INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator 4Kids Entertainment, Inc. 401(k) Employee Savings Plan

We have audited the accompanying statements of net assets available for benefits of 4Kids Entertainment, Inc. 401(k) Employee Savings Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011. The financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and 2010, and the changes in net assets available for benefits for the year ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment as of December 31, 2011 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly-stated in all-material respects in relation to the financial statements as a whole.

Notes to Financial Statements December 31, 2011 and 2010

NOTE A - DESCRIPTION OF PLAN

The following description of the 4Kids Entertainment, Inc. 401(k) Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering all eligible employees of 4Kids Entertainment, Inc. (the "Company") and was established on January 1, 1994 as a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In September 2007, the Company adopted a prototype plan sponsored by Fidelity Management & Research Company (see Note D). The Plan is available to employees of the Company and certain affiliates who have met the specified age and service requirements.

[2] Contributions:

Participants may make salary reduction contributions to the Plan through payroll deductions of up to 60% of their annual compensation as defined in the plan document. The Company makes a matching contribution to the Plan in an amount equal to 25% of the first 6% of each participant's voluntary contribution. A participant's total pre-tax contributions and the Company's matching contributions, in any plan year, cannot exceed the limits provided under Section 415 of the Internal Revenue Code (the "Code").

During 2011, certain participants made excess contributions amounting to \$12,845, which included earnings on the excess contributions. The excess contributions were reflected as plan liabilities at December 31, 2011. These were refunded to the respective participants within the required time period in the subsequent plan year. There were \$17,159 in excess contributions in 2010.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are immediately vested in their voluntary contributions plus earnings thereon.

Each participant's interest in the Company-matched portion of his or her account ("Matching Account") is vested based upon years of service with the Company (as defined in the plan document), in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1 or more but less than 2	25%
2 or more but less than 3	50%
3 or more but less than 4	75%
4 or more	100%

Notes to Financial Statements December 31, 2011 and 2010

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[4] Vesting: (continued)

An unvested portion of the Matching Account is forfeited on the earlier of the date a terminated participant receives a distribution or the date on which the participant experiences five consecutive breaks in service as defined in the plan document.

A participant's interest in his or her Matching Account fully vests without regard to the number of years of service when the participant: (i) attains normal retirement age (as defined in the plan document) and retires under the terms of the Plan, (ii) dies, or (iii) becomes totally and permanently disabled. A participant's interest in his or her Matching Account fully vests upon the termination or partial termination of the Plan or upon complete discontinuance of Company contributions.

[5] Forfeitures:

If a participating employee terminates participation for any reason other than the attainment of normal retirement age and retirement, death or disability, that portion of his or her account attributable to Company-matching contributions which has not vested, will be forfeited. Forfeited non-vested accounts are used to reduce future Company contributions. During the year ended December 31, 2011, forfeitures of \$3,845 were used to reduce employer contributions. Forfeited non-vested accounts available at December 31, 2011 and 2010, were \$8,908 and \$3,864, respectively.

[6] Payment of benefits:

Participants are entitled to withdraw all or a portion of their vested account balances upon attainment of age 59-1/2, or any time thereafter. Participants may withdraw vested benefits prior to age 59-1/2 subject to Code penalties and only in the event of extreme economic hardship or termination of employment. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period.

[7] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator, ranging from 4.25% to 8.75%. Principal and interest are paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. A summary of the significant accounting principles and policies used by the Plan is as follows:

[1] Basis of accounting:

The Plan prepares its financial statements on the accrual basis of accounting which recognizes investment income when earned and expenses when incurred.

Notes to Financial Statements December 31, 2011 and 2010

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[2] Investments:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

A portion of the Plan's investments are in a Fidelity Managed Income Portfolio (the "Portfolio"), which is created, managed and maintained by Fidelity Investments. As of December 31, 2011 and 2010, the Plan's interest relative to the underlying assets of the Portfolio was approximately 0.003% and 0.004%, respectively. The Portfolio is invested in fixed-income securities, bond funds, derivative instruments, and wrap contracts. These instruments are intended to maintain a constant net asset value while permitting participant-initiated benefit-responsive withdrawals for certain events. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributed to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The fair value of fully benefit-responsive investment contracts approximates the contract value.

[3] Payment of benefits:

Distributions to participants are recorded when paid.

[4] Plan expenses:

Administrative expenses of the Plan may be paid from the assets of the Plan unless the Company, at its discretion, pays such expenses. Investment expenses incurred by the investment funds are charged to the respective funds.

[5] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[6] Risk and uncertainties:

The Plan has underlying investments that are exposed to various risks, such as interest rate, market, liquidity and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2011 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Notes to Financial Statements December 31, 2011 and 2010

NOTE C - PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan should be terminated or partially terminated, or should Company contributions be permanently discontinued for any reason, all amounts allocated to the account of a plan participant shall be payable to the plan participant in accordance with the provisions of the Plan.

NOTE D - TAX STATUS

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Company which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, that states that the prototype document satisfies the applicable provisions of the Code. As such, the Plan is not required, and thus, has not received a determination letter from the IRS. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE E - INVESTMENTS, FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification, ("ASC") 820, "Fair Value Measurements and Disclosures", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements December 31, 2011 and 2010

NOTE E - INVESTMENTS, FAIR VALUE MEASUREMENTS (CONTINUED)

In January 2010, the FASB issued ASU No. 2010-06, "Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements". FASB ASU No. 2010-06, among other things, requires purchases, sales, issuances, and settlements be presented on a gross basis for Level 3 measurements and is effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. Adoption of FASB ASU No. 2010-06 did not have a significant impact on the Plan's financial statements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common collective trust - Valued at the unit value of the trust. Unit prices of the trust are based on the market value of the underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011			
	Leve	Level 2	Level 3	Total
Investments:				
Mutual funds:				
Large Cap	\$ 266	3,857	\$ 0	\$ 266,857

NOTE F - PARTICIPANT-DIRECTED INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	Decen	nber 31,
Description	2011	2010
Fidelity Freedom 2035 Fund	\$ 1,370,313	\$ 1,641,600
Fidelity Freedom 2040 Fund	1,257,527	1,255,924
Fidelity Freedom 2020 Fund	992,114	1,034,307
Fidelity Freedom 2025 Fund	910,945	974,477
Fidelity Freedom 2010 Fund	389,811	*
Fidelity Freedom 2030 Fund	*	553,579
Fidelity Freedom 2045 Fund	*	466,573

^{*} Less than 5%.

The realized/unrealized appreciation/(depreciation) on investments bought and sold as well as held during the year is as follows for the year ended December 31, 2011:

Mutual funds	\$ (508,239)
Common collective trust	7,371

\$ (500,868)

NOTE G - RELATED PARTY TRANSACTIONS

Certain investments are shares of registered investment companies and a common collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the plan custodian and, therefore, these transactions qualify as party-in-interest transactions.

Notes to Financial Statements December 31, 2011 and 2010

NOTE H - MUTUAL FUND FEES

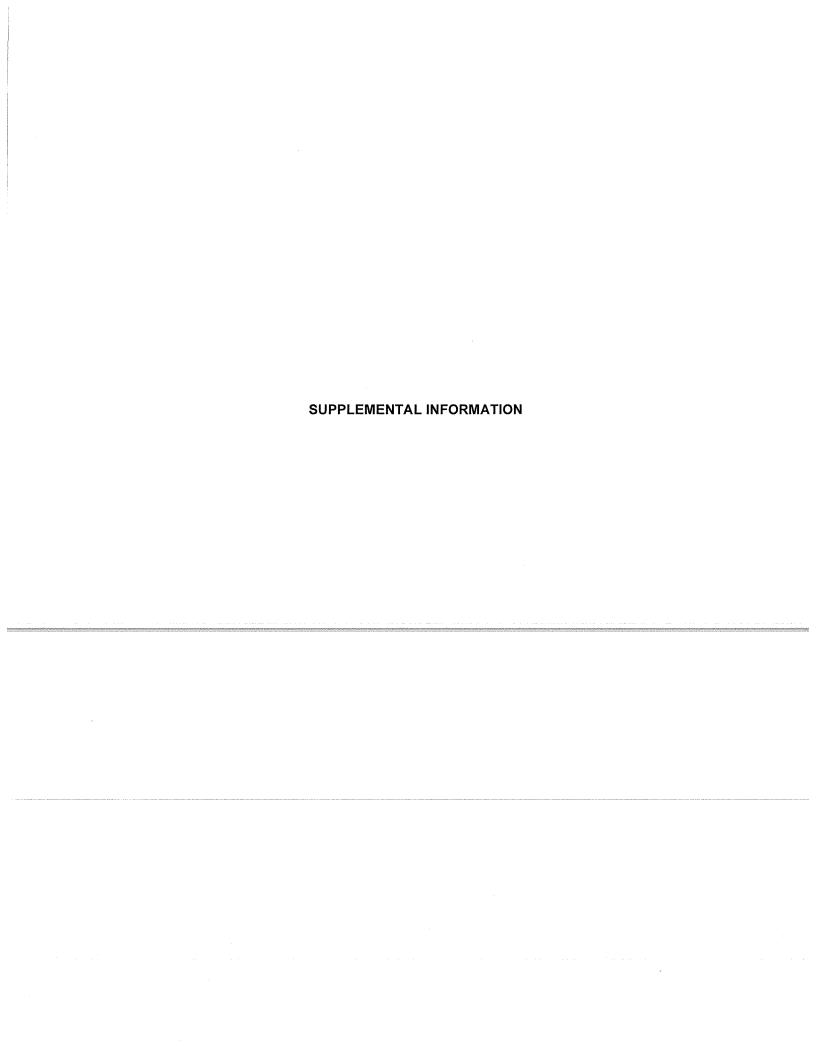

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN SPONSOR BANKRUPTCY

On April 6, 2011, the Company and all of its domestic wholly-owned subsidiaries filed voluntary petitions for relief under Title 11 of Chapter 11 of the United States Code (the "Bankruptcy Code") in the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Court"). The Company will continue to operate itself and its subsidiaries as "debtors-in-possession" under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court. In general, as debtors-in-possession, the Company is authorized under Chapter 11 of the Bankruptcy Code to continue to operate as an ongoing business, but may not engage in transactions outside the ordinary course of business without the prior approval of the Bankruptcy Court. The Company believes the filing will not have an impact on the Plan.

NOTE J - SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events through September 20, 2012, the date on which the financial statements were available to be issued.
