INDEPENDENT AUDITORS' REPORT

To the Trustees
Dunn Tire LLC Savings and Retirement Plan
Buffalo, New York

We were engaged to audit the accompanying statements of net assets available for benefits of Dunn Tire LLC Savings and Retirement Plan (the Plan) as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, Line 4(i) – Schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The John Hancock Life Insurance Company of New York, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the custodian as of and for the years ended December 31, 2011 and 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following summary of Dunn Tire LLC Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution retirement plan covering substantially all employees of Dunn Tire LLC (the Company) who have completed six months of service and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation.

The Plan is administered pursuant to a group annuity contract with John Hancock Life Insurance Company of New York (John Hancock).

Contributions:

Participants may contribute up to 20% of their compensation to the Plan subject to statutory limits. The Company makes matching contributions equal to 25% of a participant's contributions up to 4% of that participant's annual compensation. The Company may also make additional discretionary contributions. No additional discretionary contributions were made during 2011 or 2010.

All eligible employees are automatically enrolled in the Plan, unless otherwise directed by the employee, at a contribution rate of 2% of their compensation. Participants may modify their voluntary deferral percentages at their discretion.

Participant accounts:

Participants' accounts are credited with participant and Company contributions and allocations of Plan earnings, and charged with withdrawals, as applicable, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan.

Vesting:

All participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in Company contributions and earnings thereon over a two-year period.

Forfeitures:

Forfeitures of terminated participants' nonvested accounts are used to reduce future Company contributions. Forfeited amounts reduced Company contributions by $331 and $-0- for the years ended December 31, 2011 and 2010, respectively.

Note 1. Plan Description (Continued)

Benefits:

Upon termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Notes receivable from participants:

Participants may borrow a minimum of $500 per loan up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the vested balance in the participant's account, bear interest at the prime rate plus 1%, and are payable over a maximum term of five years. Principal and interest is paid ratably through payroll deductions. Participants may be granted three loans during any one-year period. Three loans may be outstanding at a time. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over the term of the loan.

Administrative expenses:

Administrative expenses are shared by the Plan and the Company.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition:

Pursuant to the group annuity contract with John Hancock, the Plan offers a series of pooled separate accounts to participants. These pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Certain of the pooled separate accounts have a guaranteed income feature. Accounts with this feature are not fully-benefit responsive. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as taxable distributions based upon the terms of the Plan document.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits:

Benefits to participants are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through October 2, 2012, which is the date the financial statements were available to be issued.

Note 3. Plan Asset Information Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following table presents a summary of the Plan's asset information certified by John Hancock at December 31, 2011 and 2010. Single assets that comprise 5% or more of the Plan's net assets available for benefits at either December 31, 2011 and 2010 are separately identified:

	$ 3,632,925	$ 3,626,752

* Designates a guaranteed income feature

Note 3. Plan Asset Information Certified by the Custodian (Continued)

John Hancock has also certified to the completeness and accuracy of the following financial information for the years ended December 31, 2011 and 2010:

	2011	2010
Net appreciation (depreciation) in the fair value of investments	$ (174,100)	$ 414,105
Interest income on notes receivable from participants	12,395	13,178
	$ (161,705)	$ 427,283

Note 4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e. the "exit price") in an orderly transaction between market participants at the measurement date. Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 – Significant inputs to the valuation model are unobservable.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

Balances in each of the pooled separate accounts are expressed in units, whereas the value of the participants' accounts on any date are determined by multiplying the number of units held by the unit value at the close of that business day. Investments in these pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents estimated fair value based on the value of the underlying investments in the accounts.

Note 4. Fair Value Measurements (Continued)

The preceding method described may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2011 and 2010:

	2011			
	Level 1	**Level 2**	**Level 3**	**Total**

Other	-	39,251	-	39,251
	$ -	$ 3,370,492	$ -	$ 3,370,492

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO THE FINANCIAL STATEMENTS

Note 6. Tax Status

The Plan is exempt from Federal income taxes under Section 401(a) of the Internal Revenue Code (IRC). The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 22, 2003, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Related-Party Transactions

Plan investments consist of units of pooled separate accounts managed by John Hancock. John Hancock is the current custodian as defined by the Plan and, therefore, transactions between the Plan and John Hancock qualify as party-in-interest transactions. Fees paid directly by the Plan to John Hancock amounted to $20,703 and $15,516 for the years ended December 31, 2011 and 2010, respectively.
