INDEPENDENT AUDITORS' REPORT

July 28, 2012

To the Administrative Committee of the
J.P. Express Service 401(K) Plan
Deer Park, New York

We were engaged to audit the financial statements of the J.P. Express Service 401(K) Plan as of December 31, 2011 and 2010 for the years then ended and the supplemental schedules as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7 and the attached supplemental schedule, which was certified by Frontier Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010 that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(K) Plan
Notes to Financial Statements
For the Years Ended December 31, 2011 and 2010
(See Independent Auditors' Report)

1. Description of Plan

The following description of the J.P. Express Service 401(K) Plan ("the Plan") provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

J.P. Express Service Inc. (the "Company") established the Plan to provide employees with a systematic means of savings and investing for their retirement. The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Assets of the Plan are directed to participant accounts based on specific contributions made by each participant. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participant account and any earnings thereon.

b. Contributions

Participants may contribute from 1% to 100% of their base pay by means of payroll deductions, subject to certain discrimination tests prescribed by the Internal Revenue Code and other limitations specified in the Plan. Participants' elective deferrals in any taxable year may not exceed a dollar limit set by federal tax laws. The limit for both 2011 and 2010 was $16,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The catch-up contribution limit for both 2011 and 2010 was $5,500.

Participants may also elect to roll funds saved from other qualified defined contribution plans (excluding roth IRAs) into the Plan.

The Company may make matching contributions to the Plan equal to a percentage of a participant's elective deferrals which the Company will determine each year. Matching contributions will not be made with respect to participant contributions in excess of 6% of their annual compensation. For the years ended December 31, 2011 and 2010 the Company matched 25% of participants' elective deferrals up to 6% of annual compensation.

c. Limits on Contributions

The total contribution by the Company to all defined contribution plans, including ESOPs, profit-sharing and 401(k) plans on behalf of any Plan participant, is limited by Internal Revenue Code Section 415 to the lesser of 100 percent of a participant's compensation or $49,000 (this limit is for 2011 and is adjusted annually for cost of living). The Section 415 limitation does not consider any catch-up contribution the participant may be eligible for.

1. Continued

   d. Participant Accounts
   Each participant's account is credited with the participant's contributions, allocations of the Company's contribution, and Plan investment earnings (losses), and may be charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

   e. Investment Options
   Upon enrollment in the Plan, participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-two mutual funds as investment options for participants.

   f. Vesting
   Participants are immediately vested in their accounts attributable to salary deferrals and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in their employer's contribution account after five years of continuous credited service.

   g. Participant Loans
   Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal at the time the loan is taken. Principal and interest is paid ratably through payroll deductions. A participant will be permitted to have only one loan outstanding at any time.

   h. Payment of Benefits
   On termination of service due to death, disability, or retirement, a participant or his/her beneficiary, if applicable, may elect to receive either a lump-sum amount equal to the fair value of the participant's vested interest in his or her account or in monthly, quarterly, or annual installments over a period of not more than the assumed life expectancy of the participant or his/her beneficiary. Accounts with less than $1,000 may only be distributed to the participant in a lump-sum payment. For termination of service for other reasons, a participant becomes eligible to receive the current value of his/her vested account in a lump-sum.

2. Summary of Accounting Policies

   a. Basis of Accounting
   The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except for benefit payments to participants which are recorded when paid.

2. Continued

b. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participants' loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as it is earned and dividends are recorded when paid.

The Plan adopted Accounting Standards Codification Topic No. 820 "Fair Value Measurements and Disclosures" ("ASC 820"). ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the inputs used to measure fair value, and enhances disclosure requirements for fair value measurements. ASC 820 maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. The Standard describes three levels of inputs used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities. Level 1 assets and liabilities include debt and equity securities that are traded in an active exchange market, as well as U.S. Treasury securities. At December 31, 2011, the Plan's investments consisted of mutual funds and equity securities all of which were comprised of level 1 observable inputs.

Level 2: Observable inputs other than level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets and liabilities include debt securities with quoted market prices that are traded less frequently than exchange-traded instruments. This category generally includes certain U.S. Government and agency mortgage-backed securities, and corporate-debt securities. At December 31, 2011, the Plan did not have any investments or other financial instruments whose fair value was determined using level 2 observable inputs.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation. This category generally includes certain private debt and equity instruments and alternative investments. At December 31, 2011, the Plan did not have any investments or other financial instruments whose fair value was determined using level 3 unobservable inputs.

2. Continued

b. Investment Valuation and Income Recognition - Continued

Certain fees charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately stated. Consequently, these fees are reflected as a reduction of net appreciation in fair value of investments.

The change in net unrealized appreciation of investments held from the beginning of the Plan year to the end of the Plan year is included with realized gains as net investment income reported in the accompanying statements of changes in net assets available for benefits.

c. Contributions

Contributions from employees are recorded in the period in which the Company makes the payroll deductions from participant earnings.

d. Distributions

Distributions are recorded when paid. At December 31, 2011 and 2010, there were no benefits processed and approved for payment, but not paid.

e. Operating Expenses

All reasonable expenses of administration may be paid from the assets of the Plan. Such expense may be allocated among all Plan participants or charged to the individual account for which the expense relates. The Company may, in its discretion, pay any or all of these expenses.

f. Date of Management's Review

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 28, 2012, the date the financial statements were available to be issued.

g. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008 in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter. Plan

3. Continued

management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. Management of the Plan does not believe that there are any uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2007.

4. Investments

The Plan's investments are held in trust and administered by the custodian. All investment information presented in the accompanying financial statements and supplemental schedules, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian.

The following represents the fair value of investments that comprise 5 percent or more of the Plan's net assets at December 31, 2011 and 2010:

	2011	2010
Black Rock Global Allocation Fund Inc.	$ 505,575	$ 446,023

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Notice to Plan participants must be given at least 60 days before the proposed date of termination. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. In the event of Plan termination, participants would become 100% vested in their employer's contributions.

6. Reconciliation of Financial Statements to Schedule H of Form 5500

7. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian:

	2011	2010
Investments, at fair value:		
Fixed Income		
Cash Equivalents	$ 380,451	$ 281,971
Equities		
Mutual Funds	1,864,727	1,805,198
Other Assets		
Mutual Funds - Other	41,840	69,439
Total investments, at fair value	$ 2,287,018	$ 2,156,608
Investment (Loss) Income	$ (119,644)	$ 289,484

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Concentration of Credit Risk

The Plan has investments in marketable securities that are held at a brokerage institution. Investments held at the brokerage institution are insured by the SIPC up to $500,000, for each individual's account, in the event of default, but not for market fluctuations.

Management does not believe that it is exposed to any significant credit risk on uninsured amounts.
