INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
Ganz U.S.A., LLC 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Ganz U.S.A., LLC 401(k) Plan as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of assets held (at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified or provided by Great West Life and Annuity Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications the custodian regarding the completeness and accuracy of the information summarized in Note 5 that was provided to the Plan Administrator by the custodian as of and for the years ended December 31, 2011 and 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF THE PLAN

The following is a brief description of the Ganz U.S.A., LLC 401(k) Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code. The Plan is funded by participant contributions and employer contributions, and covers all employees of Ganz U.S.A., LLC and Ganz Enterprises, LLC (collectively "the Company") who have completed six months of service. All eligible employees enter the Plan on the earlier of January 1 or July 1, following satisfaction of the eligibility requirements. The assets of the Plan are maintained in an investment contract held by Great West Life and Annuity Insurance Company (Great West). Broker commissions associated with investment transactions are paid by the Plan and netted against earnings on investments and administrative expenses are paid by the Plan or the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions: Participants may authorize an elective deferred contribution rate up to the maximum annual limitations as provided by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes a discretionary matching contribution. The matching contribution for the years ended December 31, 2011 and 2010 is $0.20 for every $1.00 of the participants' contribution, up to the first 15% of salary contributed by the participant with a maximum of $2,400. Participants direct the investment of their contributions and matching contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, net of investment and administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are 20% vested in employer contributions after two years of service, as defined by the Plan, with a 20% annual increase in each of the next four years.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable from participants range from 1-5 years and may exceed five years for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably over the term of the receivable.

Withdrawals and Distributions*:* Unless a participant elects otherwise, distributions will be made as soon as practicable after a participant's normal retirement date or actual retirement date. The normal retirement date is the date upon which a participant reaches age 59½. The normal form of distribution is a lump sum payment.

Participants may receive their accumulated vested benefits held by the Plan's custodian upon termination of employment or elect to keep their vested balance in the Plan until the earlier of normal retirement age, death or disability if their balance exceeds $1,000. If the participant elects to keep their vested interest in the Plan, the participant's account will continue to receive its share of earnings and losses.

Forfeitures: At December 31, 2011 and 2010, forfeited non-vested accounts totaled $27,858 and $13,899, respectively. Employer matching contributions forfeited by participants are used to reduce future employer matching contributions. Employer matching contributions forfeited during the year ended December 31, 2011 amounted to $12,828 ($6,636 - 2010). Forfeitures were not used to reduce employer contributions during the year ended December 31, 2011. During the year ended December 31, 2010, employer contributions were reduced by $10,428 from forfeited non-vested accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan prepares its financial statements on the accrual basis of accounting and presents the fair value of net assets available for benefits and changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

Recently Issued Accounting Pronouncements: In May 2011, the FASB issued Update 2011-04, "Fair Value Measurement". The Update established common requirements for measuring fair value and for disclosing information about fair value measurements in accordance with U.S. generally accepted accounting principles and International Financial Reporting Standards. The amendments in this Update are to be applied prospectively during annual periods beginning after December 15, 2011. Other than requiring additional disclosures, the adoption of this Update will not have a material impact on the Plan's financial statements.

Accounting Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Contracts with Insurance Company: The Plan currently invests in guaranteed certificate funds with Great West. Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses, which approximates fair market value at December 31, 2011 and 2010. The investment contracts are not considered benefit responsive and therefore are presented at fair value. The average yield and crediting interest rates ranged from 0.15% to 4.05% for 2011 and 2010.

Notes Receivable from Participants: Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Reclassification: Certain balances in 2010 were reclassified to conform with classifications adopted in 2011.

Subsequent Event: These financial statements have not been updated for subsequent events occurring after October 9, 2012 which is the date these financial statements were available to be issued.

NOTE 3. INVESTMENTS

At December 31, 2011 and 2010 the following investments comprised more than 5% of Plan's net assets:

	December 31, 2011	December 31, 2010
Maxim Money Market Portfolio	**$ 1,499,886**	$ 1,247,203
Maxim Moderate Profile II	**$ 1,087,694**	$ 1,188,826
Maxim Loomis Sayles Bond Portfolio	**$ 774,023**	$ 785,402
American Funds Growth Fund of America	**$ 640,227**	$ 639,828
Maxim S&P 500 Index Fund	**$ 562,501**	$ 529,614
Maxim Aggressive Profile II	**$ 464,958***	$ 544,566

* Amounts were less than 5% threshold and were presented for comparative purposes only.

During the year ended December 31, 2011 the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $291,286 (appreciated in value by $1,005,016 - 2010).

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board (FASB) *Accounting Standards Codification* (ASC) 820: *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts: The separate accounts are stated at fair value based on the quoted market prices of the underlying mutual funds. The unit value of the separate accounts is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. Pooled separate accounts are classified as level 2 investments.

Investment contracts with insurance company: Valued at fair value based on reported values, reported daily and available on the websites of the issuing financial institutions. The investment contracts with insurance company are classified as level 2 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

NOTE 5. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2011 and 2010, as well as earnings and investment transactions for the years then ended, have been derived from information provided by Great West Life and Annuity Insurance Company, and have been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements and supplemental schedule of assets held (at end of year) is based solely on their certification and the information relating to investments has not been audited by independent accountants.

	2011	2010
Investments at fair value:		
Pooled separate accounts	**$ 10,281,589**	$ 10,206,889
Investment contracts with insurance company	**$ 65,614**	$ 55,458
Transactions for the year ended:		
Net (depreciation) appreciation in the fair value of investments	**$ (291,186)**	$ 1,005,016
Interest and dividend income	**$ 773**	$ 1,226

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are maintained in shares of pooled separate accounts and investment contracts with insurance company managed by Great West. Great West is the custodian as defined by the Plan. Therefore, earnings and losses on these transactions qualify as party-in-interest. Administrative expenses paid by the Plan for the year ended December 31, 2011 amounted to $3,684 ($2,452 - 2010).

Great West invested a portion of Plan assets in Great West investment products. The losses on these investments amounted to $15,255 for the year ended December 31, 2011 (earnings of $510,862 in 2010). Interest income earned on notes receivable from participants amounted to $12,086 during the year ended December 31, 2011 and qualifies as party-in-interest ($9,183 – 2010).

NOTE 7. INCOME TAXES

The Internal Revenue Service has determined and informed the Company by a letter dated September 18, 2001 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in process. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 9. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2011 and 2010.
