Company absorbs certain administrative costs of the Plan.

Forfeited Accounts – At December 31, 2011 and 2010, forfeited nonvested accounts totaled $9,361 and $10,200, respectively. These accounts will be used to reduce future employer contributions. Also, in 2011, employer contributions were reduced by $8,764 from forfeited nonvested accounts.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the company contribution portion of their account.

2. **Summary of Significant Accounting Policies**

Modified Cash Basis of Accounting – The accompanying financial statements have been prepared on the modified cash basis of accounting, which differs from accounting principles generally accepted in the United States of America but is a basis of accounting permitted by the Department of Labor and ERISA. Such accounting method includes recording investments at fair value and recording other additions and reductions when received or paid rather than as earned or incurred. Consequently, contributions to the Plan as well as interest and dividends are recorded only when received, as reported by the trustee. Unrealized gains and losses on investments are recorded in the current period.

The Plan invests in a common collective trust which holds fully benefit responsive investment contracts. The investment in the common collective trust is reported at fair value. However, contract value is the relevant measurement attribute for that investment because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the common collective trust as well as the adjustment of the common collective trust from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

2. **Summary of Significant Accounting Policies** (cont'd)

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires the administrator of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through October 5, 2012, the date the financial statements were available to be issued.

3. **Information Prepared and Certified by Trustee**

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the Plan's trustee:

December 31, 2011:		
Mutual funds, at fair value	**$**	**7,014,435**
Common/collective funds, at contract value		**875,016**
Notes receivable from participants		**249,675**
Dividend and interest income from investments		**237,515**
Interest on notes receivable from participants		**12,377**
Net appreciation (depreciation) in fair value of investments		**(264,965)**
Deemed distributions of notes receivable from participants		**(274)**
December 31, 2010:		
Cash	$	27,228
Mutual funds, at fair value		6,834,099
Common/collective funds, at contract value		447,837
Notes receivable from participants		235,780

4. **Investments**

The fair values of the Plan's investments that exceed 5% or more of the Plan's net assets available for benefits are as follows:

December 31, 2011:		
Fidelity Advisor Stable Value Fund	**$**	**903,872**
Nuveen Mid Cap Index Fund Class I		**491,577**
PIMCO Total Return Institutional Fund		**2,876,066**
T. Rowe Price Growth Stock Adv Fund		**916,107**
December 31, 2010:		
Fidelity Advisor Investment Grade Bond Fund Class T	$	2,918,356
Fidelity Advisor Leveraged Company Stock Fund Class T		627,372
Fidelity Advisor Stable Value Fund		456,371

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $264,965. All of the gains and losses were from mutual funds.

5. **Fair Value of Financial Instruments**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a three level valuation hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows:

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

5. **Fair Value of Financial Instruments** (cont'd)

Following is a description of valuation methodologies used for investments measured at fair value on the statement of net assets available for plan benefits, and the classification of such investments pursuant to the valuation hierarchy.

Mutual funds are valued using unadjusted quoted market prices, which represent the net asset value of shares held by the Plan at year end. These assets are categorized in Level 1 of the fair value hierarchy.

The common/collective fund's market value is based on the asset value per unit as determined by the collective trust as of the valuation date. These assets are categorized in Level 2 of the fair value hierarchy.

At December 31, 2011, the Plan's financial instruments measured on a recurring basis were categorized as follows:

	Level 1	Level 2	Level 3	**Total**
Mutual funds:				
Bonds	$ 3,134,068	$ -	$ -	**$ 3,134,068**
Domestic:				
Large-Cap	1,529,716	-	-	**1,529,716**
Mid-Cap	685,423	-	-	**685,423**
Small-Cap	421,326	-	-	**421,326**
International	392,784	-	-	**392,784**
Real Estate	832,500			**832,500**
Lifecycle Funds	18,618	-	-	**18,618**

Total	$ 7,014,435	$ 903,872	$ -	**$ 7,918,307**

At December 31, 2010, the Plan's financial instruments measured on a recurring basis were categorized as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Bonds	$ 3,457,724	$ -	$ -	$ 3,457,724
Domestic:				
Large-Cap	1,528,251	-	-	1,528,251

Small-Cap	238,480	-	-	238,480
International	387,194	-	-	387,194
Lifecycle Funds	554,606	-	-	554,606
Common/collective fund	-	456,371	-	456,371
Total	$ 6,834,099	$ 456,371	$ -	$ 7,290,470

6. **Tax Status**

The Plan has adopted the Fidelity Management and Research Company Volume Submitter Profit Sharing Plan. The Internal Revenue Service has determined and informed Fidelity Management and Research Company, by a letter dated March 31, 2008, that the Volume Submitter Profit Sharing Plan is designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

7. **Party-in-Interest Transactions**

The Plan has investments in mutual funds managed by Fidelity. As Fidelity is the trustee of the Plan, these are party-in-interest transactions. Participant loans qualify as party-in-interest transactions under ERISA.

8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. **Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of change in net assets available for benefits per the financial statements at December 31, 2011 to Form 5500:

Net investment income from common/collective fund per the financial statements (included in dividends and interest)	$	9,002
Difference in gains and losses in fair market value and gains and losses in contract value of common/collective fund		20,322
Net investment gain from common/collective fund per Form 5500	$	29,324
