REPORT OF INDEPENDENT AUDITORS

To The Plan Administrator
Gillette Air Conditioning Profit Sharing Plan
San Antonio, Texas

We were engaged to audit the financial statements of the Gillette Air Conditioning Profit Sharing Plan as of December 31, 2011, and for the year then ended and the supplemental schedules as of December 31, 2011, as listed in the table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Sponsor instructed us not to perform, and we did not perform, any auditing procedures with respect to the net assets held for investment, which were certified by John Hancock Life Insurance Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Sponsor that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Sponsor has obtained a certification from the Trustee as of and for the year ended December 31, 2011, that the information provided by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the investment information certified by the Trustee, have been audited by us in accordance with U. S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have compiled the accompanying statement of net assets available for benefits of Gillette Air Conditioning Plan as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year then ended in accordance with *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits as of December 31, 2010 and, accordingly, do not express an opinion or any other form of assurance on it.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the Gillette Air Conditioning Profit Sharing Plan (the "Plan") are maintained on the accrual basis.

Recognition of Income: The basis of investments held by the Plan are adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Cash: Cash in bank checking accounts, money market accounts, and certificates of deposit are considered to be cash equivalents.

Investments: Investments in mutual funds are carried at the current market value (net asset value), as determined by quoted prices of comparable assets in an active market. Net appreciation (depreciation) in the fair market value of investments is reflected in the statement of changes in net assets available for plan benefits. Dividends are considered in the fair market value determination.

Payment of Benefits: Benefits are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to mutual funds is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the report of the independent auditors. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: The Plan is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE B - DESCRIPTION OF PLAN

The following description of the Gillette Air Conditioning Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor who are age twenty-one or older and have one year of service.

NOTE B - DESCRIPTION OF PLAN - continued

Contributions: Each year participants may elect to contribute up to 100% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may elect to contribute a matching contribution, the amount of which is determined by the Board of Directors and allocated based on each participant's contributions. Participants also direct the investment of any matching contribution received.

Employer Prevailing Wage Contributions: Employer prevailing wage contributions are at an hourly rate prescribed for fringe benefits pursuant to each Federal, State, County, or Publicly funded contract entered into by the Company.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Employer Prevailing Wage Contributions and (c) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and employer prevailing wage contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts, plus actual earnings thereon is based on years of service following the Department of Labor guidelines.

Payment of Benefits: On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time detailed in the Plan.

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE C – INVESTMENTS (Unaudited)

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows at December 31, 2011:

Lifestyle Balanced	$ 180,811
Money Market	532,957
Capital Appreciation Fund	161,863
Legg Mason Aggressive Growth	161,841
Columbia Value & Restructuring	129,889

NOTE D - INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(k) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving its determination letter. However, the Plan Administrator believes that the Plan is appropriately designed and is currently being operated in compliance with applicable requirements of the IRC.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE E - FAIR VALUE MEASUREMENTS

U. S. generally accepted accounting principles (GAAP) has established a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs are inputs that reflect assumptions of what market participants would use in pricing the asset or liability based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of the inputs, as follows:

Level 1: Quoted prices are available in active markets for identical assets or liabilities;
Level 2: Quoted prices in active markets for similar assets and liabilities that are observable for the asset or liability; or
Level 3: Unobservable pricing inputs that are generally less observable from objective sources, such as discounted cash flow models or valuations.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2011. The following is a description of the valuation methodologies used for assets measured at fair value:

Common stocks, corporate bonds and U.S. government securities: Valued at the closing prices reported on the active market which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of comparable funds traded on the open market.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENTS - continued

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2011:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total

NOTE F - TRANSACTIONS WITH PARTIES - IN - INTEREST

Certain administrative fees for 2011 and 2010 have been paid for by the Plan Sponsor and are not included in the Plan's statement of changes in net assets available for benefits.

NOTE G – BONDING REQUIREMENTS

At January 1, 2011, the Plan's fidelity bond was $75,000, but the minimum amount required by ERISA was $300,000. In 2012, the fidelity bond was increased to $250,000.
