INDEPENDENT AUDITOR'S REPORT

To The Trustees and Participants
McLaughlin & Stern, LLP 401(K) Plan
New York, NY

We were engaged to audit the financial statements of the McLaughlin & Stern, LLP 401(K) Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011 and the supplemental schedule of assets. These financial statements and supplemental schedule of assets are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by ING Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule of assets. We have been informed by the plan administrator that ING Insurance and Annuity Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

As described in Note 2, the financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule of assets taken as a whole. The supplemental schedule of assets is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule of assets, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have compiled the accompanying statements of net assets available for benefits – modified cash basis of McLaughlin & Stern, LLP 401(K) Plan as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits – modified cash basis and the accompanying supplemental schedule of assets– modified cash basis for the years then ended, in accordance with the Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements and supplemental schedule of assets information that is the representation of management. We have not audited or reviewed the accompanying financial statements and supplemental schedule of assets and, accordingly, do not express an opinion or any other form of assurance whether the financial statements and supplemental schedule of assets are in accordance with the modified cash basis of accounting.

MCLAUGHLIN & STERN, LLP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (on a modified cash basis)
DECEMBER 31, 2011 AND 2010

Note 1 - Description Of Plan

The following description of McLaughlin & Stern, LLP 401(K) Plan (the Plan) provides only general information and is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, which is responsible for their integrity and objectivity. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan covering all employees of McLaughlin & Stern, LLP (the Plan Sponsor). All employees become eligible to participate in the elective deferrals in the Plan after having completed the lesser of one year of service or 1,000 hours in a consecutive 12 month period and having attained age 21. Employees become eligible for employer contributions after having attained the age of 21 and have completed the lesser of one year of service or 1,000 hours in a consecutive 12 month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

To be eligible to receive an allocation of the discretionary employer profit sharing contributions participants must complete 1,000 hours of service.

Contributions

Employees may elect to make a basic contribution to the Plan by authorizing the deferral between 1% and 100% of his or her compensation. No employee is permitted to make a basic contribution in excess of the dollar limitation specified in the Internal Revenue Code at the beginning of the Plan year. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor shall make matching contributions to the Plan each year at the discretion of the sponsor annually based on the participants' salary deferrals.

The Company may make a profit sharing contribution to the plan each year and in such amount, if any, as it may determine.

Participant accounts

Each participant's account is credited with the participant's contribution and allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 100% fully vested in the profit sharing account after six years and 100% invested in the employer matching after three years of vesting service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in various investment options. Each option varies in type of investment, rate of return and investment risk.

Participant Loans

Participants may borrow from their fund accounts under terms, conditions, and restrictions provided in the Plan's individual agreement. Participants may borrow from their fund accounts a minimum of $1,000 up to $50,000 or 50% of their vested account balance reduced by any outstanding loan balance on the date the new loan was made, whichever is less. Participants are allowed two outstanding loans at a time. The interest rate will be determined from time to time by the Trustee with the intention of providing the plan with a return commensurate with the interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Until otherwise determined by the Trustee, the interest rate will be the prime rate of interest published by the Wall Street Journal as of the date of the loan plus 1 percent. The rate of interest will be constant throughout the term of the loan. Principal and interest are paid directly to the participant's investment account through payroll deductions. Loans must be repaid within a five (5) year period, except for loans used to acquire a principal residence.

Payment of Benefits

Participants may request a payment of benefit if they a) become terminated, b) become disabled, c) reach age 59½ or d) on account of hardship. Participants may elect to receive a payout as a lump sum payment, partial payment, direct rollover, installment payments, or defer payments until age 70½. Employees who are non owners, may elect to defer payments beyond the age 70½.

If a participant dies while still an employee, the employer profit sharing account, and employer matching account will become 100% vested. The designated beneficiary will be entitled to receive 100% of the participant's account. Payment of benefits will begin within a reasonable period following death, based on the account value on the preceding valuation date.

Note 1 - Description of Plan (continued)

Hardship Distributions

Participants are allowed to receive hardship distributions for certain events as described in the Plan.

Plan Expenses

All administrative expenses shall be paid out of the Plan unless paid by the Plan Sponsor.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited nonvested accounts totaled $10,115 and $9,318, respectively. These accounts will be used to reduce future employer contributions.

Note 2 - Summary Of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash method of accounting.

Investment Valuation

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Note 2 - Summary Of Accounting Policies (continued)

Investment Valuation (continued)

Mutual fund investments are valued at the quoted market prices that represent the net asset value of shares held by the Plan at year-end. The change in market value of these investments is reflected in the statement of changes in net assets available for benefits as net appreciation or depreciation in fair value.

Payment of Benefits

Benefits are recorded when paid.

Uncertain Tax Positions

The Plan adopted the uncertainty in income taxes guidance as described in FASB ASC 740-10-50-15 on January 1, 2009. The adoption of that guidance resulted in no change to financial statements of prior periods. As of December 31, 2011, management believes that based on evaluation of the Plan's tax positions that any additional liability as a result of uncertain tax positions would not be material. Management continually evaluates expiring statutes of limitations, changes in tax law, and new authoritative rulings to assist in evaluating the Plan's tax positions. Accrued interest and penalties associated with uncertain tax positions, if any, would be recognized as part of the income tax provision. Income tax returns are filed in the U.S. federal jurisdiction, and state jurisdictions. U.S. federal income tax returns prior to fiscal year 2008 are closed.

Note 3 - Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Financial instruments that potentially subject the Plan to concentrations of credit risk consist of investments. The Plan maintains its investments with an investment manager. Exposure to credit risk is reduced by placing such investments in high quality financial institutions and by following an investment strategy which utilizes a wide range of diversified funds.

Note 4 - Certification Of Custodian

We have been informed by the Plan administrator that ING Insurance and Annuity Company held the Plan's investment assets and executed investment transactions for the year ended December 31, 2011. The Plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the custodian was complete and accurate.

The account balances and transactions were obtained from statements certified by ING Insurance and Annuity Company the Plan's custodian for 2011 and 2010.

The account balances and transactions were as follows:

	2011	2010
Statement of net assets available for benefits:		
Investments and participant loans	$17,156,975	$16,009,747
Statement of changes in net assets available for Plan benefits:		
Net appreciation (depreciation) in fair value of investments	$ (303,291)	$ 1,281,056
Investment income	$ 89,706	$ 330,232

Note 5 - Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the entire account balance will be distributed to the participants.

Note 6 - Transactions With Parties-In-Interest

The Plan Sponsor pays for professional and administrative fees related to the maintenance of the Plan. Fees paid on behalf of the Plan during the years ended December 31, 2011 and 2010 were approximately $24,000 and $23,250, respectively.

Note 7 - Fair Value Measurements Of Investments

FASB ASC 820-10-50 "Fair Value Measurements and Disclosure" establishes a fair value hierarchy that prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10-50 are as follows:

Level 1 - Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2 - Inputs other than quoted prices that are observable for the assets or liability either directly or indirectly, including inputs that are not considered to be active;

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Registered investment companies: Registered investment companies are valued at quoted prices for identical assets in the active markets in which the securities are traded.

Common/collective trusts: The common/collective trusts are valued at the unit value as reported by the investment manager at year-end, adjusted to fair value based upon their audited financial statements. The trusts' underlying assets consist of investment contracts and security-backed contracts.

Participant loans: Participant loans are valued at amortized cost, which approximates fair value measured as the present value of outstanding principal amounts discounted at current market interest rates for loans with similar risk and terms.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
