INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Paul Ecke Ranch 401(k) Retirement Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of Paul Ecke Ranch 401(k) Retirement Plan as of December 31, 2011, and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PAUL ECKE RANCH 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 1 – Description of the Plan

The following description of the Paul Ecke Ranch (the Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all full-time employees of the Company who have completed three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to make pre-tax contributions up to 60% of eligible compensation, as defined in the Plan. In addition, participants may elect to make after-tax contributions to the Plan of up to 100% of eligible compensation. Participants may contribute total pre-tax and after-tax contributions to the Plan up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans, as provided in the Plan. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers numerous mutual funds and a common collective trust as investment options for participants. The Company contributes a Safe Harbor matching contribution of 100% of the first 3% of compensation that a participant contributes, pre-tax, to the Plan and 50% of the next 2% of compensation that a participant contributes, pre-tax, to the Plan. Additional amounts may be contributed at the discretion of the Company. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's matching contributions, and allocations of the employer's discretionary contribution and Plan earnings, and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – Description of the Plan (Continued)

Vesting

Participants are fully vested in their voluntary contributions and the Safe Harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions, plus actual earnings thereon, is based on years of continuous service. A participant is vested 20% after two years and is 100% vested after six years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4% to 9.5%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment of a participant, distribution of the participant's vested interest in his or her account balance will be made pursuant to the terms of the distribution methods as outlined in the Plan's provisions.

Withdrawals by participants from their accounts are permitted in accordance with the Plan's provisions.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited nonvested accounts totaled $8,408 and $8,380, respectively. These accounts will be used to pay administrative expenses or to reduce future Company contributions. During the year ended December 31, 2011, administrative expenses of $0 were paid from forfeited nonvested accounts.

NOTE 2 – Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The common collective trust holds investment contracts. The statements of net assets available for benefits present the fair value of the investment contract, as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract-value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and the common/collective trust are stated at fair value based on quoted market prices of the underlying assets as determined by the Plan's trustee, Fidelity Management Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Notes receivable from participants include "deemed distributed loans with post-default payments" of $122,768 and $110,204 as of December 31, 2011 and 2010, respectively. These amounts include accrued interest. There have been no payments received on these loans during the year ended December 31, 2011.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Except for loan origination and maintenance fees associated with notes receivable from participants and withdrawal and loan check delivery fees, all administrative expenses of maintaining the Plan are paid by the Company.

Significant Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 converges the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRSs) Some amendments clarify the application of existing fair value measurement requirements and others change a particular principle for measuring fair value for disclosing fair value measurement information. In addition, ASU 2011-04 requires additional fair value disclosures. ASU 2011-04 is effective for fiscal years beginning after December 15, 2011 which for the Plan will be the year ended December 31, 2012. The Plan is currently evaluating the impact of adoption of ASU 2011-04 on its future financial statements and fair value measurement disclosures.

NOTE 2 – Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2012, the date the financial statements were available to be issued. (See Note 12.)

NOTE 3 – Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2011	2010
Mutual funds		
Fidelity Puritan Fund	$ 998,903	$ 990,454
Fidelity Contrafund	$ 1,910,994	$ 2,005,380
Fidelity Growth & Income Portfolio	$ 884,800	$ 930,149
Fidelity Growth Strategies Fund	$ *	$ 382,235
Common/collective trust		
Fidelity Managed Income Portfolio	$ 1,784,652	$ 1,556,925

* Not applicable, investment amount is below 5%

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by ($118,459) as follows:

Mutual funds	($ 139,653)
Common/collective trust	21,194
	($ 118,459)

NOTE 4 – Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Schedule of assets held at end of year

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

NOTE 5 – Fair Value Measurements (Continued)

- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010. The descriptions and classifications of the investment types as of December 31, 2010 have been revised to conform to the presentation as of December 31, 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common/Collective trust: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. (See Note 6.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Fair Value Measurements at December 31, 2011			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

NOTE 6 – Guaranteed Investment Contract

The Plan has entered into a benefit-responsive guaranteed investment contract with Fidelity. Fidelity maintains the contributions in a common collective trust. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reporting to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6 – Guaranteed Investment Contract (Continued)

There are no reserves against contract value for credit risk of the contract issue or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was $1,784,652 and $1,556,925, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:

	2011	2010
Based on actual earnings	1.20%	1.65%
Based on interest rate credited to participants	1.98%	1.94%

NOTE 7 – Related-Party Transactions

Certain Plan investments are shares of mutual funds and a common/collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan and administers the Plan, therefore, transactions with Fidelity qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to $2,582 for the year ended December 31, 2011.

NOTE 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 – Tax Status

On March 31, 2008, the IRS issued an opinion letter which stated that the volume submitter adopted by the Plan, as then designed, qualifies under applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2008.

NOTE 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2011	December 31, 2010
Net assets available for benefits per the financial statements	$ 7,147,243	$ 7,168,791
Add: adjustment from fair value to contract value for fully benefit-responsive investment contract	44,016	12,659
Net assets available for benefits per the Form 5500	$ 7,191,259	$ 7,181,450

The following is a reconciliation of investment income per the financial statements to the Form 5500 for the year ended December 31, 2011:

	Net Appreciation in Fair Value of Investments	Net Investment Gain Common/Collective Trust
Investment income classification per the financial statements	($ 118,459)	None
Add: adjustment from contract to fair value for fully benefit-responsive investment contracts at December 31, 2011	44,016	
Less: adjustment from contract to fair value for fully benefit-responsive investment contracts at December 31, 2010	(12,659)	
Reclassification	(52,551)	$ 52,551
Investment income classification per the Form 5500	($ 139,653)	$ 52,551

NOTE 12 – Subsequent Events

On October 1, 2012, the Company sold substantially all of its operating assets and liabilities. The Plan participants who are now employees of the new company will be covered by the Safe Harbor plan that the new company is establishing, effective January 1, 2013, and it is anticipated that their account balances will be transferred at that date.
