NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Note 1 - Description of plan

The following brief description of The Flesh Company 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have two months of service and are age 20 or older. Participation in the Plan for purposes of Nonelective Employer Contributions and Employer Matching Contributions requires six months of service. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

In the past, each year, the Company contributed to the Plan an amount equal to the amount the employee contributes to the Plan on the first 5 percent of compensation. Amounts contributed by employees in excess of 5 percent were not matched by the Company. Effective March 5, 2009, the Plan was amended to remove the provision for non-discretionary matching employer contributions and to add the provision for discretionary matching employer contributions. The Company did not make discretionary matching contributions during the period of March 5, 2009 through December 31, 2010. Discretionary matching employer contributions were reinstated effective January 1, 2011. The discretionary matching contribution rate for calendar year 2011 was 20% of the first 5% of employee compensation.

Participants may contribute a percentage or flat dollar amount of their eligible compensation into the Plan. These amounts are subject to an annual limit as adjusted by the Secretary of Treasury. Effective February 3, 2009, the Plan was amended to adopt the provision of Automatic Enrollment Contributions of the Pension Protection Act of 2006 for all new employees. For participants subject to automatic enrollment, the Company will automatically deduct 5% from their pay as a deferral contribution. Participants also may contribute amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of their contribution into various investment options offered by the Plan.

Effective May 1, 2010, the Plan was amended to adopt the provision of Roth 401(k) contributions, these contributions are includable in the Participant's gross income at the time deferred. The Plan will not accept rollovers of after-tax employee contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions, (b) Plan earnings and (c) forfeitures of terminated participants' nonvested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant contributions, earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their retirement accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates ranging from 5.25% to 10.25%, which are commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump sum or in substantially equal amounts over a period of time amount equal to the value of the participant's vested interest in his or her account. However, there are special provisions for account balances of \$5,000 or less. Participants also may qualify for withdrawals while they are still an employee if certain conditions are met.

Forfeited Accounts

Upon termination of employment, participants forfeit their nonvested balances. At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$1,196 and \$22,626, respectively. These balances will be used to pay administrative expenses or will be used to reduce employer matching contributions. Any remaining amounts will be allocated to the accounts of eligible participants in the same manner as provided for non-elective employer contributions. In 2011 and 2010, forfeitures of \$10,175 and \$12,600, respectively, were used to reduce administrative expenses. In 2011 and 2010, forfeitures of \$22,088 and \$0, respectively, were used to reduce employer contributions.

Party-in-Interest Transactions

Certain plan assets are invested in investment funds managed by Charles Schwab Bank. Charles Schwab Bank is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of significant accounting policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The plan sponsor pays certain administrative expenses on behalf of the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2012, the date the financial statements were available to be issued.

Note 3 - Investments

The following table presents investments that represent 5% or more of the Plan's net assets.

Note 3 - Investments (continued)

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$74,123 as follows:

Mutual funds	\$ 120,789
Common collective trusts	<u>(46,666)</u>
	<u>\$ 74,123</u>

Note 4 - Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

Common Collective Trusts: Valued at unit values provided by investment managers, which are based on the fair value of the underlying investments.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Note 4 - Fair value measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2011 and 2010:

Assets at Fair Value as of December 31, 2011				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$10,959,860	\$ -	\$ -	\$ 10,959,860
Common collective trusts	-	2,477,634	-	2,477,634
Total assets at fair value	<u>\$10,959,860</u>	<u>\$ 2,477,634</u>	<u>\$ -</u>	<u>\$ 13,437,494</u>

Assets at Fair Value as of December 31, 2010

Note 5 - Information certified by the Plan's trustee (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company and Charles Schwab Bank, the trustees of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, Note 3, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2011; the related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2011.

Note 6 - Plan termination

The Company has reserved the right to terminate the Plan or to reduce or cease contributions at the discretion of the board of directors or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

THE FLESH COMPANY 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Note 7 - Federal income taxes

The Company adopted a prototype standardized profit sharing plan with a cash or deferral arrangement that received a favorable opinion letter from the IRS, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. In 2011, the Company identified certain operational omissions with respect to the Plan and submitted a Voluntary Correction Program (VCP) application under the Standardized Voluntary Compliance Resolution (SVCR) program to the IRS. The IRS responded to the VCP on May 4, 2012, by issuing a compliance statement affirming the tax favored status of the Plan contingent upon the correction of the stated administrative procedural omissions. The Plan Administrator has confirmed that all required corrections have been made accordingly.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8 - Risks and uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Concentration of credit risk

As of December 31, 2011, the following investment vehicles individually comprised more than 10 percent of the Plan's net assets available for benefits: Federated Capital Preservation IP, and PIMCO Total Return Institutional.

As of December 31, 2010, the following investment vehicles individually comprised more than 10 percent of the Plan's net assets available for benefits: Fidelity Freedom 2010, Fidelity Freedom 2020, and Fidelity
