Independent Auditor's Report

To the Board of Trustees of
LogistiCare Solutions, LLC 401(k) Plan

We were engaged to audit the financial statements of LogistiCare Solutions, LLC 401(k) Plan ("Plan ") as of December 29, 2011 and December 31, 2010 and for the period ended December 29, 2011, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the period ended December 29, 2011 and the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 8 to the financial statements, the Board of Directors of Providence Service Corporation, the Parent company of the Plans' sponsor, voted in March 2011 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which investments in insurance contracts and the accumulated benefit information are stated, from the ongoing plan basis to the liquidation basis for periods after March 31, 2011.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LOGISTICARE SOLUTIONS, LLC 401(k) PLAN

Notes to Financial Statements For the Period Ended December 29, 2011

Note 1. Description of Plan and Summary of Significant Accounting Policies

The following description of the LogistiCare Solutions, LLC ("Company ") 401(k) Plan ("Plan ") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have six months of service (500 hours) and are age twenty-one or older. The plan was effective on April 1, 1997. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan includes participants from LogistiCare Solutions, LLC, Provado Technologies, LLC, and RidePlus, LLC, collectively referred to as the "Company".

Contributions

Each year, participants may contribute from one to 75 percent of pretax annual compensation, as defined by the plan, up to the limits prescribed in the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds, equity funds and an insurance investment contract as investment options for participants. The Company contributes 25 percent of the first 5 percent of elective employee contributions, not to exceed 1.25% of eligible compensation. The Company's contribution is invested in the same investment options as the participant's contributions. An additional discretionary employer contribution may be made at the discretion of the Board of Directors and are invested in the same investments as the participant's contributions. Contributions are subject to certain limitations.

Participants' Accounts

Each participant's account is credited with the participants' contributions and allocations of (a) the Company's contribution and, (b) plan earnings, and charged with an allocation of administration fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions, plus actual earnings thereon. Vesting in the Company's matching contribution is based on accredited years of service. A participant is 100 percent vested after three years of credited service.

LOGISTICARE SOLUTIONS, LLC 401(k) PLAN

Notes to Financial Statements For the Period Ended December 29, 2011

Note 1. Description of Plan and Summary of Significant Accounting Policies (Continued)

Note Receivable from Participants

The plan currently does not permit note receivables from participants; however, the administrative committee has the right to amend the plan agreement to permit note receivables. As of December 29, 2011 and December 31, 2010, the administrative committee had not elected to grant note receivables from participants.

Investment Options

Participants may direct the investments in their accounts among alternative investment funds provided by the plan. Participants may change their investment options at any time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or in monthly installments over 120 months. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Benefits are recorded when paid.

Forfeited Accounts

At December 29, 2011 and December 31, 2010, forfeited nonvested accounts totaled \$2,846 and \$1,708, respectively. These accounts will be used to reduce future employer contributions. Also, in 2011 and 2010, Company contributions were reduced by \$1,739 and \$7,128, respectively from forfeited nonvested accounts. The remaining forfeiture balance was transferred to the Providence Service Corporation Retirement Savings Plan.

Basis of Accounting and Presentation

The financial statements for the period April 1, 2011 thru December 29, 2011 are prepared using the liquidation basis of accounting. The financial statements of the Plan as of December 31, 2010 and for the period January 1, 2011 to March 31, 2011 are prepared on the accrual basis of accounting. Because the application of the liquidation basis of accounting resulted in no change in the value of plan assets, management determined it was not necessary to present the separate periods before and after the date of the decision to terminate in the Statement of Changes in Net Assets Available for Benefits.

LOGISTICARE SOLUTIONS, LLC 401(k) PLAN

Notes to Financial Statements For the Period Ended December 29, 2011

Note 1. Description of Plan and Summary of Significant Accounting Policies (Continued)

Basis of Accounting and Presentation (Continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts. Fair value of the investment contracts, prior to contract termination, equals the contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on the contract basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as certified by the Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments in the Stable Value Option are invested in the general account of the insurance company issuing the contract. The assets held in Stable Value Option are commingled with the assets in the general account. There is no specific portfolio of assets in which the Stable Value Option invests, so no financial statements are available. The credit interest rate is backed by the income received from assets held in the general account.

Pooled Separate Accounts are established by insurance companies so that more than one employee benefit plan and sponsor can invest. The assets held in Pooled Separate Accounts are not commingled in the general account of the insurance company or the assets of other plans. The unit value in the separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account.

Investment Transactions

All Plan investments were transferred to the Providence Service Corporation Retirement Savings Plan at December 29, 2011.

LOGISTICARE SOLUTIONS, LLC 401(k) PLAN

Notes to Financial Statements For the Period Ended December 29, 2011

Note 1. Description of Plan and Summary of Significant Accounting Policies (Continued)

Plan Administration

Certain administrative functions are performed by the officers or employees of the employer. No such officer or employee receives compensation from the plan. Administrative expenses for the plan are paid directly by the employer. Manager and funds fees are paid by participants through their account balances.

Subsequent Events

Plan's management has evaluated subsequent events through the date of the independent auditors' report, which is the date which the financial statements were available to be issued.

Note 2. Investments

Investments that represent five percent or more of the Plan's net assets available for benefits are as follows:

Note 3. Information Prepared and Certified by Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate, by the Plan's trustees Transamerica Life Insurance Company, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule.

	December 29, 2011	December 31, 2010

LOGISTICARE SOLUTIONS, LLC 401(k) PLAN

Notes to Financial Statements For the Period Ended December 29, 2011

Note 3. Information Prepared and Certified by Trustee (unaudited) (continued)

The trustee also certified to the completeness and accuracy of \$181,232 of net depreciation in the fair value of pooled separate accounts and \$18,300 of interest income related to the aforementioned investments for the period ended December 29, 2011.

Note 4. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measure fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used only when Level 1 inputs were not available. There have been no changes in the methodologies used at December 29, 2011 and December 31, 2010.

Level 1 Fair Value Measurements

The pooled separate accounts invest in mutual funds and equity securities. The fair value of mutual funds and equity securities is valued daily based on publicly available quoted market prices.

Level 2 Fair Value Measurements

The insurance investment contract is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the creditworthiness of the issuer.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 29, 2011 and December 31, 2010:

December 29, 2011	Fair Value Measurement Using:			
	Total Fair Value	Level 1	Level 2	Level 3

Note 4. Fair Value Measurement (Continued)

Mutual funds *	\$ 1,352,254	\$ 1,352,256	\$ -	\$ -

Corporate bonds *	274,430	274,430	-	-
Insurance investment contract	645,686	-	645,684	-
Total assets at fair value	<u>\$ 4,384,481</u>	<u>\$ 3,738,797</u>	<u>\$ 645,684</u>	<u>\$ -</u>

*Pooled Separate Accounts

Gains and losses (realized and unrealized) included in the changes in net assets available for benefits for the period ended December 29, 2011 are reported in the net appreciation in the fair value of investments.

Note 5. Investment Contract with Insurance Company

In 1997, the Plan entered into a benefit-responsive investment contract with Transamerica Life Insurance Company (Transamerica). There is no specific portfolio of assets in which the Stable Value Option investment choices invest. Accordingly, the funds held in this investment are commingled with the general account of Transamerica Life Insurance Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in financial statements at contract value as reported by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As described in Note 1, because the investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. This type of investment is fairly valued at contract value.

There is no reserve against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 29, 2011 and December 31, 2010 was \$0 and \$645,686, respectively.

The investment contract is not a guaranteed investment contract because interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for each month. There is no stated minimum or maximum interest rate for the Stable Value Option investment choices and there is no stated maturity. The crediting interest rate is set monthly by Transamerica and effective the first day of the month. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis.

LOGISTICARE SOLUTIONS, LLC 401(k) PLAN

Notes to Financial Statements For the Period Ended December 29, 2011

Note 5. Investment Contract with Insurance Company (Continued)

Certain events limit the Plan's ability to transact at contract value with Transamerica. Such events include the following: (a) amendments to the plan documents (including complete and partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, or (e) significant decline in creditworthiness of Transamerica.

The Company voted to discontinue the Stable Value Fund effective September 1, 2011. In accordance with the contract, the Company is responsible for the discontinuance value of the stable value fund. There was no loss in contract value at December 29, 2011.

	2011	2010
<u>Average yields:</u>		
Based on actual earnings	2.45%	2.73%
Based on interest rate credited to participants	2.45%	2.73%

Note 6. Related Party Transactions

Certain plan investments are shares of mutual funds and equity funds managed by Transamerica Life Insurance Company. Transamerica Retirement Services, a marketing unit of Transamerica Life Insurance Company, is the third party administrator as defined by the plan and, therefore, these transactions qualify as party-in interest transactions as defined by the Department of Labor. Fees paid by the Plan for the investment management services amounted to \$24,688 for the period ended December 29, 2011.

Note 7. Tax Status

The Plan operates under the prototype standardized profit sharing plan provisions established by Transamerica Life Insurance & Annuity Company. The Internal Revenue Service (IRS) has issued a determination letter dated October 9, 2001 accepting the form of the prototype plan. The IRS considers employers who adopt and adhere to the terms and provisions of the prototype plan as meeting the requirements for qualifications in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. However, the Plan's trustees and the Company's management believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

LOGISTICARE SOLUTIONS, LLC 401(k) PLAN

Notes to Financial Statements For the Period Ended December 29, 2011

Note 8. Plan Termination

The Plan is required by Federal tax law to offer substantially similar benefits as the plan operated by the Company's parent Providence Service Corporation. To satisfy that provision of Federal tax law, on December 29, 2011 the Plan Administrator was instructed to transfer all investments to ADP Retirement Services, the third party administrator for the Providence Service Corporation Retirement Savings Plan. As of the date of the transfer, all participants became 100% vested in their employer matching contributions. All participants in the Plan became participants in the Providence Service Corporation Retirement Savings Plan.

As disclosed in Note 1 "Basis of Accounting", the liquidation basis of accounting was applied from the date of the termination decision (March 31, 2011) thru the date of the transfer of assets, December 29, 2011. The application of the liquidation of basis of accounting resulted in no change in value of the plan assets because all of the assets were carried at fair market value at the decision date.

Note 9. Risk and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Corrective Distributions

In order to satisfy the nondiscrimination provisions of the plan, excess contributions of \$74,520 for 2011 and \$81,314 for 2010 were returned to active participants as corrective distributions subsequent to year-end. During the year 2011 \$3,909 in corrective distributions were returned directly to participants and \$70,611 was transferred to The Providence Service Corporation Savings Plan and then returned to the participants. As a result, the corrective distributions are reported on the Statement of Changes in Net Assets as corrective distributions and also a reduction of the employee contributions. The corrective distributions for 2010 are included in the Plan's Statement of Net Assets Available for Benefits as excess contributions payable in the amount of \$81,314.
