INDEPENDENT AUDITORS' REPORT

Plan Administrator
Golden Peanut Pension Plan
Alpharetta, GA

We were engaged to audit the accompanying statements of net assets available for benefits of Golden Peanut Pension Plan (the Plan) as of December 31, 2011 and 2010 and the related statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010 and the supplemental Schedule H, Line 4j - Schedule of Reportable Transactions as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2011 and 2010, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GOLDEN PEANUT PENSION PLAN

Notes to Financial Statements

December 31, 2011 and 2010

Note 1 - Description of plan:

The following description of the Golden Peanut Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is Golden Peanut Company, LLC (the Company). The Plan is a defined benefit pension plan covering all eligible employees of the Company. Eligible employees are hourly and salaried employees age 21 or older that are either full-time or part-time benefits eligible, as defined in the Plan document, who have completed 1,000 hours of service in a consecutive 12-month period. Participation begins automatically for eligible employees after meeting the eligibility requirements.

The Company has the responsibility of administering the Plan, and thus is responsible for supervising and directing the administrative activities of the Plan, including investment of Plan assets. Assets of the Plan are held by Wells Fargo Bank, N.A. (Wells Fargo or the Trustee). The Trustee maintains all investment records and executes investment transactions for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company was owned 50/50 by Alimenta (USA) Inc. (Alimenta) and Archer-Daniels-Midland Company (ADM). Effective December 31, 2010, ADM acquired Alimenta and, as a result of the transaction, now owns 100% of the Company.

Pension benefits

Salaried employees with at least 30 years of credited service receive a retirement income for life commencing at age 65 of 50% of final average compensation, as defined by the Plan, less 50% of the Primary Social Security benefit. Benefits are reduced on a pro rata basis for salaried plan participants with fewer than 30 years of credited service. Hourly employees receive a retirement income for life commencing at age 65 of \$11 per month times years of credited service subject to a minimum monthly pension of \$36. Reduced monthly benefits are available to hourly plan participants who elect early retirement from active employment on or after age 55. In some cases, unreduced monthly early retirement benefits are available.

Note 1 - Description of plan - continued:

Pension benefits - continued

The normal form of retirement income payment for single participants is a monthly annuity payable for the life of the participant. The normal form of retirement income payment for married participants is a monthly joint and survivor annuity payable for the life of the participant or spouse. Other forms of payment including lump sum payments, subject to spousal consent, can be elected. The spouse of a participant who is receiving a monthly joint and survivor annuity continues to receive 50% of the participant's normal form of pension upon his or her death.

Death and disability benefits

The spouse of an employee who dies in service (or while accruing pension credits on disability), after completion of at least five years of service or after attainment of age 55, receives 50% of the employee's accrued retirement income. This benefit is payable on a reduced basis at the employee's earliest retirement age. Participants who become disabled after completion of five years of service continue to accrue credited service while disabled. These participants may retire under the terms of the Plan upon becoming eligible to do so.

Vesting

Employees who terminate after completion of five years of service or after attainment of age 55 are fully vested and eligible to receive a retirement income at the normal retirement date. Reduced benefits are available as early as age 55.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Upon such termination of the Plan, the funds held by the Trustee must be used to benefit the plan participants and their beneficiaries and/or to pay expenses of final liquidation or termination. None of the funds may be withdrawn by the Company unless all pension rights under the Plan have been fully paid.

December 31, 2011 and 2010

Note 1 - Description of plan - continued:

Plan termination - continued

Plan benefits are insured by the Pension Benefit Guaranty Corporation (PBGC). Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disability and survivor benefits. The PBGC does not guarantee all types of benefits under covered plans, and the amounts of benefit protection are subject to certain limits.

In the event of Plan termination participant benefits will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC. Some benefits may be fully or partially provided from the existing assets and the PBGC, while other benefits may not be provided for at all.

Effective December 31, 2011, the Plan ceased operations and all participants became participants of the ADM Pension Plan. At that time, all Plan assets were transferred to the ADM Pension Plan. Receivables for funding of the 2011 Plan year totaled \$1,085,218 and were paid into the ADM Pension Plan in 2012, therefore this amount is not recorded in the statement of net assets for the Golden Peanut Pension Plan.

Note 2 - Summary of significant accounting policies:

Basis of presentation

The Plan has adopted the Financial Accounting Standards Board (FASB) Codification (Codification). The Codification is the single source of authoritative generally accepted accounting principles in the United States (U.S. GAAP) recognized by the FASB to be applied by nongovernmental entities. All of the Codification's content carries the same level of authority.

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. GAAP.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition

The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodology used at December 31, 2011 and 2010. The following is a description of the valuation methodology used for assets measured at fair value:

- Units of participation of the common collective trust funds are valued by the fund's trustee based on the fair value of the underlying assets of the fund at year end.

Notes to Financial Statements - Continued

December 31, 2011 and 2010

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value by class within major categorization for debt and equity securities on the basis of nature and risk of the investments as of December 31, 2010:

Assets at Fair Value as of December 31, 2010

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investment in mutual funds:				
Fixed income funds	\$ -	\$ 6,052,142	\$ -	\$ 6,052,142
Equity funds	-	6,828,180	-	6,828,180
Growth funds	-	4,761,817	-	4,761,817
Value funds	-	4,082,283	-	4,082,283
Total investments, at fair value	<u>\$ -</u>	<u>\$ 21,724,422</u>	<u>\$ -</u>	<u>\$ 21,724,422</u>

There were no significant transfers between Level 1 and Level 2 investments, or into or out of Level 3 investments during the years ended December 31, 2011 and 2010.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

December 31, 2011 and 2010

Note 2 - Summary of significant accounting policies - continued:

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Certain administrative expenses of the Plan are paid directly by the Company and from Plan assets through contributions by the Company. During the years ended December 31, 2011 and 2010, the Plan paid \$190,690 and \$290,830, respectively, in administrative expenses related to the Plan.

Risks and uncertainties

The Plan invests in mutual funds. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Notes to Financial Statements - Continued

December 31, 2011 and 2010

Note 2 - Summary of significant accounting policies - continued:

New accounting pronouncements

In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures*, (ASU No. 2010-06) which amended ASC Topic 820, *Fair Value Measurements and Disclosures*, by requiring disclosure of significant transfers between Levels 1 and 2 and transfers into and out of Level 3 of the fair value hierarchy and the reasons for those transfers. In addition, ASU No. 2010-06 amends the reconciliation of the beginning and ending balances of Level 3 recurring fair value measurements to present information about purchases, sales, issuances, and settlements on a gross basis rather than as a net number. Finally, ASU No. 2010-06 requires fair value disclosures for each class of assets and liabilities and changes the guidance for employers' disclosure about pension and other postretirement benefit plan assets to require that they be made for classes of assets instead of major categories. ASU No. 2010-06 was effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which is effective for fiscal years beginning after December 15, 2010. The Plan adopted the required provisions of ASU No. 2010-06 on January 1, 2010. The adoption of ASU No. 2010-06 did not have a material impact on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through October 1, 2012, which is the date these financial statements were available to be issued. All subsequent events requiring recognition as of December 31, 2011 have been incorporated into these financial statements.

Note 3 - Funding policy:

The Company has voluntarily agreed to make contributions to the Plan sufficient to provide the Plan with assets with which to pay pension benefits to Plan participants. All contributions are made by the Company. The appropriate amount to be contributed each fiscal year is determined by the Company based on the actuary's report. The Traditional Unit Credit Method was used. The Company has met the minimum funding requirements of ERISA for the years ended December 31, 2011 and 2010.

Note 4 - Investments and information certified by the trustee:

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2011 and 2010, and net (depreciation) appreciation in the fair value of the common collective trust funds and interest and dividends for the years ended December 31, 2011 and 2010, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The following is a summary of investments, at fair value, that represent 5% or more of the Plan's net assets at December 31, 2010:

Description of Funds

Common collective trust funds:

Intermediate Government/Credit Index Bond Fund, 177,089 units	\$	3,949,074
Bond Index Fund, 56,190 units	\$	1,833,465
International Equity Index Fund, 225,209 units	\$	3,035,819
Large Cap Growth Index Fund, 519,849 units	\$	4,761,817
Large Cap Value Index Fund, 330,282 units	\$	4,082,283
Russell 2000 Index Fund, 226,816 units	\$	3,792,361

The Plan's investments in the mutual funds (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated in value by \$(46,818) and \$2,439,770 during 2011 and 2010, respectively.

Note 5 - Related party transactions:

Certain Plan investments are funds administered by Wells Fargo. Wells Fargo is the Trustee as defined by the Plan. Certain actuarial services are provided by Bryan, Pendleton, Swats & McAllister, LLC (BPS&M), which is a Wells Fargo company. Per the Department of Labor, these transactions are considered to be exempt party-in-interest transactions. However, in accordance with U.S. GAAP, these transactions are being disclosed. Fees expensed by the Plan to Wells Fargo amounted to \$145,579 and \$97,932 for the years ended December 31, 2011 and 2010, respectively. Fees expensed by the Plan to BPS&M amounted to \$131,129 for the year ended December 31, 2010. During 2011, the Company began paying the fees to BPS&M directly. These fees are included in administrative expenses on the statements of changes in net assets available for benefits.

Note 6 - Actuarial present value of accumulated plan benefits:

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, and (2) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits of the Plan as of January 1, 2011 and 2010 is as follows:

	<u>2011</u>	<u>2010</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving payments	\$ 4,010,280	\$ 3,482,848

70+	100%	100%

Note 7 - Income tax status:

A favorable determination letter for the Plan was received from the Internal Revenue Service (IRS) on March 16, 2010, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator and the Plan's tax counsel believe that the Plan continues to operate in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements - Continued

December 31, 2011 and 2010

Note 7 - Income tax status - continued:

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is not longer subject to income tax examinations for years prior to 2008.

Note 8 - Reconciliation to Form 5500:

The following schedule reconciles the net assets available for benefits disclosed in these financial statements as of December 31, 2010 to Form 5500:

Covered Employees

Effective Date:

Originally established as of July 1, 1947, as the Cotton Producers Association Plan, amended as of July 1, 1970, into the Supplemental and Basic Plans, and merged as of January 1, 1976, into the Retirement Income Plan for Salaried Employees of Gold Kist and Cotton States and the Pension Plan for Hourly Employees of Gold Kist; amended effective January 1, 1981; amended and restated as of January 1, 1985, as the Gold Kist Inc. Retirement Income Plan for Salaried Employees and the Gold Kist Inc. Pension Plan for Hourly Employees; amended and restated as of January 1, 1989; amended as of January 1, 1992, January 1, 1994, October 1, 1996; amended and restated as of January 1, 1997; amended as of May 18, 1998; amended and restated effective January 1, 2000, the Gold Kist Inc. Retirement Income Plan for Salaried Employees and the Gold Kist Inc. Pension Plan for Hourly Employees were merged to form the Gold Kist Pension Plan. Effective May 1, 2003, the Golden Peanut Pension Plan was spun-off. Employees of Golden Peanut who meet the eligibility requirements can participate. The plan was most recently restated effective January 1, 2008.

Eligibility:

All full-time and part-time benefits eligible employees upon completion of one year of service and attainment of age 21, or part-time not benefits eligible employees who worked 1000 hours or more in a 12-month period and attain age 21.

Credited Service:

Each year of service with proportionate allowance for fractional years after meeting the eligibility requirements above. Salaried employees are given credit from hire date retroactively upon becoming eligible.

Earnings:

Gross annual income including W-2 compensation, employee contributions to a 401(k) plan, and salary reductions pursuant to a cafeteria plan, but excluding severance compensation, distributions from a nonqualified deferred compensation plan, and earnings in excess of \$200,000 adjusted for cost of living factor. Under EGTRRA earnings in prior years are also limited to \$200,000.

Final-Average Earnings:

The average of the highest five years of Earnings out of the last ten years before retirement or other termination of employment.

Primary Social Security Benefit:

Estimated benefit payable from the Social Security Administration at the Participant's age 65, or termination age if later.

Schedule SB, Part V – Summary of Plan Provisions
Golden Peanut Pension Plan

Basis of Valuation

Amount of Normal Retirement Income:

Salaried Employees:

Employees with at least 30 years of Credited Service receive a retirement income for life commencing at age 65 of 50% of Final-Average Earnings less 50% of Primary Social Security benefit. Benefits are reduced on a pro rata basis for fewer than 30 years of Credited Service. The minimum monthly pension is \$15.00 for each year of Credited Service. If an employee's age plus 90-point service totals 90 or more, the 50% of Primary Social Security benefit offset above is reduced if the employee is below age 63.

Hourly Employees:

Monthly retirement income for life commencing at age 65 of \$11.00 times years of Credited Service. The minimum monthly pension is \$36.00.

Early Retirement Benefits:

Benefits may commence at age 55 with the Amount of Normal Retirement Income based on Final-Average Earnings (for Salaried Employees) and Credited Service to the time of early retirement and reduced for each year that retirement precedes age 65. This reduction is 5% annually for Salaried Employees and 4% annually for Hourly Employees. If an employee's age plus 90-point service totals 90 or more, the annual reduction for each year that retirement precedes age 65 is not applicable.

Preretirement Spouse's Income Benefits:

The spouse of an employee who dies in service (or while accruing pension credits on disability) receives 50% of the employee's Monthly Amount of Normal Retirement Income based on his Final-Average Earnings and Credited Service to the time of death. To be eligible for benefits, the death must occur after completion of at least five years of service or after attainment of age 55.

Postretirement Spouse's Income Benefits:

The spouse of an employee who is receiving a retirement income continues to receive 50% of the employee's Normal Form pension upon his death.

Disability Benefits:

Participants who become disabled (such that they qualify for Social Security disability) after five years of service continue to accrue Credited Service while disabled. These participants may retire under the terms of the Plan upon becoming eligible to do so.

Benefits Upon Termination of Continuous Employment:

Employees who terminate after five years of service or after attaining age 55 receive the Amount of Normal Retirement Income accrued to date of termination of employment. The benefit commences on the later of date of termination or age 55. The benefit is reduced actuarially from age 65 if less than 55 at date of termination or reduced 5% for Salaried Employees and 4% for Hourly Employees per year from age 65 if 55 or older at date of termination.

Schedule SB, Part V – Summary of Plan Provisions
Golden Peanut Pension Plan

Basis of Valuation

Employee Contributions:

None, the Company pays the entire cost.

Special Situations:

Golden Peanut Company ("Golden Peanut") is jointly owned by Archer-Daniels-Midland Company ("ADM") and Alimenta.

Each participant who transferred employment from ADM and for whom liabilities and assets are transferred from the ADM plan to the Golden Peanut plan will be treated as though he had been employed by Golden Peanut in determining Continuous Employment and Credited Service under this Plan for participation, vesting, and benefit accrual purposes. The benefit will not be less than the sum of the frozen ADM benefit plus a Golden Peanut benefit as calculated using the method in effect prior to the transfer of pension assets and obligations from the ADM plans.

Participants who transferred employment from ADM prior to January 1, 2006, and for whom liabilities and assets are not transferred from the ADM plan will be treated the same as above for service purposes. However, the accrued benefit will be reduced to reflect the benefit payable from the ADM plan.

Participants who transferred employment from ADM on or after January 1, 2006, and for whom liabilities and assets are not transferred from the ADM plan will receive vesting service only for the period of employment with ADM. The participant will be treated as a new employee as of the transfer date for all other purposes under the plan.

Alimenta employees joined the plan as a member company of Golden Peanut. Salaried employees began participating on either April 2, 1989 or July 2, 1989. Hourly employees began participating July 1, 1990, after completing one year of service.

Cargill employees joined the plan as a member company of Golden Peanut. Most Salaried and Hourly employees began participating April 1, 2000; a smaller group began participating on November 1, 2002.

Effective October 1, 2002, a 5% COLA was granted to those participants in payment status for three years. A proportion of the 5% COLA was granted to those retired less than three years based upon the length of time they had been retired.

Forms of Payment:

Normal Form: Annuity payable for life for unmarried participants, Joint and Survivor Annuity with 50% continued to the beneficiary for married participants.

Optional Forms: Joint and Survivor Annuity with 75% continued to the beneficiary; Life Annuity with 120 monthly payments guaranteed, or one time Lump Sum payment

Social Security benefits are assumed to increase in the future based on increases in the national average wage index of 4.50% per year and increases in the cost of living of 3.50% per year.

Actuarial Valuation Method

All liabilities and normal costs shown in this report are calculated based on the Traditional Unit Credit method as described in IRC Section 430 and relevant final and proposed regulations. This method is prescribed for funding, PBGC, and SFAS No. 35 calculations.

Under the Traditional Unit Credit method, the liability is the present value of all benefits that have been accrued or earned under the plan as of the first day of the plan year. The normal cost is the present value of all benefits that are expected to accrue or be earned during the plan year, including any expected increase in compensation during the year.

Asset Valuation Method

The actuarial value of assets is equal to the average of the market value of assets as of the valuation date and the adjusted market value of assets for the prior two years. The adjusted market value of assets as of a prior determination date is the market value of assets as of that date adjusted for contributions, benefit payments, expenses, and expected earnings for periods after the determination date but prior to the current valuation date. In no event will the actuarial value of assets be less than 90%, or greater than 110% of the current market value of assets.

Miscellaneous

The interest rates used for funding purposes are based on the rates in effect for the fourth month prior to the beginning of the plan year and do not reflect the optional phase-in of rates used under the prior law.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods
Golden Peanut Pension Plan

Basis of Valuation

The limitations under IRC Sections 401(a)(17) and 415(b) have been taken into account in our calculations.

Any actual or potential limitations under IRC Section 436 have not been taken into account for any purpose.

To the best of our knowledge, all benefits payable from the plan, including retirement-type and ancillary benefits, have been incorporated into our calculations.

No liability is included for participants who terminated without vested benefits prior to the first day of the plan year.

No liability is included for any employees who are not yet participants as of the first day of the plan year.

At-Risk Assumptions

At-Risk liabilities are calculated using the assumptions outlined above, modified to assume that all participants eligible to retire within eleven years of the valuation date will do so at the later of the end of the year and their earliest retirement date under the plan. Upon retirement, all married participants are assumed to elect a 50% joint & survivor annuity; all unmarried participants are assumed to elect an immediate lump sum distribution.

Attachment to 2011 Schedule SB
Schedule SB, Line 24 – Change in Actuarial Assumptions

The following change was made to the actuarial assumptions effective January 1, 2011:

The assumption for administrative expenses was changed from \$300,000 to \$50,000.
This change was made to reflect a change in the employer's practice for paying certain plan expenses from the trust fund.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
